Expanded Hunting Opportunities for Coyote, Fox, Rabbit & Squirrel

A Summary of Regulations and Wildlife Management Information
NJFishandWildlife.com
The best hunting spots are often the most difficult to reach. The 2014 Teryx4 Camo doesn’t just have the Realtree® APG™ HD® Camo pattern to blend in with the foliage, its got the legendary 800-class V-Twin power and Fox suspension to reach trails most other Side x Sides can only dream about.
BOW AND ARROW LICENSES

- Youth Bow (ages 10–15) ........................................... FREE
- Resident Bow & Arrow Hunting (16–64 years) .............. $31.50
- Senior Resident Bow & Arrow Hunting (65 years & older) .... $16.50

New Jersey Division of Fish and Wildlife
Our Mission
To protect and manage the state’s fish and wildlife to maximize their long-term biological, recreational and economic value for all New Jerseyans.

Our Goals
• To maintain New Jersey’s rich variety of fish and wildlife species at stable, healthy levels and to protect and enhance the many habitats upon which they depend.
• To educate New Jerseyans on the values and needs of our fish and wildlife and to foster a positive human/wildlife coexistence.
• To maximize the recreational and commercial use of New Jersey’s fish and wildlife for both present and future generations.

Hunting Opportunities Abound with 2013 Game Code

Hunters in the Garden State can look forward to exciting changes beginning this fall. Recent revisions to the Game Code now offer more opportunities to enjoy the sport than ever before.

Extended hunting hours during D-week of the Spring Turkey Season and the use of air guns to harvest squirrel and rabbit are just two of the changes for this season. These and several others were meant to increase participation and enhance the overall hunting experience in New Jersey. By offering hunters more flexibility when it comes to scheduling their recreation time and adding variety to the ways in which they can hunt, more individuals have an opportunity to get outside and enjoy their sport.

D-week turkey hunters can now spend all day outdoors from regular start time to sunset if they choose, or find time to fit in a few hours amidst their busy daytime schedules. This is a significant change not only in New Jersey, but in the entire Northeast where turkey hunting hours have traditionally been confined to the morning. With this limited trial of full-day turkey hunting, New Jersey now joins the majority of states in offering a more progressive and flexible season that can better accommodate the needs of today’s modern family.

In addition, air guns are now a legal means for harvesting squirrel and rabbit. That should be inspiring news for young hunters and an opportunity for more “seasoned” individuals like me, who haven’t picked up a pellet gun in years, to revisit the pleasures of childhood and dust off some old memories.

Besides enhancing the immediate experience, increasing opportunities for Garden State hunters provides benefits further down the road. More individuals participating in the sport spurs the economy through hunting supplies and equipment sales. These sales, in turn, generate additional funding for wildlife conservation through a special federal excise tax earmarked solely for that purpose. This excise tax, known as the Wildlife Restoration Act, provides critical funding for wildlife conservation (for more information on this excise tax visit fws.gov). These federal funds are then collected and appropriated to each state based on license and permit sales, and used to benefit wildlife management programs that will ultimately enhance hunting opportunities. It is a perfect example of conservation efforts coming full circle. Those who use the wildlife resource support it through their sport and receive enhanced opportunities in return. The economics are even more astounding when factoring in how the sporting community increases state revenue and benefits local businesses.

It is through a spirit of conservation and stewardship that I encourage you to take advantage of all that’s new this fall. May the changes make your next hunt a safe and successful one.

Dave Chanda is the Director of the Division of Fish & Wildlife.

Highlights of Regulation Changes

2013–2014 HUNTING AND TRAPPING

Changes to Regulations

Changes to hunting and trapping regulations for the 2013–2014 seasons are extensive and involve these plus other amendments: a reorganization of the deer hunting regulation sets which define season dates and bag limits; an expansion of weaponry and ammunition available for coyote hunting; the ability to take a coyote incidental to spring turkey hunting; the addition of air guns for the taking of squirrel, rabbit and hare. See below more information.

- Air guns are now legal for the taking of rabbit, hare and squirrel. See page 26 for caliber and muzzle velocity requirements. See Small Game Hunting, page 62.
- Hungarian partridge is now legal for harvest if encountered on properties adjacent to semi-wild and commercial shooting preserves where these birds are stocked. See Small Game Hunting, pages 64 and 65.
- Youth hunters may now hunt quail on Youth Upland Bird Hunt Day on the Peaslee and Greenwood Wildlife Management Areas. See Take a Kid Hunting, page 22.
- Opening day of ruffed grouse season in the northern zone is changed to coincide with the opening day of the north zone woodcock season. See Small Game Hunting, page 65.
- Hunting hours during the last two weeks of the spring turkey season are changed from half-day to full-day. This change includes only Hunting Period D and the last Saturday of Hunting Period E. See Small Game Hunting, page 65 and Spring Turkey Season Changes, page 67.
- Fall turkey permit quotas are adjusted for Turkey Hunting Areas 21 and 22. See Fall 2013 Turkey Hunting Regulations, page 67.
- The Conservation ID Number (known as the CID#) is added to the list of identification methods trappers may use to label their trap sets. See Trapping Regulations, page 70.
- The maximum diameter of the cable or wire on snares of the body-gripping type is expanded up to 3/16-inch. See Trapping Regulations, page 70.
- The 8 a.m. starting time is rescinded for waterfowl hunting on opening day of pheasant season except on wildlife management areas stocked with pheasant and quail as listed in the Pheasant and Quail Stamp Areas on page 64 where the 8 a.m. start time remains in effect.
- Hunters may harvest coyotes incidental to spring turkey hunting. See Coyote and Fox, page 62.
- The options of firearms and ammunition for legal coyote and fox hunting is expanded. See Coyote/Fox Season chart, page 62.

Deer Regulation Changes

- Zone 40 (Earle Naval Weapons Station) is incorporated into Zone 39. See Special Areas, page 51.
- Regulation Sets are reorganized (See Regulation Sets, pages 44–46):
  - Sets are renumbered to eliminate sets with no assigned zones.
  - Set 0 reduces the permit bow season by one week, reduces the permit muzzleloader season by one week and reduces the bag limit from two deer to one deer of either sex.
  - Set 1 adds two days to the permit shotgun season.
  - Set 2 adds two days to the permit shotgun season and reduces the permit muzzleloader season by one week.
  - Set 8 adds four antlerless-only days to the permit shotgun and permit muzzleloader seasons.
  - Zones are reassigned to new regulation sets.
- The statewide two-deer bag limit for fall and winter bow seasons is removed. See Deer Hunting Regulations/Bag Limits, page 31.
- The requirement to display a deer hunting permit is removed with the exception of farmers hunting on their own property. See Licenses, Permits and Stamps and Farmer Hunting and Permit Information, page 28.
- Zone 61 (Atlantic County Parks System) shortens its permit bow season, adds a winter bow season and includes its permit shotgun and permit muzzleloader season in two-deer-at-a-time harvest regulations. See Special Areas, page 50.
- The boundary between zones 25 and 26 is changed to move approximately 18 square miles of Zone 25 into Zone 26. See Boundary Descriptions, page 38.
- The permit bow season is extended one day in zones within Sets 1, 2, 3 and 4; this season will now close on Sunday instead of Saturday. See Regulations Sets, page 44.
- The wildlife management areas prohibition of firearm hunting on the day prior to opening day of the regular small game season for pheasants and quail is removed. See Wildlife Management Area Regulations, page 74.

Valid 8/31/13 through 8/31/14.
Licenses, Permits & Stamps

LICENSE INFORMATION

Regulations in red are new this year.
Purple text indicates an important note.

DEER PERMITS ARE VALID for the 2013–2014 hunting season. New Jersey sporting licenses are valid for the calendar year and expire on Dec. 31. For permit and license fees, see page 1.

Licenses
All persons hunting or trapping must be properly licensed. It is unlawful for any person age 10 or older to hunt without a hunting license. (See Farmer License Exemption, this page.) It is unlawful for any person age 12 or older to trap without a trapping license. See page 1 for license and permit fees. See page 10 for youth license information.

To acquire your first New Jersey hunting license (firearm, bow and arrow), present to a license agent (see list, page 20) either an appropriate hunter education course completion card or a resident (firearm or bow and arrow) license from this or any other state. The automated license system will allow subsequent hunting license purchases for that sporting arm to be purchased by phone or online or at any license agent. All hunters and trappers must openly display their license in the middle of the back on their outer clothing and must show their license to any law enforcement officer or any person requesting to see it. Farmers hunting their own land must also display any deer season permit.

Child Support Certifications
The “Child Support Program Improvement Act” requires Fish and Wildlife to collect and maintain Social Security numbers and a child support obligation certification from license applicants and to make the collection of this information part of the license application. To comply, Fish and Wildlife, working with the Division of Law in the Office of the Attorney General, created the Supplemental License Application available on the Fish and Wildlife website at NJFishandWildlife.com/child_support_info.htm or at license agents.

The online child support application allows an individual to be certified from the privacy of their home. Once completed—either over the Internet or at a license agent—the certification remains valid for the calendar year in which the certification was completed.

Farmer License Exemption
A farmer and members of the immediate family (see definition under Farmer Regulations, page 28) who also reside on the farm may hunt, trap and fish on the farm without being licensed or possessing a valid rifle permit. For details, see Farmer Hunting and Permit Information, page 28.

All farmers must have a Conservation Identification number (CID#). Apply online now for a free CID# at www.NJ.WildlifeLicense.com. No purchase is required. All hunters must now have a CID# to utilize the mandatory Automated Harvest Report System for all deer seasons.

Hunter and Trapper Education Requirements
New Jersey requires that everyone, age 10 and above, applying to hunt with a shotgun, rifle or bow must show a previous resident license of the appropriate type from this or any state, or a course completion card from the appropriate hunter education course. See also Youth Licenses, page 10.

The New Jersey Hunter Education Program is offered as a home study, video-based course. Students may obtain course materials at most license agents and Fish and Wildlife field offices or download from our website. After completing an extensive homework assignment, the student will choose from a list of testing facilities and dates to complete their hunter education course. For more Hunter Education Program details, including

(continued on page 10)

Disabled Veteran Licenses, Stamps and Permits

Free hunting and fishing licenses, stamps and permits are available for resident disabled veterans.

For the purposes of this program, legislation defines disabled veterans as “…any resident of New Jersey who has been honorably discharged or released under honorable circumstances from active service from any branch of the Armed Forces of the United States and who has been declared by the United States Department of Veteran Affairs, or its successor, to have a service-connected disability of any degree…”

New applicant disabled veterans may obtain their hunting and fishing licenses and stamps at the following Fish and Wildlife field offices:

- Central Region Office, Upper Freehold Twp., Monmouth Co., (609) 259-2132;
- Southern Region Office, Sicklerville, Camden Co., (856) 629-0090.

Call before going to one of these offices to ensure that staff will be available to assist you. Applications for disabled veteran certification and your first disabled veteran license may be made via the mail by sending the application and all required documentation to:
NJ Division of Fish and Wildlife, Attn: Disabled Veteran Licensing, MC 501-03, PO Box 420, Trenton, NJ 08625-0420

All licenses, stamps and permits for which the veteran is eligible will be free of charge. Disabled Vet status does not give preferential treatment in any lottery. For questions call (609) 984-6213.

Disabled Veteran Applicants:
1. Documentation of current benefits for a service-connected disability and proof of honorable discharge (such as a copy of your DD-214, VA card or monthly check stub) must be presented to obtain a free disabled veteran license.
2. Applicant must provide a hunter education (archery, shotgun or rifle) course certificate applicable to the license for which he or she is applying or a previously issued resident archery or firearm license or rifle permit. Resident licenses from other states issued to hunters prior to establishing residency in New Jersey will be accepted if the license indicates the sporting arm for which it was valid. Non-resident licenses from other states are not acceptable.
3. To obtain the free disabled veteran deer/turkey permits one must first have a free disabled veteran hunting license.
OPENING SEPTEMBER 2013

SHOOTERS
SPORTING CENTER

Indoor Shooting Ranges, Firearms and Archery

An Outdoor Sportsmen's Paradise... Indoors!
Satisfy all your sporting needs at our brand new, fully stocked, 25,000 square foot state of the art indoor sportsmen facility.

• Firearm Rentals
• Hunting Supplies
• Fishing Supplies
• Gun & Archery Ranges
• Ranges Handicap Accessible
• State of the Art Ventilation System

Located at 1535 Route 539 and the Garden State Parkway (Exit 58) in Little Egg Harbor, NJ 08087

www.shootersnj.com  609-296-4080
course material availability, facility locations, dates and course registration, go to Fish and Wildlife's website at NJFishandWildlife.com/hunted.htm or call (877) 2HUNTNJ.

Trapper education courses are offered four times throughout the state in the months of September and October. To enroll in a trapper education course, go to the Fish and Wildlife website or call (877) 2HUNTNJ to register.

Lost Licenses
A license, permit or stamp can be replaced at any license agent, at Fish and Wildlife's Internet license sales site, www.NJWildlifeLicense.com and soon via your mobile device, or by calling (888) 773-8450. Licenses and permits which contain Harvest Report stubs can be duplicated at license agents or on the Internet sales site only twice. All subsequent duplicates of these license and permit types must be handled in person at Fish and Wildlife regional offices or the Pequest Natural Resource Education Center. The Trenton office is no longer open to the public for license and permit sales. A $2 fee is charged for each duplicate license/permit.

National Guard Licenses
Eligible National Guard personnel are entitled to free sporting licenses, permits and stamps. These privileges are not available using Fish and Wildlife's website. However, the NJ Dept. of Military and Veterans Affairs can issue fishing licenses through their DMAVA website at www.nj.gov/military/fishing_application.html. For all other free sporting licenses, call (609) 530-6866, e-mail or write to: MSG (Ret.) Robert Greco, NJ DMAVA, 101 Eggert Crossing Rd., Lawrenceville, NJ 08648.

Non-resident Licenses
Non-residents must either purchase a resident license from their state or proof of successfully completing an appropriate hunter education course in order to obtain a license to hunt or trap in New Jersey. (See License Information and Fees, page 1.) Non-immigrant aliens who temporarily import firearms to the United States must first obtain an application for the permit from the Bureau of Alcohol, Tobacco and Firearms (ATF). For importation of firearms, use both forms ATF F 5330.3A and 3B. The approval may take up to 12 weeks. Contact ATF’s Explosives Imports Branch at (202) 927-8320 or download a form from their website at http://www.atf.gov/forms/download/atf-f-5330-3a.pdf.

Military Licenses, Active Duty
Any person on active duty in the armed services, regardless of their current residency, may buy a New Jersey resident hunting license. Present a previous resident license (from this or any other state) of the appropriate type or show proof to the license agent of successful completion of the appropriate hunter education course along with proof of your current active duty status in the armed services.

One-day License
A one-day license may be issued for hunting on a licensed commercial shooting preserve. This license may be obtained at the shooting preserve and is valid only on the day issued for the species covered by the preserve’s license. Hunter education requirements still apply.

Resident Licenses
A resident license may be purchased if one currently resides in—and has resided in—the state for at least six months immediately prior to application.

Revocation of Licenses
Anyone convicted of a second fish and game violation within a period of five years will have their New Jersey hunting and fishing privileges revoked for two years. Certain violations carry greater periods of revocation, ranging from three years to lifetime revocation. Two convictions of any wildlife management area regulation will result in a five-year revocation of all sporting privileges. Two convictions of the following will result in lifetime revocation: safety zone violation, causing damage to real or personal property and negligent use of a firearm or bow. Fish and Wildlife may revoke any permit or other authorization issued for violation or due cause.

Youth Licenses, Resident and Non-Resident
A Youth Firearm or Youth Bow and Arrow License is valid from 10 years of age (or the time of issuance) until the end of the year when the youth turns 16. Note that properly licensed youth hunters age 10–13 may hunt only when under the direct supervision of a properly licensed adult hunter age 21 or older. See also Youth Hunting, page 27. Youth licenses are available free to youths ages 10–15 who have completed the hunter or trapper education course; see page 8 for course information. A Youth Firearm or Youth Bow and Arrow License is valid from the time of issuance until the end of the year when the youth turns 16. See Take a Kid Hunting pages 22–24.

Permits for Hunters and Trappers

Lottery Permit Application Process
For permit and license fees, see page 1. A lottery is conducted to allocate turkey, beaver, otter and black bear hunting or trapping permits. There is no lottery for deer permits. To receive certain permits you must first apply for the lottery. The application period is listed below with each permit type. Apply at license agents or via the Internet. Be sure to have your Conservation ID number (CID#) on hand. A non-refundable $2 application fee is charged for each lottery application.
of the transaction. This receipt will list your choices and the transaction number. Agents using Web-based (computer) systems may or may not be able to print a receipt. ASK FIRST! When an agent cannot print a receipt, it’s important to have the clerk orally verify your application choices and to provide your transaction number. Keep this transaction number; it can be helpful should a problem occur with your application.

- Each agent decides what types of payment to accept. Learn this in advance, then have the correct payment ready when you arrive.

Changing Your Lottery Application
Regardless of where or how you applied for a lottery, applicants may review their information at any time from any computer, smartphone or tablet with Internet access. Check your application status or edit your application if you discover a correction is necessary. With your CID# and DOB, visit www.NJ.WildlifeLicense.com to access your profile and follow the prompts. Applications may be edited only during the actual application period. Once the application period is closed, it is impossible to change your application. License agents and Fish and Wildlife offices DO NOT have the ability to change your application once submitted. Only you can make changes, so take care during the application process.

Application Status Check
Hunters and trappers may check their application status at any time from a computer, smartphone or tablet. Go to the licensing website (www.NJ.WildlifeLicense.com) to access your profile using your CID# and DOB, then follow the prompts. The license system indicates if the lottery has been run and if you won a permit. When the system shows ‘pending,’ the lottery has not been completed. During the application period the system displays your application as ‘pending.’

Notification of Lottery Results (Did you win a permit?)
Once the lottery is complete, applicants will be notified of their results. When hunters or trappers first apply, the system may have asked your choice for either e-mail or postcard lottery results notification. For those who choose e-mail, be sure to review your junk or spam e-mail filters so the lottery results notification is accepted by your email. When applying at a license agent, applicants may or may not be asked to choose a notification mode. Some license issuing machines must use the default method of mailing a postcard notification. Applicants who don’t receive notification by the date posted in this Digest can check their application status online.

Claiming Your Permit
Lottery permit winners may claim their permit(s) by going to any license agent or via the Internet. See the corresponding lottery permit “pick up” dates listed in this Digest for beaver/otter, black bear and fall turkey permits. Recall that at the time of application, you paid only the non-refundable $2 application fee; the actual permit fee must still be paid. Be sure to bring your CID# to the license agent; tell the agent you’re there to pick up your Fish and Wildlife-awarded lottery permit. Permits claimed via the Internet are subject to an additional convenience fee and will arrive via mail in 7–10 business days.

Purchasing Non-lottery and Unclaimed Lottery Permits
Leftover (unclaimed) lottery permits and non-lottery permits are available at license agents and online. Internet permit purchases CANNOT be printed at home. Plan ahead, as it may take 7–10 business days for your permit(s) to arrive. During every transaction there are several opportunities to review your information for accuracy. A complete review at each step will allow you to make corrections, if necessary. Note: Once a purchase transaction is complete there will be NO refunds or exchanges. When purchasing permits at a license agent, speed your transaction by presenting to the agent a written note with your CID# and DOB, plus the season and zone of your permit choices.
LICENSING AND PERMITS

Regulations in red are new this year. Purple text indicates an important note.

Beaver and Otter Permits
- Beaver and otter trapping are allowed by special permit only.
- Additional information—including the zone map and descriptions—becomes available Sept. 12 on Fish and Wildlife’s website, NJFishandWildlife.com.
- Leftover permits, if available, will be sold at all license agents and at Fish and Wildlife’s Internet license sales site. Award notifications will go out during the week of Nov. 11. Successful applicants may begin to claim their awards on Nov. 11. Beaver and Otter Permits awarded in the lottery must be claimed prior to 11:59 p.m. on Monday, Dec. 2. Awarded permits that are not claimed prior to 11:59 p.m. on Monday, Dec. 2 will be returned to the quota and become available for sale over the counter. Leftover and unclaimed permits will become available for sale beginning at 10 a.m. on THURSDAY, Dec. 5, 2013. However, trappers may possess only one Special River Otter Trapping Permit. Permits will be available at all license agents and via the Internet. For leftover and unclaimed permit availability, see our website late in the afternoon of WEDNESDAY, December 4, 2013.
- For trapping season information including regulations, season dates and bag limits see Trapping Regulations, page 70.

Black Bear Hunting Permits
A total of 10,000 black bear hunting permits, allocated by black bear hunting areas, will be available to properly licensed hunters and farmer hunters. There will be two lottery years this year. Black bear hunters are limited to two permits, however only one bear may be taken, regardless of the number of permits one possesses. Only two applications may be submitted per individual—one application for an initial permit lottery and one application for a secondary/ leftover permit for a different bear management zone. Application can be made at any license agent or online on our Internet sales site. Hunters are limited to two black bear hunting permits, however they must be for different zones. Application fee: $2 per lottery. Application period: Sept 15–Oct 15. Award notifications and permit pick-up period begins on October 21. Permits awarded in the lottery must be claimed prior to 11:59 P.M. on MONDAY, November 11.
Any leftover and unclaimed permits will be sold on a first-come, first-served basis beginning at 10 a.m. on THURSDAY, Nov. 14, 2013. Permits will be available for sale at all license agents and on our Internet sales site. Leftover permit availability will be posted on our website by the end of the day on TUESDAY, November 12, 2013.

Special Coyote, Red and Gray Fox Hunting Permits
- A $2 permit is required to hunt coyote, red or gray fox during the special permit season from Jan. 1–March 15.
- Permits will be available at any license agent or via Fish and Wildlife’s Internet license sales site beginning Dec. 2, 2013. A 2014 hunting license must be purchased prior to, or in conjunction with, the purchase of a 2014 Coyote/Fox Permit.
- For season details, see coyote and fox hunting regulations, page 62.

Deer Hunting Permits
Permits are required to hunt during the Permit Bow, Permit Muzzleloader and Permit Shotgun deer seasons. There is no lottery for deer permits. See Special Areas, page 50, for specific deer permit requirements on those properties. Permits may be purchased either at a license agent or at Fish and Wildlife’s Internet license sales site www.NJWildlifeLicense.com. For details, see Deer Season Permits, page 16. See page 1 for fees.

Deer Management Assistance Program (DMAP) Permits
DMAP allows landowners, administrative agencies, municipalities, organizations and managers to improve localized deer management success by allocating additional hunting permits for problem properties located within deer management zones that have restricted bag limits. See also page 28 under Permits for Farmers, for more information and contact numbers. Visit our website at NJFishandWildlife.com/dmap.htm for details.

Farmer Permits
See Farmer Hunting and Permit Information, page 28.

Falconry Permits
Hunting with raptors (birds of prey) is allowed only with both a falconry permit and a hunting license. For hunting regulations see Falconry, page 25.

Rifle Permits
All persons in possession of a rifle (modern or muzzleloading rifle including a smoothbore muzzleloader firing a single projectile) while hunting or trapping must have a valid rifle permit. See the specific regulations for each game or fur bearing animal for the permissible use of rifles. A rifle permit is not required for hunting with an air gun. Initial rifle permit applicants must be at least 10 years old and have successfully completed a rifle Hunter Education Course. See page 1 for fees.

Rifle permits may be purchased at license agents or at Fish and Wildlife’s Internet license sales site. Rifle permits are valid for all ages of permit holders.
- Rifle permits are valid from July 1–June 30.

Turkey Hunting Permits, General
- Turkey hunting is by permit only. For turkey season details, see page 67. See page 1 for fees.
- Spring and fall permit applications are handled on two separate applications; only one application may be made for each season.
- Complete instructions for the 2014 Spring Gobbler season will be detailed in the 2014 Wild Turkey Hunting Season Permit Supplement, available in late January at license agents, Fish and Wildlife offices, and on our website at NJFishandWildlife.com.

Turkey Permits, 2013 Fall Season
- Fall turkey hunting is by permit only.
- The 2013 fall turkey permit lottery application period is Aug. 1–Aug. 31. Award notification and permit pickup will begin Sept. 9. See page 1 for fees.
- All permits awarded in the lottery will be held until 11:59 p.m. on Sept. 29. Unclaimed, awarded permits will be placed in the over-the-counter sale. Application fee(s) will not be refunded for unclaimed permits.
- Leftover permits will go on sale beginning Tuesday, Oct. 1, at 10 a.m., first come, first served, at license agents and at Fish and Wildlife’s Internet sales site www.NJWildlifeLicense.com.
- Detailed information on the application procedures, season dates, bag limits, permit quotas and the status of available permits are available in the 2013 Wild Turkey Hunting Season Permit Supplement, which can be found on Fish and Wildlife’s website or at license agents.

The A400 Xtreme features the latest evolution of Beretta’s patented recoil reduction system, Kick-Off Mega. Its defining characteristic is a proven 60% recoil reduction, virtually eliminating muzzle rise and any cheek movement on the stock as the shotgun cycles. Coupled with Kick-Off³, and the Micro-Core recoil pad, the A400 Xtreme boasts an industry leading 70% reduction in recoil, keeping hunters in the field from dawn ‘til dusk. Know No Limits—Go Xtreme.

BEST RECOIL REDUCTION ON THE MARKET!
Permits for Hunters with Disabling Conditions
A permit to use alternative methods/equipment for taking game during the prescribed seasons for certain physically challenged persons may be issued. The application period is Jan. 1 to Aug. 31 of each year.

Permits to Shoot from a Standing Vehicle
A permit to hunt or shoot from a standing vehicle that is parked off the road may be issued to licensed hunters who:
1. have a permanent or irreversible physical disability that limits their ambulatory ability,
2. suffer from cardiovascular disease and are classified as Class 3 or 4 heart patients according to American Heart Association standards, or
3. suffer from chronic lung disease. This permit will be issued if the need is certified by a licensed physician or chiropractor.

Permits, Other
Captive Wildlife Permits
The possession, ownership and release of wildlife is strictly regulated and allowed only for limited purposes. Information and applications may be obtained online or by calling:
• Nongame and exotics permits at (908) 735-5450, NJFishandWildlife.com/exotic_apps.htm;
• Game birds and mammals: (908) 735-7040, NJFishandWildlife.com/captpermits.htm.

Deer Road-kill Permits
Deer accidentally killed by motor vehicles may be possessed only for private consumption by obtaining a free permit from the local police department or from a Fish and Wildlife regional law enforcement office. The permit authorizes only possession of the meat for consumption and is valid only for 90 days. The possession of all other parts such as antlers, under terms of this permit, are expressly prohibited. Wrapped venison packages must be labeled with the permit number.

Stamps
Stamps (such as federal migratory bird stamps) are not transferable to another person and are not valid unless signed across the face in ink. Stamps need not be affixed to the license. State waterfowl “stamps” now print either directly on your license or as a separate stub, replacing the former paper stamp for these privileges. Pheasant and quail “stamps” also print directly on your license at the time of purchase, replacing the former paper stamp for these privileges. Waterfowl stamps may be purchased ONLY for a specific individual; hunters can no longer purchase multiple stamps on behalf of a fellow hunter.

Pheasant and Quail Stamp
Anyone aged 16 and over (except 16 year olds whose youth license remains valid through the end of the year in which they turn 16 and which includes a free youth pheasant and quail stamp) hunting or possessing pheasant (or quail only on Greenwood Forest or Peaslee WMAs) on the following designated wildlife management areas must have in possession a current Pheasant and Quail Stamp:
• Assunpink, Berkshire Valley, Black River, Clinton, Colliers Mills, Dix, Flatbrook, Glassboro,
Greenwood Forest, Howardsville, Heislerville, Mad Horse, Manahawkin, Manasquan River, Medford, Millville (Bevan), Nantuxent, Peaslee, Pequest, Port Republic, Stafford Forge, Tuckahoe (MacNamara), Walpack, Whittingham and Winslow. The Delaware Water Gap National Recreation Area is also a designated pheasant and quail stamp area. Pheasant and quail stamps are valid for the calendar year, January–December. Quail may be hunted or possessed ONLY on Peaslee or Greenwood WMAs.

New Jersey Waterfowl Stamp
Anyone 16 or older who hunts waterfowl must possess a New Jersey Waterfowl Stamp (now printed directly on your license at the time of purchase) in addition to the Federal Migratory Bird Stamp. Both stamps are valid for the fiscal year, July 1–June 30. A Harvest Information Program (HIP) certification is also required. For HIP details, see Migratory Bird Regulations, page 72.

PERMIT SEASON PERMITS

**PERMIT INFORMATION**

**PERMIT HUNTING SEASONS** play a major role in Fish and Wildlife's deer management program. The three permit seasons provide a means to control hunting pressure, and thereby the harvest, in each deer management zone to meet specific deer management objectives. With the additional harvest and recreational opportunity these seasons provide, an additional fee is charged for each permit.

Farmer deer permit information is detailed in the Farmer Hunting Information section beginning on page 28. Farmers purchasing non-farmer permits should also read this deer season permit section, below.

For application and purchasing procedures, see Permits for Hunters and Trappers, page 10.

A permit is required to hunt during the Permit Bow, Permit Muzzleloader and Permit Shotgun deer seasons.

The zone-specific deer permit is valid only for hunting antlerless deer. To take an antlered buck during any permit season, hunters must purchase one Antlered Buck Permit. An Antlered Buck Permit is not zone-specific but is valid only when used in conjunction with a zone-specific deer permit.

Hunters are still limited to purchasing one Antlered Buck Permit per permit season (i.e., one Antlered Buck Bow Permit, one Antlered Buck Shotgun Permit and one Antlered Buck Muzzleloader Permit). Buck permits are valid in any zone for which the hunter has a valid antlerless zone-specific permit.

Note: Only one deer at a time may be taken during any permit season even if you possess both an antlered and antlerless permit, except in those zones in Regulation Sets 6 and 8 where two deer at a time may be harvested during the Permit Shotgun and Permit Muzzleloader seasons.

Antlerless deer permits are zone-specific and are valid only for hunting antlerless deer. To take an antlered buck during any permit season, hunters are limited to purchasing one zone-specific permit per zone per permit season. Example: If you hunt only Zone 19, you may purchase only one muzzleloader, one bow and one shotgun antlerless permit for Zone 19. If you hunt in more than one zone you may purchase one muzzleloader, one bow and one shotgun permit for each zone.

Regardless of the number of zone-specific antlerless permits in possession, hunters are limited to taking one buck during each of the permit seasons ONLY after first purchasing a Buck Permit for that season. (See Deer Hunting Regulations, Licenses and Permits for details, page 30.)

A resident, non-resident or youth hunting license is a prerequisite to purchase a deer permit. See pages 1 and 10 for hunting license information.

Muzzleloader season permits are not valid unless accompanied by both a valid rifle permit and a Firearm or All-around Sportsman License while hunting.

Permits are valid only for the season and zone indicated, are non-transferable and non-refundable.

It is illegal to use a permit for a zone, season or hunter other than those named on the permit. Deer permit violations are subject to a fine of $100–$1,000 for each offense.

The cost per permit [both the Antlered (zone-specific) Deer Permit or Antlered Buck Permit] is $28 for each adult and $12 for each youth permit.

**Important**

Antlered Buck Permits may be purchased only during specific time frames. Antlered Buck Permit sales begin Monday, Sept. 9, 2013 at 10:00 a.m. and must be purchased by 11:59 p.m. on the first day of each permit season as follows:

- Antlered Buck Permits for the Permit Bow Season must be purchased by Oct. 26 at 11:59 p.m.
- Antlered Buck Permits for the Permit Muzzleloader Season must be purchased by Dec. 2 at 11:59 p.m.
- Antlered Buck Permits for the Permit Shotgun Season must be purchased by Dec. 18 at 11:59 p.m.

For hunters who do not purchase a deer permit until after the season opens, an Antlered Buck Permit may be purchased only with the initial antlerless zone-specific permit. There will be no other chance to purchase an Antlered Buck Permit after your initial permit purchase for a given permit hunting season.

There are NO EXCEPTIONS.

**Permits Available at Participating License Agents (Except Special Areas Zones)**

- The following deer management zones have permit quotas that far exceed hunter demand: Zones 1–19, 21–31, 34–36, 41–43, 45–51, 55, 63, 65, 67 and 68. These permits are available on a first come, first served basis. In the unlikely event that sales reach the permit quota for a specific zone and season combination, those permit sales will end.
- Permits sales are available at license agents listed on page 20 and on Fish and Wildlife's Internet sales site www.NJ.WildlifeLicense.com.
- Bow, muzzleloader, shotgun and antlered buck permits will be available for sale beginning at 10:00 a.m. on Monday, September 9, 2013 and continue until each season ends. Some seasons run through Feb. 8, 2014. See Regulation Sets, page 44.
- Hours of operation and types of payment accepted vary according to license agent. Be prepared.
- To purchase a permit at a license agent a hunter must present his or her valid, current year's hunting license.
- A person may purchase a permit for an absent hunter only when the following conditions are met: 1. The absent hunter has already completed a Child Support Certification (see page 8) through the Integrated Electronic Licensing System via the Internet or at a license agent and 2. The buyer shows the absent hunter's valid hunting license and identifying information (date of birth and Conservation ID Number or (continued on page 18)

Deer Season Permits

PERMIT INFORMATION

(continued from page 17)

Regulations in red are new this year. Purple text indicates an important note.

Social Security Number). License photocopies not accepted.

- The hunter is responsible to know in what zone and season he or she wants to hunt.
- Hunters are urged to review their permit before leaving the license agent.
- Once a permit fee is paid and the buyer leaves the store, there will be no returns, exchanges or refunds. No exceptions.
- Permits purchased online via the Internet will take 7–10 days for delivery. Hunters have the option to pay extra for express delivery.

Special Area Deer Management Zones

- Special Areas include federal military installations, certain state and county parks and national wildlife refuges. Special Area zones include: 37, 38, 39, 53, 54, 56, 57, 58, 61, 64, 66, 67, 68 and 70. Some of these zones have specific qualifying criteria which hunters must meet before obtaining a permit. Certain zones are not open to the public. It is the hunters’ responsibility to arrange for property access prior to purchasing a permit.

- There is no lottery for Special Area Permits. This is due to a decrease in the demand for these permits and an increase in the number of complaints from prospective hunters who participate in these hunts. Permits will be available for a limited time on a first-come, first-served basis.
- Removing the lottery streamlines the process, making it more convenient for all hunters. Hunters will know immediately whether or not they will receive a permit. Note: Most of these Special Areas permits will be available for sale only for a limited time. It is the hunters’ responsibility to pay attention to all deadlines. Exceptions cannot be made.
- Refer to a specific Special Area (see Special Areas Hunting Seasons, page 50) for complete details including when each permit sale will occur.

Military Zones

- Military base deer management zones include the following: Picatinny Arsenal (Zone 54), Earle NWS (Zone 39), Lakehurst Section of Joint Base McGuire-Dix-Lakehurst, U.S. Air Force, (Formerly Lakehurst NAES (Zone 53), FAA Tech Center (Zone 66) and Dix-McGuire section of Joint Base McGuire-Dix-Lakehurst, U.S. Air Force, (Formerly Fort Dix) (Zone 37). All have lower quotas with a limited number of available permits. Due to heightened security, hunters must be sure to have proper security clearance and access prior to applying for or purchasing permits for military base zones.
- Refer to a specific Special Area (see Special Areas Hunting Seasons, page 50) for complete details including when each permit sale will occur.

Create Your Own WMA Map

New Jersey Department of Environmental Protection (DEP) has a Web-based tool called NJ-GeoWeb. Create maps for any wildlife management area. NJ-GeoWeb provides a wealth of other environmental information, too! This interactive program is updated on a regular basis.

To access NJ-GeoWeb, go to the DEP’s website at www.state.nj.us/dep/gis/geowebsplash.htm. Click on “Launch NJ - GeoWeb,” then “GeoWeb Profile.”

Those without Internet access can request a specific wildlife management area map by calling (609) 984-0547. More free mapping info on page 88.

YOUTH DEER HUNTING DAYS
» Youth Bow Hunt
  Saturday, September 21, 2013
» Youth Firearm Hunt
  Saturday, November 23, 2013

WHO CAN HUNT
Hunters with a valid youth hunting license. See Youth Licenses, page 10.
• The youth hunter MUST be under the direct supervision of a person who is at least 21 years old and who has a valid firearm or bow and arrow license corresponding to the season hunted. Direct supervision is defined as both the youth hunter and parent/guardian set up together at the same location, hunting as a unit, not hunting independently. The adult CANNOT hunt on this day. The adult may grunt, call or rattle for the youth. In addition to the youth, the adult accompanying the youth should wear the required hunter orange during the youth firearm deer hunt.

BAG LIMITS
Youth may hunt statewide for one deer of either sex on each of the above dates.
• During the Youth Firearm Deer Hunt, youths may hunt either with a shotgun or muzzle-loader. No bows.
• If the youth is hunting with a muzzleloader, both the youth and the adult must possess a valid rifle permit.
• Antler Point Restrictions and Earn-A-Buck requirements do NOT apply on these days for the youth hunter.
• These hunts are extensions of the Fall Bow and Six-day Firearm seasons; no special season deer permit is required. Youth hunters may still use a bow to harvest one antlered deer during the Fall Bow Season, and use an appropriate firearm to harvest two antlered deer during the Six-day Firearm Season.

REPORT YOUR HARVEST
The youth hunter should complete all information requested on the Harvest Report Card provided on page 29.
• The card, or hand-made version, should include the youth hunting license number or Conservation ID number, sex of deer, number of antler points, date, zone, deer management unit, county and township from which the deer was taken, in order to have your information ready for when you report your harvest through the Automated Harvest Report System. Youth hunters do not need a harvest number during youth hunts or non-permit deer seasons.

For additional harvest reporting requirements, see page 32.

YOUTH PHEASANT HUNT
» November 2, 2013

The 2013 Take a Kid Hunting Pheasant Hunt will allow properly licensed hunters with a valid youth license (see Youth Licenses, page 10) to hunt on one of 10 stocked Wildlife Management Areas (WMA) on Saturday morning, Nov. 2, 2013. In a cooperative effort between the Division of Fish and Wildlife and the New Jersey State Federation of Sportsmen’s Clubs, volunteer hunting mentors with trained bird dogs will guide youth hunters on a pheasant hunt. This experience will increase the young hunters’ opportunity for harvesting a pheasant in a setting which encourages responsible and safe hunting practices.

All guided morning hunt participants must pre-register and be accompanied to the check-in by a parent or guardian. Parents or guardians are welcomed and encouraged to follow the hunters through the fields. All pre-registered hunters will receive an information packet. One session will be offered, starting at 7 a.m.

Only 50 youth hunters will be allowed on each WMA during the guided morning hunts. If the number of applicants exceeds the number of slots available, a random drawing will be held to select participants. To register, please send the application to:
Take a Kid Hunting
NJ Div. of Fish and Wildlife
Northern Region Hunter Education
26 Rt. 173 W, Hampton, NJ 08827

All entries must be postmarked by Oct. 10, 2013. Information will be mailed around Oct. 21, 2013.

Guided Morning—pre-registration required.
Open—afternoon: Any youth hunter with a valid youth hunting license under the direct supervision of a licensed, non-shooting adult (aged 21 or older), will be permitted to hunt on the listed wildlife management areas on Nov. 2, 2013 from 1 p.m. until sunset. No registration required.

Open—all day: Any youth hunter with a valid youth hunting license under the direct supervision of a New Jersey-licensed, non-shooting adult (aged 21 or older), will be permitted to hunt on the listed wildlife management areas on Nov. 2, 2013 from 8 a.m. until sunset. No registration required.
After glassing the feeding deer several hundred yards away, Amanda Kelly, 12, of East Amwell Township, and her father Jim stalked on their bellies to the field edge. Moments later she harvested this fine buck with her crossbow.

This proud group of young hunters show the successes of their hunt during the guided Take a Kid Hunting Youth Pheasant Hunt at the Clinton Wildlife Management Area.

A handsome red fox was harvested during the Youth Deer Hunt Day by Kylie Hibbitt.

Now Carrying Live Bait!
Youth hunters with a valid youth hunting license who have obtained a turkey permit may begin their spring turkey season on the special youth turkey hunting day, April 19, 2014. See Youth Licenses, page 10. Youth must be under the direct supervision of an adult 21 years or older who possesses a valid New Jersey hunting license. Adults may not hunt on this day.

Youth hunters with a valid youth hunting license (see Youth Licenses, page 10), under the direct supervision of a New Jersey-licensed, non-hunting adult 21 years or older, will be permitted to hunt on licensed semi-wild hunting preserves. Youths may hunt for pheasant, quail and/or chukar on Saturday, Nov. 2, 2013 from 8 a.m. to sunset. Take advantage of this great opportunity for hunters belonging to semi-wild preserves to introduce youth hunters to upland bird hunting without competition from adult hunters who may not hunt on this day.

Youth hunters 15 years and under with a valid youth hunting license (see Youth Licenses, page 10) and under the direct supervision of a non-shooting New Jersey-licensed adult hunter (age 21 or older) will be permitted to hunt for waterfowl from 1/2 hour before sunrise to sunset on the following dates by zone:

- **North Zone**—Oct. 5; Nov. 2
- **South Zone**—Oct. 12; Nov. 9
- **Coastal Zone**—Oct. 26; Nov. 16

See the New Jersey 2013-14 *Migratory Bird Regulations* for further details including written zone boundary descriptions and species bag limits. Non-toxic shot is required. An HIP number is required. See page 72 for all waterfowl hunting requirements. Federal and state waterfowl stamps are not required on these youth days. Daily bag limits for ducks, Canada geese, brant, snow geese, coots, moorhens and gallinules will be the same as those allowed during the regular season. Adults may not hunt on this day.

These youth waterfowlers enjoyed duck hunting the Wallkill River in Sussex County. From left: Austin Post (with wood duck), Nick Kotrersos (mallard), Darian Westler (wood duck), Owen Kuperus (wood duck) and Matt Bell (blue-winged teal).
**10 Safety Tips for Crossbow Shooting Success**

1. Always read the manufacturers directions and use the recommended arrow (bolt) weight and length.
2. Always visually inspect crossbow and accessories before shooting to ensure all are in good condition.
3. Keep fingers and thumb low on the crossbow forearm, below the rail; the flight path of string and cable can cause serious personal injury.
4. Never walk with a crossbow cocked and arrow loaded.
5. Never cock a crossbow while in a treestand, except for crank-type models.
6. Always raise and lower unloaded crossbows from a treestand using a haul line.
7. Before shooting, check that bow limbs will hit nothing when they flex forward during the release. Crossbow limbs store enough energy to knock a hunter to the ground should the bow contact the tree or your stand.
8. Carry in your quiver an arrow with either a field point, judo or blunt. Uncock the crossbow at day’s end by shooting that arrow into a target or soft ground.
9. Never dry-fire a crossbow, releasing the trigger without an arrow in place can damage to the bow limbs or cause serious personal injury.
10. Never store or transport a crossbow in the cocked position.

**Bow and Arrow**

“Bow” means any long bow, recurve bow, compound bow or crossbow. Hand held release devices are permitted.

- All bows must have a minimum draw weight of 35 pounds at the archer’s draw length, except compounds, which must have a minimum peak draw weight of 35 pounds and crossbows which must have a minimum draw weight of 75 pounds. Crossbows must have a minimum stock length of 25 inches.

See additional regulations under **Specifically Prohibited**, page 27.

**Closed Seasons**

- **Bobcat**: The bobcat season remains closed in New Jersey. The possession and sale of bobcat pelts and parts is allowed from bobcats legally harvested from other states or provinces, when lawfully tagged with a CITES tag.
- **Mourning Dove**: There is no mourning dove season in New Jersey.

**Bow and Arrow**

There are certain restrictions on the use of crossbows for hunting deer. Crossbows are now permitted in the woods and fields.

- It is unlawful to:
  - use or possess a poison arrow or one with an explosive tip
  - use an edged head for taking game birds in flight
  - use a bow-one-half hour after sunset until one-half hour before sunrise during any hunting season
  - use a bow and arrow from any vehicle, moving or stationary
  - have both a firearm and bow in possession or under control while hunting
  - transport in a vehicle a crossbow in the cocked position

**Falconry**

- No person shall use a falconry permit and a valid hunting license. No person under 14 years of age may hunt by means of a raptor. Hunting migratory birds with raptors on Sunday is prohibited.

**Farmer Regulations**

- No person shall possess a firearm while hunting with raptors.

**Firearms and Missiles**

- For additional information, write to New Jersey Division of Fish and Wildlife, MC 501-03, P.O. Box 420, Trenton, NJ 08625-0420 or call (908) 735-8793.

See Farmer Hunting and Permit Information, page 28.
General Hunting

Regulations in red are new this year. Purple text indicates an important note.

Air Guns

“Air gun” means any shoulder-mounted firearm which by the force of a spring, air or other non-ignited compressed gas expels a missile or projectile and has a rifled or smooth barrel, using ammunition no smaller than .177 caliber and no larger than .22 caliber producing projectile velocities of not less than 600 feet per second measured at the muzzle. Air gun BBs are not legal for hunting. Air guns are now legal for taking cottontail rabbit, hare and gray squirrel. A rifle permit is not required. Modern air guns have sufficient power to take small game plus are quieter and lighter than some shotguns, making them an ideal tool for smaller-framed hunters. Air guns hunting information is now part of the basic shotgun hunting education course.

Muzzleloaders

It is unlawful to use smokeless powder in a muzzleloader while hunting in New Jersey. Only black powder or black powder equivalents, such as Pyrodex and Triple Sc7en, may be used with a muzzleloading firearm when engaged in hunting. Properly licensed and permitted hunters 10 years and older may hunt with a muzzleloading rifle. A valid rifle permit must be possessed while hunting with a muzzleloading rifle. Permitted action types include percussion, flintlock and inline. Electronic ignitions are not legal. For muzzleloader barrel types and legal hunting ammunition, see regulations for each game species.

It is unlawful to hunt with a muzzleloading rifle on WMAs, except for deer, bear and during the special seasons for coyote/fox and squirrel hunting. For muzzleloader rifle squirrel hunting, see page 64. For muzzleloader deer hunting, see page 30. For rifle permit information, see page 12. For muzzleloader coyote/fox hunting, see page 62.

Rifles, Modern

A valid rifle permit must be in possession while hunting with a modern rifle.

Rifles for small game hunting are allowed using limited types of .22 caliber rimfire ammo and are legal only for taking woodchuck (ammunition restrictions, page 66), raccoon and opossum with hounds (.22 shorts only) plus coyote and fox (ammunition restrictions, page 62). NO rifle woodchuck hunting on wildlife management areas or state parks, forests and recreation areas. Small game hunting with centerfire rifles is limited to not larger than .25 caliber for coyote and fox (see page 62) and .225 caliber or larger for woodchuck (see page 66). See also Firearms and Missiles, page 25.

A modern rifle need not be plugged, but may be loaded with no more than three cartridges. Rifle permit holders of all ages may hunt with all rifle types as allowed by New Jersey laws. See chart on page 66 for details on small caliber rifle ammunition legal for hunting woodchucks and page 62 for the special permit coyote/fox season.

Shotguns

Shotguns larger than 10-gauge are prohibited for hunting. Shotguns may not be capable of holding more than three shells except for September Canada goose hunting; see page 72. For information on legal shot sizes, see regulations for each game species to be hunted.

Hunter Orange

Firearm hunters must wear a cap made of solid daylight fluorescent orange or an outer garment containing at least 200 square inches of fluorescent orange material visible from all sides at all times while engaged in hunting. A camo-orange hat alone is not adequate. See exceptions below and also newer fluorescent orange requirements.

This applies to all persons while hunting with a firearm for deer, bear, rabbit, hare, squirrel, coyote, fox, railbirds, and game birds including while in a tree stand. All firearm and bow and arrow deer hunters utilizing a ground blind when a firearm deer season is open concurrently must display 200 square inches of hunter orange atop the blind and visible from all sides or within five feet outside the blind and higher than the blind or at least three feet off the ground, whichever is higher. During these concurrent seasons, bowhunters in treestands also should consider wearing hunter orange.

Exceptions: the hunter orange law does not apply to waterfowl, crow, wild turkey, coyote/fox (during the special permit season, page 62), woodchuck nor bowhunters except that a bowhunter using a deer decoy must wear hunter orange, as described above, while transporting the decoy into and out of the woods and fields. During the Six-day Firearm Season, it is recommended that bowhunters wear hunter orange.

Injured or Orphaned Wildlife

If you encounter injured or orphaned wildlife, contact a wildlife rehabilitator. For more information visit our website at NJFishandWildlife.com/bornwild.htm.

Landowner Liability Act

(Excerpted from N.J.S.A. 2A:42A-2 et seq.) a. An owner...of a premises, whether or not posted and whether or not improved or maintained in a natural condition, or used as part of a commercial enterprise, owes no duty to keep the premises safe for entry or use by others for sport and recreational activities, or to give warning of any hazardous condition of the land or in connection with the use of any structure or by reason of any activity on such premises to persons entering for such purposes; b. An owner of a premises who gives permission to another to enter upon such premises for a sport or recreational activity or purpose does not thereby (1) extend any assurance that the premises are safe for such purpose, or (2) constitute the person to whom permission is granted an invitee to whom a duty of care is owed, or (3) assume responsibility for or incur liability for any injury to person or property caused by any act of persons to whom the permission is granted. Note: A landowner’s liability changes if a fee is charged (or other consideration) or if there is a “willful or malicious failure” to warn of a dangerous condition on the property.

Non-Resident Game Removal

A non-resident licensee may remove from the state each day a daily bag limit of game. However, a non-resident may not take more than two day’s bag limit from the state after one week’s stay (Sunday to Saturday inclusive). This restriction does not apply to game raised or killed at a licensed commercial preserve and legally tagged.

Possession Of Certain Wildlife By Persons, Taxidermists & Butchers

No person shall have in possession a deer, bear, migratory game birds or turkey that they did not kill unless it has a label bearing the name, address, telephone number, license and permit numbers of the person who killed the deer, bear, migratory game bird or turkey. Those in the business of processing deer, bear or turkey (that is butchers, taxidermists, etc.) shall keep a ledger of all of their customers. Each customer’s name, current address, day and evening telephone numbers, Conservation ID Number and possession seal number of any black bear or turkey, or Confirmation Numbers, gender and age (fawn or adult) for deer being processed shall be included in the ledger. The ledger shall be made available for inspection upon request during the hours of 9 a.m. to 5 p.m. by any law enforcement officer or employee of the Division of Fish and Wildlife.

Possession of naturally shed deer antlers is legal. Parts of deer possessed, other than shed antlers, must be from lawfully harvested deer. Proof of lawful harvest (Confirmation Number or seal) should be retained for verification. Road killed deer with a permit are intended only for consumption; antler possession from these deer is not legal.

Protected Wildlife

It is illegal to capture, kill, injure or have in possession any wild bird other than a game bird. The sale of wild birds or game animals or parts thereof is prohibited except as described in N.J.S.A. 23:4-27. For more specific information, refer to our website, NJFishandWildlife.com. See also Sale of Wildlife, page 27.

No one may rob a bird’s nest.

All nongame mammals, reptiles, birds and amphibians are protected. Penalties for taking these species range from $250–$5,000.

There is no open season on bobcat or fisher. It is illegal to kill or attempt to kill a bobcat or fisher in New Jersey. Bobcat pelts from animals legally harvested in other states may be possessed or sold provided a CITES tag from the state of harvest is attached. Fishers legally harvested in other states may be possessed or sold. See also Possession of Certain Wildlife, page 26.
**General Hunting**

### REGULATIONS

**Property Damage**

Hunters must not hunt in unharvested crops unless first obtaining permission from the owner. Anyone causing damage to cultivated crops, orchards, fences, buildings or livestock may be arrested without warrant by the owner, occupant, lessee, or any officer of the law. Violators are liable for a fine of up to $2,000 and restitution to the property owner in addition to the loss of hunting privileges for a period of five years.

**Public Land Hunting**

For public land hunting, refer to pages 74, 88 and 89.

**Sale of Wildlife**

The sale of wild birds and game animals, or parts thereof, is prohibited in New Jersey with the following exceptions: legally trapped fur-bearers may be sold plus the sale of white-tailed deer hides, tails and the lower portion of the legs is legal. See also Closed Seasons, Bobcat, page 25. Questions should be directed to a regional Fish and Wildlife law enforcement office; see page 47.

**Safety Zones**

No firearm hunter may carry a loaded firearm or hunt within 450 feet of a building or any school playground, even if unoccupied, except the owner or lessee of a building, and persons specifically authorized by him in writing. No bowhunter may carry a nocked arrow or hunt within 150 feet of a building or within 450 feet of any school playground, even if unoccupied, except the owner or lessee of a building, and persons specifically authorized by him in writing. Persons authorized to bowhunt within 150 feet of a building must hunt from an elevated position to shoot down toward the ground. Note: persons authorized to hunt with a firearm within 450 feet, or with bow and arrow within 150 feet of a building must be in possession of that written permission while hunting. Shooting into a safety zone is prohibited. (See Safety Zone Awareness, page 89, for diagram and safety zone explanation.)

**Stealing Traps or Trapped Animals**

(Excerpted from N.J.S.A. 23:4-40) No person shall take or unlawfully appropriate, with intent to steal, a trap or the property of another, set along, by or in any of the public or private ditches, streams, ponds or waters in this state for the purpose of catching fur-bearing animals, or remove an animal from the trap of another person.

**Sunday Hunting**

No person may hunt with firearms or any other weapon or carry a gun in the woods or fields or on the waters on Sunday except on semi-wild and commercial shooting preserve lands for the purpose of shooting stocked game; and when using a .22 rifle for dispatching trapped animals. See note below.

**Specifically Prohibited:**

- Carrying a loaded firearm within 450 feet, or a nocked arrow within 150 feet of a building or within 450 feet of any school playground (whether or not occupied) is prohibited, except the owner or lessee of a building and persons specifically authorized by him in writing may hunt with a firearm within 450 feet or a bow within 150 feet of the building. Note: persons authorized to hunt with a firearm within 450 feet or with a bow and arrow within 150 feet of a building must be in possession of that written permission while hunting. (See page 89 for diagram with complete safety zone explanation. See also Safety Zone, page 27)
- Discharging a firearm or a bow and arrow on or across highways or roads.
- Discharging a firearm or a bow and arrow from a motor vehicle.
- Sights which project a spot or light onto the game animal.
- Hunting for or shooting any wildlife by aid of a light, except when hunting raccoon, opossum while on foot or when hunting coyote/fox during the special coyote/fox season.
- Hunting or shooting with the aid of a light attached to or carried in a vehicle.
- On national wildlife refuges, the distribution of bait and/or hunting over bait. Also, no Sunday hunting on these lands.
- Hunting with arrows, darts or any other device propelled by any means that is used for the purpose of injecting or delivering any type of drug into an animal.
- Possessing a loaded firearm in or on a motor vehicle, including all-terrain vehicles (ATVs). Possession of a loaded firearm in or upon a vehicle is considered proof of pursuing or taking of wildlife.
- Transporting an uncased firearm in or on a motor vehicle or ATV or transporting a cocked crossbow in or on a motor vehicle or ATV.
- Shooting into a squirrel’s nest.
- The removal of the skin or feathers or mutilation of any wild bird or mammal in the woods or fields for the purpose of concealing sex or identity is illegal.

In the Delaware Water Gap National Recreation Area, the following apply:

- Baiting is prohibited.
- No permanent tree stands or screw-in steps are permitted.
- You cannot possess a loaded firearm while on publicly traveled roadway within the area.
- Trapping is prohibited.
- No Sunday bowhunting.

---

**Youth Hunting**

A youth hunter means the possessor of a youth hunting license—or the immediate family member of a qualified occupant farmer—who is at least 10 years of age. Youth hunter status continues until Dec. 31 of the year in which the youth turns 16. For youth hunters from 10 through 13 years of age, they MUST hunt under the direct supervision of a person who is at least 21 years old and who has a valid firearm or bow and arrow license corresponding to the season hunted. Direct supervision is defined as both the youth hunter and parent/guardian set up together at the same location, hunting as a unit, not hunting independently. See also Youth Licenses, page 10. Youth licenses are issued free to youths ages 10–15 upon completion of a hunter or trapper education course. Youth hunters who pre-registered for and successfully complete a hunter education course will receive their youth hunting license at the course. See Hunter and Trapper Education Requirements, page 8 and Youth Licenses, page 10. Be sure to visit the Take a Kid Hunting section on pages 22–24.
Farmer Hunting and Permit Information

Farmer Regulations

The occupant of a farm may allow his or her dog to run at large on land he or she occupies, except during the firearm deer seasons.

Farmers and their lessees occupying or farming their land, members of their immediate family (see definition above), or their farming employees may kill crows, woodchuck and fox on farm property at any time when found destroying livestock or crops. However, they must use legal firearms, ammunition and other lawful procedures. See also Wildlife Damage Control, page 27. See also General Regulations, page 25.

Farmers must possess the appropriate permit to legally hunt the farm during any hunting or trapping season which requires a permit. Permits are provided free to all qualified farmers for the following seasons: Permit Bow, Permit Muzzleloader and Permit Shotgun deer seasons plus the spring and fall Turkey Permit seasons and the Black Bear Season. Sunday bowhunting for deer is legal only on state wildlife management areas and private property.

Farmers may trap fox destroying poultry, crops or property at any time, subject to state law and local ordinances. Farmers or their agents may shoot or trap coyotes by lawful procedures at any time when found destroying livestock or crops. A regional Fish and Wildlife Law Enforcement office must be notified within 24 hours of killing a coyote. See Telephone Directory page 96.

Permits for Farmers

Fish and Wildlife reviews the Farmer Permit database periodically to ensure compliance and for re-inspection. Letters of re-inspection are sent in May. If you were a new farmer or re-inspected in 2011 or 2012, you will not be re-inspected in 2013. New farmers (or farmers who did not apply for reaplication in 2011 or 2012) must submit an application to obtain free turkey, deer and/or bear permits. Applications are available on the Fish and Wildlife website under Farmer Certification Application for Deer and Turkey Permits. Print out both pages and use the instruction sheet to fill out the application. Applications are also available at your local county agricultural extension office.

Fish and Wildlife will notify you when your farmer status is due for re-evaluation. Farmer status will be inactivated if you delay the re-evaluation process. The preferred application period for farmers is June 1–August 1.

Once approved, farmers may claim their farmer permits by going to any license agent. The dates when permits will become available are listed below.

Farmer Deer Permits

Farmers may claim deer permits beginning Monday, September 9, 2013 at 10 a.m. at any license agent.

Approved farmers are eligible for one free bow, shotgun and muzzleloader permit and one free Antlered Buck Permit for each of the three permit seasons. See Farmer License Exemption, above. See also Farmer Regulations, above.

Two types of farmer permits—occupant and non-occupant farmer—allow the applicant to decide for which permit it is easiest to qualify; see below. Farmers who must change the occupancy status for their deer permit should call (609) 292-1473.

Only a qualified farmer and members of the immediate family (see definition on this page) who reside on the farm, are eligible to apply for occupant and non-occupant farmer deer permits. Farmers may also apply for (or purchase at any license agent) regular deer permits in addition to the free farmer permits. See Deer Season Permits, page 16.

Farmers are eligible for a Farmer Buck Permit which are limited to only one per person per season. If a farmer claims their FARMER Buck Permit they cannot purchase an Antlered Buck Permit. Likewise, if a farmer first purchases an Antlered Buck Permit, the farmer cannot claim a Farmer Buck Permit. The Antlered Buck Permit is valid for any zone in which the farmer has an antlerless permit for the season.

Occupant Farmer Deer Permits

• Applicants must be the owner, lessee or members of the immediate family (see definition on this page) who actually reside on the farm property.
• Land must be at least five acres, tax-assessed as farmland.
• Occupant permits are valid only on the farm property where the applicant resides.

Non-Occupant Farmer Deer Permits

• Applicants are not required to live on the farm property.
• Farmer(s) and members of their immediate family (see definition on this page) may qualify, up to a total of five people.
• Must actively till at least 30 acres of land which is tax-assessed as farmland.
• Woodlots do not qualify.
• To apply for hunting leased farmland, a copy of all leases authorizing the agricultural and hunting uses of the land must be attached to the application.
• Non-occupant permits are valid only on private land within the deer management zone designated on the permit and are not valid on public lands within that zone.
• An applicant who lives on a farm and actively tills at least 30 acres may apply either as an occupant or a non-occupant.

Farmer Deer Management Assistance Program (DMAP) Permits

Farmers whose property lies within deer management zones having restricted antlerless bag limits and who need to manage problematic deer populations under current deer hunting seasons may apply for the Deer Management Assistance Program. For details visit NJFishandWildlife.com/dmap.htm.
call your regional deer biologist:
• North—(908) 735-7040
• Central—(609) 259-6965
• South—(609) 748-2043

Farmers and their immediate family members may qualify for one free DMAP permit if accepted into the program.

Farmer Turkey Permits
Farmers may claim fall season turkey permits beginning Monday, September 9, 2013 at 10 a.m. at any license agent.

Qualified farmers may apply only if their land is in a turkey hunting area open to hunting.

Farmer turkey permits are available only to the farmer and immediate family who reside on the farm. See definition of “immediate family” on page 28.

Farmers may also apply for (or purchase at any license agent) regular turkey permits in addition to the free farmer permits. See the turkey permit supplement, distributed each January or on our website for details.

Farmer Bear Permits
Only the owner or lessee of a farm, who resides thereon, or members of his immediate family 10 years of age or older who also reside thereon, may apply on forms provided for a special farmer black bear permit. See definition of “immediate family” on page 28.

Application forms may be obtained from Fish and Wildlife extension offices.

Include on the application your Conservation ID Number; fill in the entire form. Properly completed applications will be accepted in the Trenton office no later than October 15. There is no fee; all qualified applicants will receive a Special Farmer Black Bear Permit via mail.

Submit only one farmer application per individual during the initial application period. Application for a farmer black bear permit shall not preclude a farmer (as a holder of a valid hunting license) from applying for—and Fish and Wildlife issuing—one regular black bear season permit. However, the season bag limit remains one black bear regardless of the numbers of permits held.

Special Farmer Black Bear Permits will NOT be issued via the electronic license system for the 2013 Black Bear Season. Permits will be mailed to qualified farmers only after receiving valid applications approved by Fish and Wildlife’s Bureau of Law Enforcement.

Emergency Contact Information Card
Fill in and carry with your hunting/trapping license in case of an emergency.

Deer Hunting

REGULATIONS

Regulations in red are new this year. Purple text indicates an important note.

Legal Deer Hunting Hours: half hour before sunrise to half hour after sunset

**ONLY ONE ANTLERED DEER** may be taken per season statewide, except during the Six-Day Firearm Season, regardless of the number of antlered buck permits in possession. To be legal, all deer harvested must be reported using Fish and Wildlife’s Automated Harvest Report System (see page 32), either online or by telephone. Hunters will be assigned a Confirmation Number in place of the metal possession seal formerly provided at check stations. This Confirmation Number, like the metal seal, must be kept with the deer and its parts.

*Note:* Only one deer at a time may be taken during any permit season even if you possess both an antlered and antlerless permit, except in those zones in Regulation Sets 6, 7 and 8 where two deer at a time may be harvested during the Permit Shotgun season.

With the ongoing presence of feral hogs in the Gloucester County area, New Jersey Division of Fish and Wildlife will allow deer hunters in Deer Management Zones 25 and 65 to hunt feral hogs during the regular deer seasons. Feral hogs must be checked. Hunters who harvest a feral hog must call (609) 748-2044 to schedule a time to check in the hog.

**Key Concepts and Definitions**

- **Antlered deer** is defined as any deer with at least one antler measuring at least three inches in length as defined below.
- **Antler length** is defined as the maximum length of a deer antler measured from the lowest outside edge of the antler burr along the outer curve to the most distant point of what is or appears to be the main antler beam. For the purposes of this definition, the antler length does not include the pedicel or portion of skull between the skull plate and base of the antler point.
- **Antler point** is defined as any point at least one inch long from its tip to its base line, and the length must exceed the width at some location at least one inch down from the tip.
- **Antlerless deer** is defined as any deer that does not have an antler length measuring at least three inches. For the purposes of this definition, adult male deer that have shed their antlers, button bucks and adult males with antlers less than three inches are considered antlerless deer.
- **Antlered Buck Muzzleloader Permit, Antlered Buck Shotgun Permit or Antlered Buck Bow Permit** refers to the antlered buck permits available for purchase which are valid only when used in conjunction with the antlerless, zone-specific deer season permit. The antlered buck permits contain an antlered deer Harvest Report Stub (formerly called a transportation tag) and allows for the pursuit and harvest of an antlered deer only.
- **Antler Point Restriction** zones include Zones 3, 9, 13, 27, 28, 29, 30, 31, 34, 35, 37, 47, 63 and 67. The harvest of antlered deer from these zones during any open season is restricted to deer with at least one antler having a minimum of three antler points as defined above. The goal of the antler point restriction strategy, as part of Quality Deer Management, is to reduce harvest pressure on the 1½ year-old antlered deer in the expectation that they will survive to produce larger antlers as older animals.

### Six-day Firearm Deer Season Dec. 9–14, 2013 (ALWAYS opens the second Monday after Thanksgiving.)

- **Special Areas Deer Management** zones include Zones 37, 38, 39, 53, 54, 56, 57, 58, 61, 64, 66, 67, 68 and 70. They are generally small, publicly-owned properties administered by county, federal or state agencies (other than Fish and Wildlife) where deer season dates, bag limits or regulations differ from those of the surrounding deer management zone. See page 50 for details.
- **Youth Hunter status** applies to the possessor of a valid Youth Hunting License (or the immediate member of a qualified occupant farmer who is at least 10 years of age) and continues until Dec. 31 of the year in which he or she turns 16 years of age. The Youth Bow Deer Hunt Day is Saturday, Sept. 21, 2013. The Youth Firearm Deer Hunt Day is Saturday, Nov. 23, 2013. The bag limit for youth hunters on this day is one deer of either sex. Antler Point Restrictions and Earn-A-Buck requirements do not apply for deer taken on this day by youth hunters. See page 22 for details. See page 29 for a cut-out Harvest Report Card.

### Licenses and Permits

- See License, Permits and Stamps, page 8, for details and for Hunter Education requirements.
- Additional hunting licenses may not be purchased in order to harvest additional deer.
- Although hunters may purchase multiple deer permits, they are limited to only one zone-specific ANTLERLESS permit per zone during each of the permit seasons. For example, a hunter may buy an ANTLERLESS muzzleloader permit for each of Zones 18, 21 and 24. A hunter may purchase a bow permit, a muzzleloader permit and a shotgun permit for Zone 24; however, they may not purchase two ANTLERLESS bow permits (nor two shotgun permits nor two muzzleloader permits) for Zone 24.
- It is unlawful to use a bow and arrow for hunting deer while using a firearm license (except during the Six-day Firearm Season) and unlawful while using a shotgun or muzzleloader deer permit. A bow and arrow license and permit (when required) must be in possession using this hunting equipment.
- The **zone-specific Bow, Muzzleloader and Shotgun Permits** are valid ONLY for the pursuit and harvest of ANTLERLESS deer. Hunters who want to pursue and take an antlered deer during any of these seasons must purchase an Antlered Buck Bow, Antlered Buck Muzzleloader or Antlered Buck Shotgun Permit. Hunters may purchase only one Antlered Buck Permit per season. An Antlered Buck Permit must be used in conjunction with zone-specific antlerless permit. The Antlered Buck Permit is not zone-specific; it is valid for use in any zone for which the hunter already holds a zone-specific antlerless season permit, but only one buck may be harvested per season. Adult deer permits are $28; youth deer permits are $12.

**IMPORTANT:** Antlered Buck Permits must be purchased by 11:59 p.m. on the following dates: Oct. 26 for Permit Bow; Dec. 2 for Permit Muzzleloader and Dec. 18 for Permit Shotgun seasons. UNLESS you are buying your first zone-specific antlerless permit AND an Antlered Buck Permit at the same time after these dates.

**Deer Management Assistance Program (DMAP)** permits are available to help landowners and managers cope with undesirable deer densities while utilizing current deer hunting seasons by removing additional antlerless deer. See pages 12 and 28 for more information.

**Firearms, Ammunition and Sights**

- See page 25 for general hunting regulations which also apply to deer hunting.
- All firearms must be cased and unloaded while being transported in vehicles, including on all-terrain vehicles. A muzzleloader is considered unloaded when, in the case of a percussion cap rifle or shotgun, the percussion cap has been removed from the nipple; in the case of a flintlock, when the powder is removed from the pan and a boot or cover made of nonmetallic material is placed over the frizzen.
- Hunters using or possessing any shotgun slug in the field during the deer seasons must have a shotgun with adjustable open iron or peep sights or a scope affixed to the shotgun.
- Telescopic sights of any magnification (scope power) are permitted for deer hunting on all firearms, including muzzleloader rifles and smoothbore muzzleloader shotguns. No permits are required for telescopic sights.
- Any sight or device that casts a beam of light upon the deer is prohibited.
- Shotgun shells containing single spherical projectiles referred to as pumpkin balls are prohibited.
- While deer hunting with a shotgun, it is illegal to have in possession any ammunition not authorized for deer hunting.
• When hunting during the overlapping firearms seasons for deer and when in possession of the proper permits for the current seasons, hunters may carry the firearms legal for the current seasons. For example, when Six-day Firearm and Permit Muzzleloader seasons run concurrently, a hunter may be in possession of a shotgun and either a muzzleloading rifle or smoothbore muzzleloader.
• Double-barreled muzzleloading rifles are not permitted during the Six-day Firearm or Permit Muzzleloader seasons.
• Only one muzzleloading rifle or smoothbore muzzleloader may be in possession while deer hunting, but not both simultaneously.
• Only black powder or black powder equivalents, such as Pyrodex and Triple Se7en, may be used with a muzzleloading firearm when engaged in hunting. Modern smokeless powder is strictly prohibited while hunting game with a muzzleloading firearm.
• Special Areas Deer Management Zones may have regulations that differ from the statewide regulations. See page 50 for details.

Ground Blinds
All firearm and bow and arrow deer hunters utilizing a ground blind when a firearm deer season is concurrently open must display 200 square inches of hunter orange atop the blind and visible from all sides or within five feet outside the blind and higher than the blind or at least three feet off the ground, whichever is higher. During these concurrent seasons, bowhunters in treestands also should consider wearing hunter orange.
A “ground blind” is defined as a temporary, man-made structure used for the purpose of concealing from sight a person who is hunting. A ground blind is not a naturally occurring feature that a hunter merely uses for concealment.

Baiting
Baiting is allowed for deer hunting. Hunters may hunt for deer while in a tree, on the ground or in a structure and from any height and any distance from the bait pile. Hunters should check with the landowner or administrative agency before placing bait on their hunting area as baiting is not allowed on properties such as national wildlife refuges.

Decoys and Electronic Devices
• Persons may hunt with the aid of deer decoys statewide in those zones open for deer hunting only during the Fall Bow, Permit Bow and Winter Bow seasons. When carrying or moving deer decoys for the purpose of hunting, persons must wear a fluorescent orange hat or outer garment consisting of at least 200 square inches of fluorescent orange material, which shall be visible from all sides as currently required for firearm deer hunting.
• It is unlawful to hunt for deer with the aid of an electronic calling device or any device that casts a beam of light upon the deer.

Bag Limits
• For all seasons except Six-day Firearm, properly licensed and permitted hunters are limited to taking one antlered buck per season, regardless of the number of antlerless, zone-specific permits purchased, when applicable.
• New bag limits for the fall bow and winter bow seasons are as prescribed for each zone (see Regulation Sets, page 44) except that once a hunter has met the bag limit in a given regulation set, he or she may not harvest additional deer from any zone in that regulation set or in one of identical or more restrictive bag limits. However, the hunter may subsequently hunt in a zone with a more liberal (greater) antlerless bag limit as described in the regulation sets.
• Bowhunters may take two antlered deer legally on a Bow or All-around Sportsman License, one antlered deer each during the Fall Bow and Winter Bow seasons. Hunters who want to pursue and harvest an antlered deer during the Permit Bow Season must purchase a buck permit valid only when used in conjunction with the zone-specific antlerless Bow Permit. For permit purchasing deadline, see Deer Season Permits, page 16.
• Bowhunters may take antlered deer with their bow during the Six-day Firearm season, provided that they have a current and valid firearm license in addition to an archery license, or have an All-around Sportsman License. Bow hunters who bag an antlered deer during the Six-day Firearm Season with their bow must use the Harvest Report Stub for the Six-day season from their firearm or All-around Sportsman License only.

Firearms, Bows and Ammunition Legal for Deer Hunting

<td></td>
</tr>
</tbody>
</table>

When carrying or moving firearms, hunters are required to follow specific regulations, including the proper use of hunter orange and the restrictions on weaponry. The regulations for hunting with bows and arrows, particularly the use of ground blinds and equipment such as decoys and electronic devices, are also outlined to ensure safety and compliance with state hunting laws.
Deer Hunting

REGULATIONS

Regulations in red are new this year. Purple text indicates an important note.

• Firearm hunters legally may take two antlered deer during the Six-day Firearm Season on a firearm or All-around Sportsman License. Hunters will be assigned a Confirmation Number upon reporting their first Six-day Firearm Season buck using the new Automated Harvest Report System, allowing the immediate pursuit and harvest of a second buck. Hunters who want to harvest an antlered deer during the Permit Shotgun or Permit Muzzleloader seasons must purchase a buck permit for the corresponding season, valid only when used in conjunction with the zone-specific antlered Shotgun or Muzzleloader permit. If hunters take a second antlered deer during the Six-day Firearm Season, their Shotgun Permit Season bag limit is then restricted to antlerless deer only. For purchasing deadlines, see Deer Season Permits, page 16.

• Remember, although two antlered bucks may be taken during the Six-day Firearm Season, when that occurs, the antlered buck bag limit for the Permit Shotgun Season is then zero. Hunters may choose: take either two antlered bucks during Six-day Firearm Season, or one antlered buck during Six-day Firearm Season and one antlered buck during Permit Shotgun Season (while possessing an Antlered Buck Permit). The antlerless bag limit for these permit seasons will be one, two or unlimited depending on the zone and season. See Regulation Sets, page 44.

• Note: Only one deer at a time may be taken during any permit season even if you possess both an antlered and antlerless permit, except in those zones in Regulation Sets 6, 7 and 8 where two deer at a time may be harvested during the Permit Shotgun and Permit Muzzleloader Seasons.

• Two deer may be taken at a time in Zones 10, 11, 12, 13, 14, 15, 17, 19, 25, 36, 39, 41, 42, 48,

49, 50, 51, 54, 56, 57, 58, 64, and 66 and 68 during the Permit Shotgun and Permit Muzzleloader seasons (in those zones open for both of those seasons) until the season concludes. See Regulation Sets, page 44.

• Additional antlerless deer may be taken under the Deer Management Assistance Program (DMAP). For more information, see pages 12 and 28.

Mandatory Harvest Report Requirement

All hunters are required to report harvested deer on the day killed using the Automated Harvest Report System.

Before you go hunting:

1. Before your hunt, verify that you have the correct year’s license and proper, valid zone permit. This is essential—both to report your harvest and to comply with the law!

2. Use the Deer Hunting Location Viewer at NJFishandWildlife.com/ahrs.htm with easy instructions above the viewer’s map. Use this app to determine the deer management zone (zone), county, township, and deer management unit (unit) where you hunt. Write down all this information and keep it accessible while in the field for when you need to report a deer.

In the field:

Upon retrieval, the deer is considered to be in your possession. The hunter must:

1. Immediately fill out the Harvest Report Stub found attached to your license or permit (or a Harvest Report card found on page 29) with the exception of the Confirmation Number (a number automatically assigned by the system which replaces the metal possession seal). The harvest report stub or card must NOT be detached or affixed to the deer.

2. Report your harvest via the Automated Harvest Reporting System (by phone or Internet as printed on every hunting license and permit) by 8 p.m. during the Fall Bow Season or by 7 p.m. for all other seasons. If unable to access the Automated Harvest Reporting System by the designated time, the deer shall be reported immediately by telephone to the nearest Fish and Wildlife Law Enforcement office (see page 47 for Law Enforcement listings). The hunter must continue to attempt accessing the Automated Harvest Report System until they receive a Confirmation Number for that deer.

3. Record your assigned Confirmation Number on your Harvest Report Stub or card. Keep this stub in your license holder – Do not attach to the deer. Retain your Confirmation Number as long as the deer or its parts are in possession. To report the harvest of additional antlerless deer during the same season (and zone, if applicable) reuse the same Confirmation Number from that season’s antlerless stub for all other antlerless deer taken in this season. Since the license or permit stub only has space for two Confirmation Numbers, use the Harvest Report Card in this Digest (page 29) and on our website, or make your own card on which to record your harvest data and Confirmation Number for each deer.

NOTE: A hunter may be required to produce the head of the deer—or produce records relating to the location of the head such as the butcher or taxidermist who has possession of the deer’s head—upon request by a conservation officer within 48 hours after a deer harvest is reported.

Harvest Report Stubs from 2013 permits are valid for the entire length of the Permit Bow, Permit Muzzleloader and Permit Shotgun seasons, including January and February 2014, if the zone specified on the original permit is open for hunting during these dates.

When regulations allow taking multiple deer, hunting may resume after each deer is reported and a Confirmation Number assigned. The Harvest Reporting website will be optimized for access by smartphone or other mobile device by mid-September. Users must provide a valid email and phone number.

After Harvesting a Deer

When transporting multiple deer that have been reported already, each deer should be labeled with their assigned Confirmation Number. See page 29 for a Harvest Report Card available to use when each of your license or permit stubs have been filled. Be discreet when transporting your deer to the butcher, taxidermist or home; rinse away excess blood, turn the field-dressed side to face in toward your vehicle and push the tongue back into the deer’s mouth.

After Reporting Your Deer—Possession or Sale

The Confirmation Number assigned by the Automated Harvest Report System must be retained until all venison is consumed and as long as you keep any deer parts, including antlers. Persons with deer mounts should write their name, assigned Confirmation Number, date of kill and season of harvest on back of the mount for future reference.

It is illegal to sell deer meat, deer antlers or any part of a deer except deer hides, tails and the lower portion of the legs. However, nonprofit organizations conducting wild game dinners for social and fundraising events may offer game or furbearer meat (the sale of which is otherwise prohibited) provided that the meat has been harvested, stored and processed in accordance with applicable laws and regulations.

Spotlighting

Spotlighting deer during hours of darkness from a vehicle is illegal while in possession of a weapon capable of killing deer, whether the weapon is cases, uncased or in a locked compartment. This does not apply to the regular use of headlights when traveling in a normal manner on public or private roads.

The Perfect Deer Feed!

Deer love sweet potatoes!

PLUS...

most sweet potatoes are too large and heavy for a squirrel to remove.

Sweet potatoes, a locally available feed source that is economical, nutritious and very popular with deer. Buy direct from the farmer!

For more information, and local sources of New Jersey sweet potato farmers offering deer feed, contact:
The New Jersey Sweet Potato Industry Commission at: 609-292-8854 (ask for Bill Walker)
An overview of the first year using the Automated Harvest Report System

By Carole Stanko, Deer Project Leader

The 2012–13 deer season was the inaugural year of Fish and Wildlife’s Automated Harvest Report System (AHRS), which opened with great anticipation and some apprehension on the part of New Jersey’s deer hunters. The new system replaced the mandatory deer check station — in place since 1972 — where hunters were required to present their deer carcass at one in the network of check stations throughout the state. The new system replaces that with the hunter’s choice of registration of his or her harvest either by telephone or through the Internet.

**Hunter compliance was excellent!** The 2012–13 total harvest was only 167 deer short of the 2011–12 harvest, showing that hunters understood, used and were successful in registering their deer with the new system.

**Law Enforcement’s efforts were enhanced** by the data availability afforded by the new system: some hunters were inspected at their home to prove the validity of their harvest report; summonses were written if violations were revealed.

**The majority of hunters submitted Deer Management Unit (DMU) data.** Sixty-seven percent of hunters included DMU data with their harvest registration. While this is a great response for the first year, it falls short of the 91 percent of hunters who submitted DMUs in 2011–12.

Please make every effort to submit DMU data for each harvest, using the instructions below! This data is extremely valuable to Fish and Wildlife, enabling biologists to monitor the harvest at local levels, estimate losses from diseases such as epizootic hemorrhagic disease (EHD) or others and to assess if there is a need to change zone boundaries. A strong effort is being made to further improve the Automated Harvest Report System. Fish and Wildlife appreciates the cooperation of our deer hunters. Thank you!

To locate your DMU (Deer Management Unit) go to: NJFishandWildlife.com/ahrs.htm. Click on “Deer Hunting Location Viewer” near the middle of the box to view a Deer Management Zone (DMZ) map.

1. Use the slider tool on the viewer’s left or your mouse wheel to zoom in on the zone where you hunt. Zoom closer within your DMZ until landmarks like roadways are identifiable to find your exact hunting location.

2. When you recognize your hunting location, click on that spot on the map; all four levels of location data will pop up.

3. Locate your DMU before you go hunting! Take this information with you into the field, available for when you report a deer harvest.

4. Cut out this card. Enter your location data. Keep in your license holder.
Deer Management Zone

**Zone 1:** That portion of Sussex County lying within a continuous line beginning at the intersection of Rt. 521 (River Rd.) and Mashipacong Rd.; then west along the northern boundary of the Delaware Water Gap National Recreation Area to the east bank of the Delaware River; then north along the east bank of the Delaware River to the New York State line; then east along the state line to Rt. 519; then south along Rt. 519 to its intersection with Rt. 206 at Branchville; then northwest along Rt. 206 to the intersection with Rt. 633; then south along Rt. 633 to its intersection with Rt. 521; then northwest along Rt. 521 to its intersection with Rt. 206; then northwest on Rt. 521/Rt. 206 to its intersection with Rt. 560; then west along Rt. 560 to the intersection with Ridge Rd.; then north on Ridge Rd. to the intersection with Rt. 206; then north along Rt. 206 to its intersection with Rt. 517 at Franklin; then south along Rt. 517 to its intersection with Rt. 206 at Andover; then north along Rt. 206 to its intersection with Rt. 519 at Newton; then north along Rt. 519 to the New York State line; then east along the New York State line to Rt. 94 to the point of beginning.

**Zone 2:** That portion of Sussex County lying within a continuous line beginning at the intersection of Rt. 94 and the New York State line; then south along Rt. 94 to its intersection with Rt. 23 at Hamburg, then southeast along Rt. 23 to its intersection with Rt. 517 at Franklin; then south along Rt. 517 to its intersection with Rt. 206 at Andover; then north along Rt. 206 to its intersection with Rt. 519 at Newton; then north along Rt. 519 to the New York State line; then east along the New York State line to Rt. 94 to the point of beginning.

**Zone 3:** That portion of Sussex, Morris, Passaic, and Bergen counties lying within a continuous line beginning at the intersection of Rt. 94 and the New York State line; then east along the New York State line to its intersection with Rt. 202 near Suffern; then south along Rt. 202 to its intersection with Rt. 287 in Oakland; then south on Rt. 287 to its intersection with Rt. 23 in Riverdale; then west along Rt. 23 to its intersection with Rt. 94 at Hamburg; then north along Rt. 94 to the point of beginning on the New York State line.

**Zone 4:** That portion of Sussex and Warren counties lying within a continuous line beginning at the intersection of Rt. 521 (River Rd.) and New Mashipacong Rd.; then running along Rt. 521 to its intersection with Rt. 206 in Montague; then south on Rt. 206 to the intersection with Rt. 645 (Layton-Hainesville Rd.); then south on Rt. 645 to the intersection with Rt. 646 in Hainesville (Jagger Rd.); then west on Rt. 646 to the intersection with Ridge Rd.; then south on Ridge Rd. to the intersection with Rt. 560 (Dingman’s Bridge Rd.); then southeast along Rt. 560 to its intersection with Rt. 206; then south on Rt. 206 to its intersection with Rt. 521; then south along Rt. 521 to its intersection with Beavans Rd. at the Hampton Twp. - Frankford Twp. border; then northwest along Beavans Rd. to its intersection with the base of the Kittatinny Ridge then southwest along the east base of the Kittatinny Ridge to the Delaware River at the Delaware Water Gap north and west of Quarry Rd.; then north along the east bank of the Delaware River to the northern park boundary of the Delaware Water Gap National Recreation Area; then east along the northern park boundary of the Delaware Water Gap National Recreation Area to Rt. 521 (River Rd.), the point of beginning. Namanock, Minisink, Depew, Tocks, Pozono and Labar Islands in the Delaware River are included in this zone.

**Zone 5:** That portion of Warren and Sussex counties lying within a continuous line beginning at the intersection of Rt. 521 and Beavans Rd. at the Hampton Township-Frankford Township border; then southeast on Rt. 521 to its intersection with Rt. 633; then north on Rt. 633 to its intersection with Rt. 206 in Branchville; then southeast along Rt. 206.
Zone 6: That portion of Morris, Sussex, Passaic, Warren and Essex counties lying within a continuous line beginning at the intersection of Rt. 80 and Rt. 517 at Allamuchy; then northeast along Rt. 517 to its intersection with Rt. 23 at Franklin; then southeast along Rt. 23 to its intersection with Rt. 618; then south along Rt. 618 to its intersection with Rockaway Valley Rd.; then southwest along Rockaway Valley Rd. to its intersection with Diamond Spring Rd.; then south along Diamond Spring Rd. with West Main St. in Denville; then south along West Main St. to its intersection with Rt. 80; then west along Rt. 80 to the point of beginning at Allamuchy. Picatinny Arsenal (Zone 54) is excluded from Zone 6.

Zone 7: That portion of Hunterdon and Warren counties lying within a continuous line beginning at the intersection of Rts. 31 and 78 at Clinton; then north along Rt. 31 to its intersection with Rt. 46 at Buttzville; then west on Rt. 46 to the Delaware River at Manunkachunk; then south along the east bank of the Delaware to its intersection with Rt. 78 at Phillipsburg; then along the east bank of the Delaware River to Rt. 12 at Frenchtown; then east along Rt. 12 to the point of beginning at Flemington.

Zone 8: That portion of Hunterdon, Morris, Somerset and Warren counties lying within a continuous line beginning at the intersection of Rts. 22 and 206 near Somerville; then north along Rt. 206 to its intersection with Rt. 80 near Netcong; then west along Rt. 80 to its intersection with Rt. 517 at Allamuchy; then south along Rt. 517 to its intersection with Rt. 46 at Hackettstown; then west along Rt. 46 to its intersection with Rt. 31 at Buttzville; then southeast along Rt. 31 to its intersection with Rt. 22 at Clinton; then east along Rt. 22 to the point of beginning at Somerville.

Zone 9: Those portions of Morris and Somerset counties lying within a continuous line beginning at the intersection of Rt. 206 and Rt. 80 near Netcong; then east along Rt. 80 to its intersection with Rt. 46; then east on Rt. 46 to the intersection with Rt. 10 in Ledgewood; then east on Rt. 10 to the intersection with Morris Tpke.; then east and south on Morris Tpke. to Calais Rd.; then west on Calais Rd. to Combs Hollow Rd.; then south on Combs Hollow Rd. to Calais Rd.; then south on Calais Rd. to Mountain Ave. in Mendham; then south and east on Mountain Ave. to Hilltop Rd. (Rt. 525); then south on Rt. 525 to the intersection with Rt. 78; then west on Rt. 78 to the intersection with Rt. 206 near Pluckemin; then north on Rt. 206 to the intersection with Rt. 80 in Netcong, the point of beginning.

Zone 10: That portion of Hunterdon and Warren counties lying within a continuous line beginning at the intersection of Rts. 31 and 12 in Flemington; then north along Rt. 31 to its intersection with Rt. 78 at Clinton; then west along Rt. 78 to the Delaware River at Phillipsburg; then south along the east bank of the Delaware River to Rt. 12 at Frenchtown; then east along Rt. 12 to the point of beginning at Flemington.

Zone 11: That portion of Hunterdon County lying within a continuous line beginning at the intersection of Rts. 12 and 31 and 202 at Flemington; then southwest along Rt. 202 to the Delaware River; then northwest along the east bank of the Delaware River to its intersection with Rt. 12 at Frenchtown; then east along Rt. 12 to the point of beginning at Flemington. Shyhawks, Treasure, Rush, Bull and Eagle Islands lying in the Delaware River are in this zone.

Zone 12: That portion of Somerset, Hunterdon and Mercer counties lying within a continuous line beginning at the intersection of Rts. 31 and 22 at Clinton; then east on Rt. 22 to its intersection with Rt. 206 at Somerville; then south along Rt. 206 to its intersection with Rt. 546 at Lawrenceville; then west on Rt. 546 to its intersection with Rt. 31 at the Pennington traffic circle; then north along Rt. 31 to the point of beginning at Clinton. That portion of Round Valley Recreation Area designated as open to deer hunting is included in Zone 12.

Zone 13: That portion of Morris, Somerset and Union counties lying within a continuous line beginning at the intersection of Rts. 22 and 206 at Somerville; then north on Rt. 206 to the intersection with Rt. 78 near Pluckemin; then east on Rt. 78 to the intersection with Rt. 525; then north on Rt. 525 to Mountain Ave. in Mendham; then north and west on Mountain Ave. to Calais Rd.; then north on Calais Rd. to Combs Hollow Rd., then north on Combs Hollow Rd. to Calais Rd.; then east on Calais Rd. to Morris Tpke.; then north and west on Morris Tpke. to Rt. 10; then west on Rt. 10 to Rt. 46 in Ledgewood; then west on Rt. 46 to the intersection with Rt. 80 near Netcong; then east on Rt. 80 to the intersection with Rt. 511; then south on Rt. 511 to the intersection with Rt. 124 in Morristown; then southeast along Rt. 124 to the intersection with Rt. 82; then southwest along Rt. 82 to the intersection with Rt. 22; then southwest along Rt. 22 to the point of beginning at Somerville. The Great Swamp National Wildlife Refuge (Zone 38) is excluded from Zone 13.

Zone 14: That portion of Mercer, Middlesex, Somerset and Burlington counties lying within a continuous line beginning at the intersection of Rts. 22 and 206 at Somerville, then east along Rt. 22 to its intersection with Interstate 287; then south on
Regulations in red are new this year. Purple text indicates an important note.

Interstate 287 to its intersection with Rt. 18; then south on Rt. 18 to its intersection with the New Jersey Turnpike; then southwest along the New Jersey Turnpike to its intersection with Rt. 545; then northwest on Rt. 545 which becomes Farnsworth Ave.; then continuing northwest on Farnsworth Ave. to its intersection with W. Burlington St.; then southwest on W. Burlington St. to its intersection with Interstate 295; then north on Interstate 295 to its intersection with the Delaware River at Bordentown; then northwest along the east bank of the Delaware River to Rt. 546 at Washington's Crossing; then east on Rt. 546 to its intersection with Rt. 206 at Lawrenceville; then north along Rt. 206 to the point beginning at Somerville. Rotary and Blauguard Islands lying in the Delaware River are in this zone.

Zone 15: That portion of Monmouth, Mercer and Middlesex counties lying within a continuous line beginning at the intersection of the New Jersey Turnpike and Rt. 522 near Jameamburg; then south on the Turnpike to its intersection with Interstate 195, then east on Rt. I-195 to its intersection with Rt. 537 near Holmezon; then northeast on Rt. 537 to its intersection with Rt. 537 in Freehold; then northwest along Rt. 537 to the intersection with the New Jersey Turnpike and Interstate 195; then east along Interstate 195 to the intersection with Rt. 33 near Holmezon; then southwest along Woodruff Rd. to the intersection with Hawthorne Rd. (Prospertown-Colliers Mills Rd.: Rt. 640); then southeast along Hawthorne Rd. (Prospertown-Colliers Mills Rd.: Rt. 640) to the intersection with Colliers Mills Rd.; then west along Colliers Mills Rd. to its intersection with Woodruff Rd.; then southwest along Woodruff Rd. to the intersection with Rt. 537; then southeast along Rt. 537 to the border of the Dix-McGuire section of Joint Base McGuire-Dix-Lakehurst; then westward along the Dix-McGuire section of Joint Base McGuire-Dix-Lakehurst boundary to Rt. 545 near Wrigstown; then northwest along Rt. 545 to the intersection with the New Jersey Turnpike; then northeast along the New Jersey Turnpike to its intersection Interstate 195 the point of beginning.

Zone 16: That portion of Monmouth and Ocean counties lying within a continuous line beginning at the intersection of Rt. 537 and Rt. 571 near Holmezon; then southeast on Rt. 571 to the intersection with Rt. 547; then northeast on Rt. 547 through Farmingdale to the intersection with Tinton Falls Rd.; then north on Tinton Falls Rd. to the intersection with Rt. 33 and Rt. 34; then north on Rt. 34 to the intersection with the fenced boundary of the Earle Naval Weapons Depot property; then westward along the fenced border of the Earle Depot to the intersection with Rt. 33; then west along Rt. 33 to the intersection with Rt. 537 in Freehold; then southwest on Rt. 537 to the intersection with Rt. 571 near Holmezon, the point of beginning.

Zone 17: That portion of Mercer, Monmouth, Burlington and Ocean counties lying within a continuous line beginning at the intersection of the New Jersey Turnpike and Interstate 195; then east along Interstate 195 to the intersection with Rt. 33 near Holmezon; then southwest along Woodruff Rd. to the intersection with Hawthorne Rd. (Prospertown-Colliers Mills Rd.: Rt. 640) then southeast along Hawthorne Rd. (Prospertown-Colliers Mills Rd.: Rt. 640) to the intersection with Colliers Mills Rd.; then west along Colliers Mills Rd. to its intersection with Woodruff Rd.; then southwest along Woodruff Rd. to the intersection with Rt. 537; then southeast along Rt. 537 to the border of the Dix-McGuire section of Joint Base McGuire-Dix-Lakehurst; then westward along the Dix-McGuire section of Joint Base McGuire-Dix-Lakehurst boundary to Rt. 545 near Wrigstown; then northwest along Rt. 545 to the intersection with Rt. 70 at Four Mile Circle; then west on Rt. 70 to its intersection with Burrs Mill Rd.; then southwest on Burrs Mill Rd. to its intersection with Avenue Rd.; then south on Avenue Rd. to its intersection with Sooy Place Rd.; then south on Sooy Place Rd. to its intersection with Irick’s Causeway; then southwest on Irick’s Causeway to its intersection with Rt. 532 (Chatsworth Rd.); then west along Rt. 532 to its intersection with Butterworth’s Bogs Rd.; then south and west along Butterworth’s Bogs Rd. to its intersection with Brace Lane; then west along Brace Lane to its intersection with Bozarthtown Rd.; then southwest along Bozarthtown Rd. to its intersection with Dingletown Rd.; then southwest along Dingletown Rd. which becomes Forked Neck Rd. and curves to the west; then west along Forked Neck Rd. to its intersection with Rt. 206; then south along Rt. 206 to its intersection with Rt. 541, Stoxes Rd.; then northwest along Rt. 541 to its intersection with Willow Grove Rd.; then southwest on Willow Grove Rd. to its intersection with Atson Rd.; then northwest on Atson Rd. to its intersection with Rt. 534, Jackson Rd.; then west along Rt. 534 to its intersection with Rt. 73; then north along Rt. 73 to its intersection with the New Jersey Turnpike; then northeast along the New Jersey Turnpike to its intersection with Rt. 38; then east along Rt. 38 to its intersection with Rt. 530; then east along Rt. 530 to its intersection with Rt. 616 (Vincentown-Pemberton Rd.); then northeast on Rt. 616, Hanover St., into the town of Pemberton to its intersection with Elizabeth St., then east on Elizabeth St., which becomes Pemberton-Browns Mills Rd. (Rt. 687) to its intersection with Rt. 530 (Pemberton-By-Pass Rd.); then east on Rt. 530 to its intersection with Rt. 646 (New Lisbon-Four Mile Rd.), the point of beginning.
Fort Dix Military Reservation (Zone 37) is excluded from Zone 19. Franklin Parker Preserve and Four Mile Spring Preserve (Zone 68) is excluded from Zone 19.

**Zone 20:** Not designated.

**Zone 21:** That portion of Ocean and Burlington counties lying within a continuous line beginning at the intersection of Rt. 530 and the Garden State Parkway near South Toms River; then south along the Parkway to its intersection with Rt. 72; then northwest along Rt. 72 to its intersection with Rt. 644 (Buddtown-Ong’s Hat Rd.) at Four Mile Circle; then northwest on Rt. 644 to its intersection with Turkey Buzzard Bridge Rd.; then northeast on Turkey Buzzard Bridge Rd. to its intersection with Rt. 646 (New Lisbon-Four Mile Rd.); then northwest on Rt. 646 to its intersection with Rt. 539 and Rt. 530 near Whiting; then east along Rt. 530 to its intersection with the Garden State Parkway near South Toms River, the point of beginning. Fort Dix Military Reservation (Zone 37) is excluded from Zone 21.

**Zone 22:** That portion of Ocean and Burlington counties lying within a continuous line beginning at the intersection of the Garden State Parkway and Rt. 72 near Manahawkin; then south along the Garden State Parkway to its intersection with Stage Rd.; then west along Stage Rd. to its intersection with Leektown Rd.; then west along Leektown Rd. (which turns into Rt., 653 to its intersection with the Wading River; then south along the east bank of the Wading River to its intersection with the Mullica River and the Atlantic-Burlington County line; then east along the Atlantic Ocean to Rt. 72 at Ship Bottom; then west along Rt. 72 to the Garden State Parkway, the point of beginning. The Edwin B. Forsythe National Wildlife Refuge (Zone 58) is excluded from Zone 22.

**Zone 23:** That portion of Burlington, Atlantic and Camden counties lying with a continuous line beginning at the intersection of Rt. 563 and the Mullica River at the Atlantic-Burlington County line near Green Bank; then north and west along the north bank of the Mullica River to its intersection with Rt. 542 at Pleasant Mills; then west along Rt. 542 to its intersection with Nescochague Creek; then northwest along Nescochague Creek to Great Swamp Branch; then westward along Great Swamp Branch to its intersection with Rt. 206 (just south of the intersection of Rt. 206 and Middle Rd.); then south along Rt. 206 to its intersection with Rt. 30; then northwest along Rt. 30 to its intersection with Rt. 73; then north on Rt. 73 to its intersection with Rt. 534, Jackson Rd.; then east along Rt. 534 to its intersection with Atsion Rd.; then southeast on Atsion Rd. to its intersection with Willow Grove Rd.; then northeast on Willow Grove Rd. to its intersection with Rt. 541, Stokes Rd.; then southeast along Rt. 541 to its intersection with Rt. 206; then north along Rt. 206 to its intersection with Forked Neck Rd then east along Forked Neck Rd. which becomes Dingletown Rd. curving to the northeast; then northeast along Dingletown Rd. to its intersection with Bozarthtown Rd.; then northeast along Bozarthtown Rd. to its intersection with Bozarthtown Rd. to its intersection with Brace Lane; then east on Brace Lane to its intersection with Butterworth’s Bogs Rd.; then north on Butterworth’s Bogs Rd. to its intersection with Rt. 552 (Chatsworth Rd.); then east on Rt. 532 to its intersection with Irick’s Causeway; then northeast on Irick’s Causeway to its intersection with Sooy Place Rd. (Vincentown-South Park Rd.); then northwest on Sooy Place Rd. to its intersection with Avenue Rd.; then northeast on Avenue Rd. to its intersection with Burr’s Mill Rd.; then northeast on Burr’s Mill Rd. to its intersection with Rt. 70; then east on Rt. 70 to its intersection with Rt. 72 at Four Mile Circle; then southeast on Rt. 72 to its intersection with Rt. 563; then southwest along Rt. 563 to its intersection with the Mullica River at the Atlantic-Burlington County line, the point of beginning near Green Bank. Franklin Parker Preserve and Four Mile Spring Preserve (Zone 68) is excluded from Zone 23.
**Deer Management Zone**

**BOUNDARY DESCRIPTIONS**

Highlighted zones indicate a boundary change.

**Zone 24:** That portion of Burlington and Ocean counties lying within a continuous line beginning at the intersection of Rt. 563 and Rt. 72; then southeast along Rt. 72 to its intersection with the Garden State Parkway; then south along the Parkway to its intersection with Stage Rd.; then west along Stage Rd. to its intersection with Leektown Rd.; then west along Leektown Rd. (which turns into Rt. 653) to its intersection with the Wading River; then south along the east bank of the Wading River to its intersection with the Mullica River and the Atlantic-Burlington County line; then west along the north bank of the Mullica River and the Atlantic-Burlington County line; then north along Rt. 563 to its intersection with Rt. 72 at Buena, the point of beginning.

**Zone 25:** That portion of Salem, Gloucester, Atlantic and Camden counties lying within a continuous line beginning at the intersection of Rt. 54 and Rt. 40 near Buena; then west on Rt. 40 to its intersection with Rt. 553; then north on Rt. 553 to its intersection with Rt. 610 (Aura Rd.); then southeast on Rt. 610 to its intersection with Rt. 655 (Fries Mills Rd.); then north on Rt. 655 to its intersection with Rt. 322; then west on Rt. 322 to its intersection with Rt. 47 at Glassboro; then north on Rt. 47 to its intersection with County Rt. 635 (Hurfville-Grenloch Rd.); then eastward on County Rt. 635 to its intersection with County Rt. 705 (County House Rd.); then southeast along Rt. 705 to its intersection with County Rt. 688 (Turnerville-Hickstown Rd.); then eastward along County Rt. 688 to its intersection with County Rt. 689 (Berlin-Crosskeys Rd.); then northeast along County Rt. 689 to its intersection with Rt. 73 at Berlin; then south on Rt. 73 to its intersection with Rt. 30; then southeast along Rt. 30 to its intersection with Weymouth Rd. (Rts. 640-559); then southward on Weymouth Rd. to its intersection with the Atlantic City Expressway; then west along the Atlantic City Expressway to its intersection with Eighth St.; then south along Eighth St. to its intersection with Rt. 322; then westward on Rt. 322 to its intersection with Rt. 54; then southward on Rt. 54 to its intersection with Rt. 40 near Buena, the point of beginning. Zone 65 is excluded from Zone 25.

**Zone 26:** That portion of Atlantic County lying within a continuous line beginning at the intersection of Rts. 40 and 54 near Buena; then west on Rt. 40 to its intersection with Rt. 553; then north on Rt. 553 to its intersection with Rt. 610 (Aura Rd.); then southeast on Rt. 610 to its intersection with Rt. 655 (Fries Mills Rd.); then north on Rt. 655 to its intersection with Rt. 322; then west on Rt. 322 to its intersection with Rt. 47 at Glassboro; then north on Rt. 47 to its intersection with County Rt. 635 (Hurfville-Grenloch Rd.); then eastward on County Rt. 635 to its intersection with County Rt. 705 (County House Rd.); then southeast along Rt. 705 to its intersection with County Rt. 688 (Turnerville-Hickstown Rd.); then eastward along County Rt. 688 to its intersection with County Rt. 689 (Berlin-Crosskeys Rd.); then northeast along County Rt. 689 to its intersection with Rt. 73 at Berlin; then south on Rt. 73 to its intersection with Rt. 30; then southeast along Rt. 30 to its intersection with Weymouth Rd. (Rts. 640-559); then southward on Weymouth Rd. to its intersection with the Atlantic City Expressway; then west along the Atlantic City Expressway to its intersection with Eighth St.; then south along Eighth St. to its intersection with Rt. 322 (Black Horse Pike), near Hammonton; then south on Rt. 30 to its intersection with Rt. 54; then southward on Weymouth Rd. (Rts. 640-559); then southward on Weymouth Rd. to its intersection with the Atlantic City Expressway; then west along the Atlantic City Expressway to its intersection with Eighth St.; then southwest along Eighth St. to its intersection with Rt. 322; then westward on Rt. 322 to its intersection with Rt. 54; then southwest along Rt. 54 to its intersection with Rt. 40 at Buena, the point of beginning. The Atlantic County Park System (Zone 61) is excluded from Zone 26.
Zone 27: That portion of Cumberland and Salem counties lying within a continuous line beginning at the intersection of Rts. 77 and 40 at Pole Tavern; then northwest on Rt. 40 to its intersection with Rt. 48; then west on Rt. 48 through Penns Grove to the Delaware River; then south along the east bank of the Delaware River to its intersection with the Salem Canal at Deepwater; then eastward along the west bank of the Salem Canal to its intersection with the Salem River; then southward along the west bank of the Salem River to its intersection with Rt. 49 at Salem; then southeast on Rt. 49 to its intersection with Salem County Rt. 667 (Pecks Corner-Cohansey Rd.) at Pecks Corner; then eastward along Rt. 667 to its intersection with Rt. 540; then east along Rt. 540 to its intersection with Rt. 77; then north on Rt. 77 to its intersection with Rt. 40 at Pole Tavern, the point of beginning.

Zone 29: That portion of Salem and Cumberland counties lying within a continuous line beginning with the intersection of Rts. 77 and 49 at Bridgeton; then northwest on Rt. 49 to its intersection with Alloway Creek at Quinton; then southwest along the northern bank of the Alloway Creek to its intersection with the Delaware River; then south along the east bank of the Delaware River to the Cohansey River; then along the northwest bank of the Cohansey River to Bridgeton, the point of beginning.

Zone 30: That portion of Cumberland County lying within a continuous line beginning at Fairton on the Cohansey River; then west along the south bank of the Cohansey River to the Delaware River; then south along the east bank of the Delaware River to the Maurice River; then north along the west bank of the Maurice River to Haleyville-Mauricetown Rd. (County Rd. 676); then west on Haleyville-Mauricetown Rd. to its intersection with Central Railroad of New Jersey (C.R.R.N.J.); then west along the C.R.R.N.J. line to its intersection with Newport-Centre Grove Rd. (County Rd. 629); then southwest on Newport Centre Grove Rd. to its intersection with Rt. 553; then northwest along Rt. 553 to the Cohansey River at Fairton; then north on the east bank of the Cohansey River to Bridgeton, the point of beginning.

Zone 31: That portion of Cumberland County lying within a continuous line beginning at the intersections of Rts. 77 and 49 at Bridgeton; then east on Rt. 49 to the Maurice River near Millville; then south along the west bank of the Maurice River near Millville; then south along the west bank of the Maurice River to Buckshutem Creek; then west on the north bank of Buckshutem Creek to its intersection with Buckshutem Rd. (County Rd. 628); then northwest on Buckshutem Rd. to its intersection with Cedarville Rd. (County Rd. 610); then southwest on Cedarville Rd. to its intersection with Newport Centre Grove Rd. (County Rd. 629); then southwest on Newport Centre Grove Rd. to its intersection with Rt. 553; then northwest along Rt. 553 to the Cohansey River at Fairton; then north on the east bank of the Cohansey River to Bridgeton, the point of beginning.

Pack out what you pack in!

**NO LITTERING!**

Respect our natural resources and all landowners, whether public or private. The hunter image depends on you; a little litter can make a huge difference.
Zone 47: That portion of Gloucester, Atlantic and Cumberland counties lying within a continuous line beginning at the intersection of Rts. 47 and 40 at Malaga; then southeast on Rt. 40 to its intersection with Estell Ave.; then south on Estell Ave to its intersection with Rt. 552; then southwest on Rt. 552 to spur 552; then west on spur 552 to its intersection with Rt. 47 at Millville; then north on Rt. 47 to Malaga, the point of beginning.

Zone 48: That portion of Burlington County lying within a continuous line beginning at the intersection of the New Jersey Turnpike and Rt. 38 near Moorestown; then east along Rt. 38 to its intersection with Rt. 530; then east along Rt. 530 along the Pemberton by-pass to its intersection with the southern boundary of the Dix-McGuire section of Joint Base McGuire-Dix-Lakehurst; then northward along the western Dix-McGuire section of Joint Base McGuire-Dix-Lakehurst boundary to its intersection with County Rd. 670; then east on County Rd. 670 to its intersection with Rt. 545 at Wrightstown; then northeast on Rt. 545 which becomes Farnsworth Ave.; then continuing northwest on Farnsworth Ave. to its intersection with W. Burlington St.; then southwest on W. Burlington St. to its intersection with Interstate 295; then north on Interstate 295 to its intersection with Rt. 541 at the mouth of Mantua Creek on the Delaware River; then northeast along the east bank of the Delaware River to Rt. 541 at the City of Burlington; then southeast along Rt. 541 to its intersection with Interstate 295; then southwest along Interstate-295 to its intersection with Rancocas Creek; then east along the Rancocas Creek to its intersection with the New Jersey Turnpike; then southwest along the New Jersey Turnpike to its intersection with Rt. 38, the point of beginning. Petty Island lying in the Delaware River is in this zone.

Zone 49: That portion of Gloucester, Camden and Burlington counties lying within a continuous line beginning at the mouth of Mantua Creek on the Delaware River; then northeast along the east bank of the Delaware River to Rt. 541 at the City of Burlington; then southeast along Rt. 541 to its intersection with Interstate 295; then southwest along Interstate-295 to its intersection with Rancocas Creek; then east along Rancocas Creek to its intersection with the New Jersey Turnpike; then southwest along the New Jersey Turnpike to its intersection with Rt. 38, the point of beginning. Petty Island lying in the Delaware River is in this zone.

Zone 50: That portion of Monmouth and Middlesex counties lying within a continuous line beginning at the intersection of the New Jersey Turnpike and Rt. 522 near Jamesburg; then southeast on Rt. 522 to its intersection with Rt. 537 at Freehold; then southwest on Rt. 537 to the intersection with Rt. 36; then east on Rt. 36 to its intersection with the western edge of the fenced boundary of the Earle Naval Weapons Depot; then north and east along the fenced boundary of the Earle Depot to the intersection of County Rt. 38 (Wayside Rd.) and Rt. 547 at the most eastern point of the fenced boundary of Naval Weapons Station-Earle; then northeast on Rt. 547 to the intersection with the Garden State Parkway; then north on the Garden State Parkway to the intersection with Rt. 36 near Eatontown; then east on Rt. 36 to the Atlantic Ocean; then north along the Atlantic coastline to the Raritan Bay; then south and west along the southern shore of Raritan Bay to the Raritan River; then continuing west along the southern bank of the Raritan River to the intersection with the Delaware River at Bordentown; then southwest along the east bank of the Delaware River to Rt. 541 at the City of Burlington; then southeast along Rt. 541 to its intersection with Interstate 295; then southwest along Interstate 295 to its intersection with Rancocas Creek; then east along Rancocas Creek to its intersection with the New Jersey Turnpike; then southwest along the New Jersey Turnpike to its intersection with Rt. 38, the point of beginning. Petty Island lying in the Delaware River is in this zone.
New Jersey Turnpike; then southwest along the New Jersey Turnpike to the intersection with Rt. 522, the point of beginning. Monmouth Battlefield State Park (Zone 64), and Naval Weapons Station Earle (Zones 39 and 40), are excluded from this zone.

**Zone 51:** That portion of Monmouth and Ocean counties lying within a continuous line beginning at the intersection of Rt. 547 and Rt. 571 near Lakehurst; then southeast along Rt. 571 to the intersection with the Garden State Parkway; then south on the Garden State Parkway to its intersection with Rt. 72 near Manahawkin; then east along Rt. 72 to the Atlantic Ocean at Ship Bottom; then north along the Atlantic coastline to the intersection with Rt. 36 in Long Branch; then west on Rt. 36 to the intersection with the Garden State Parkway near Eatontown; then south on the Parkway to its intersection with 547; then south on Rt. 547 through Farmingdale to the intersection with Rt. 571, the point of beginning.

**Zone 52:** Not designated.

**Zone 53:** That portion of the Lakehurst section of Joint Base McGuire-Dix-Lakehurst, U.S. Air Force, that formerly consisted of Lakehurst Naval Air Engineering Center, U.S. Department of the Navy, designated as open for deer hunting, lying within Ocean County.

**Zone 54:** Those portions of Picatinny Arsenal, U.S. Department of the Army, Installation Management Agency (IMA), designated as open for deer hunting, lying within Morris County.

**Zone 55:** That portion of Gloucester County lying within a continuous line beginning at the intersection of Rts. 47 and 322 at Glassboro; then east along Rt. 322 (County Rt. 536) to its intersection with Rt. 655 (Fries Mill Rd.); then south on Rt. 655 to its intersection with Rt. 610 (Academy Ave.); then west on Rt. 610 to its intersection with Rt. 47 (Delsea Drive) at Clayton; then north along Rt. 47 to its intersection with Rt. 322 at Glassboro, the point of beginning.

**Zone 56:** That portion of Edwin B. Forsythe National Wildlife Refuge, U.S. Department of the Interior, located south of Stoney Hill Rd., designated as open for deer hunting, lying within Atlantic County.

**Zone 57:** That portion of Edwin B. Forsythe National Wildlife Refuge, U.S. Department of the Interior, located north of Stoney Hill Rd. and south of the Mullica River, designated as open for deer hunting, lying within Atlantic County.

**Zone 70:** Those portions of Edwin B. Forsythe National Wildlife Refuge, including the Barnegat Division, U.S. Department of the Interior, located north of the Mullica River and south of Rt. 72, designated as open for deer hunting, lying within Burlington and Ocean counties.

**Zone 58:** Those portions of Edwin B. Forsythe National Wildlife Refuge, including the Barnegat Division, U.S. Department of the Interior, located north of Rt. 72, designated as open for deer hunting, lying within Ocean county.

**Zone 59:** Not designated.

**Zone 60:** Not designated.

**Wildlife Preservations Taxidermy**

The Global Leader in Museum Taxidermy

I invite you to look into a world where art and science fuse to evoke emotion. Our studio has been bringing dreams to reality for over 20 years; faithfully committed to the advancement of client services and quality of work. Some of the most prestigious Museums and collectors from around the world continue to enjoy services such as:

- Design, planning, and consulting.
- Custom sculpture and original molds.
- Complete exhibit fabrication and murals.
- Model making.
- Seminars and workshops.
- Cleaning and restoration.

Why settle for just taxidermy when you deserve so much more? With prices more reasonable than you might think, can you really afford not to use us?

| Info           | • Legal hunting hours: 1/2 hour before sunrise to 1/2 hour after sunset. No firearm deer hunting on Sunday. Limited Sunday bowhunting allowed.  

• **Note:** Only one antlerless permit, per zone, may be purchased in each permit season. If a hunter purchases an antlerless permit for more than one zone in a season, the Antlered Buck Permit is valid for a ONE TIME USE in only ONE of the zones for which the hunter holds a permit. Properly licensed hunters are still limited to ONE antlered buck per season, regardless of the number of antlerless permits purchased.  

* Any antlered deer taken in Zone 34 must have at least three antler points on one side of the rack.  

• Legal hunting hours: 1/2 hour before sunrise to 1/2 hour after sunset. No firearm deer hunting on Sunday. Limited Sunday bowhunting allowed.

- Marine Region — (609) 748-2050
  (coastal and bay areas)
- To report violations anonymously call Operation Game Thief — (855) OGT-TIPS

For more information contact New Jersey Division of Fish and Wildlife at (609)292-2965
New Jersey Deer Management Zones*

* Map is for reference only. Use a county map or see NJFishandWildlife.com/ahrs while following zone boundary descriptions beginning on page 34.
Before heading to your hunting location, use the easy, online Deer Hunting Location Viewer to make use of the Automated Deer Harvest Report System easy, fast and accurate!

See page 32 for details.

Four Easy Steps to Find Your Deer Season Regs by Zone

1. **Start** with the map on this page, then go to the Deer Management Zone (DMZ) Descriptions, page 34, to confirm your exact zone boundary. Follow the zone boundary description with a county map to determine your exact location. Be sure to check for new boundary changes each year!

2. **Use** the Regulation Sets Reference Chart on page 48 to learn in which regulation set your DMZ is located.

3. **Find** your actual regulation set (see page 44), then confirm that your DMZ is listed at the top of that regulation set.

4. **Locate** your desired hunting season (e.g., fall bow, permit muzzleloader) for dates, bag limits and special information for your DMZ in the color-coded Deer Regulation Sets chart.

August 2013

For more information contact New Jersey Division of Fish and Wildlife at (609)292-2965

New Jersey Hunting & Trapping Digest | 49
Permits for Zone 61 will be available for sale on the Internet, over the phone, at all license agencies, and at the Atlantic County Park office at 6303 Old Harding Highway, Mays Landing, NJ 08330. All applicants must call (609) 625-8219 prior to the lottery for specific rules, restrictions and hunter orientation dates. Hunter orientation attendance is required for Zone 61. The use of bait is prohibited in Zone 61.

Cheesequake State Park (Zone 50)
Designated areas of the park are open to deer hunting. Deer Management Zone 50 regulations apply. A free park access permit is required. A limited supply of permits will be available. Contact the park office at (732) 566-2161 or check the website for details. Hunters must supply both their current hunting and driver's licenses.

High Point State Park (Zone 67)
To hunt High Point State Park, hunters must purchase a Zone 67 permit from a license agent or via Fish and Wildlife's Internet license sales site. Permits are available over-the-counter on a first come, first served basis, beginning at 10 a.m. Monday, Sept. 9, 2013. Permits will be available until the quota is met or the season ends, whichever occurs first. See Deer Season Permits, page 16.

Permit Muzzleloader Season: Nov. 4–7 and 11–14, 2013; Bag limit: unlimited antlerless deer and one antlered deer. The hunter's first deer must be antlerless. Successful hunters may then harvest an antlered deer if in possession of an Antlered Buck Muzzleloader Permit. Any antlered deer taken in Zone 67 must have at least one antler with three antler points. A total of 350 permits are available.

Six-day Firearm Season: Dec. 9–14, 2013; Bag limit: unlimited antlerless and one antlered deer. Any antlered deer taken in Zone 67 must have at least one antler with three antler points. Only those portions of Zone 67 that are south and west of Rt. 23 will be open for the winter bow season.

Winter Bow Season: Jan. 1–31, 2014; Bag limit: Unlimited antlerless deer and ONE antlered deer. Please note: Hunting during the Winter Bow Season on Atlantic County Park property (Zone 61) is NOT open to all hunters. ONLY hunters with a valid 2013 Zone 61 Permit Bow Season permit are allowed to hunt the property during Winter Bow Season.

Deer hunting is prohibited here all other times. The Atlantic County Park office is located at 6303 Old Harding Highway, Mays Landing, NJ 08330. All applicants must call (609) 625-8219 prior to the lottery for specific rules, restrictions and hunter orientation dates. Hunter orientation attendance is required for Zone 61. The use of bait is prohibited in Zone 61.

Hunterdon County Park System
Parks within the Hunterdon County Park System open to deer hunting require a park access permit. Applications are available at the Hunterdon County Arboretum, Rt. 31, Lebanon, NJ. Before hunting, call (908) 782-1158 for more information, or log onto co.hunterdon.nj.us and click on Parks and Recreation.

Mercer County Parks (Zone 41)
The Mercer County Park Commission operates a deer management program at Baldpate Mountain in Hopewell Township. Hunters must apply for a county-issued permit. Hunting at Baldpate Mountain is allowed only on select days during the Permit Shotgun, Six-day Firewall and Permit Muzzleloader seasons.

The Pole Farm section of Mercer Meadows is open for the bow seasons. To hunt Baldpate or the Pole Farm, call (609) 303-0706, email jrogers@mercercounty.org or check the website at www.mercercountyparks.org for season dates and permit requirements.

Howell Living History Farm in Hopewell Township (DMZ 41) allows limited permit muzzleloader and winter bow hunting. A non-refundable $5 fee is required. Deer hunting here is prohibited at all other times. Call (609) 737-3299 for more information, season dates, maps and access permits before purchasing a Zone 41 permit.

Middlesex County Park System
Portions of specified parks within the Middlesex County Park System are open to deer hunting. A park system permit is required. Call (732) 745-8278 for maps and more information.

Monmouth Battlefield State Park (Zone 64)
To hunt Monmouth Battlefield State Park, hunters must apply for a Zone 64 Permit. Permits for Zone 64 will be available for sale on a first come, first served basis beginning 10 a.m. Monday, Sept. 9, 2013. Permits will be available for sale until 11:59 p.m. Monday, Sept. 30. Permits will be available for sale at all license agents and online over the Internet. The permit quotas for Zone 64 are as follows: 60 permits will be available for the Permit Bow Season, 60 permits will be available for the Permit Muzzleloader Season and 100 permits will be available for the Permit Muzzleloader Season.

Permit Bow Season: Oct. 26 – Dec. 24, 26–31, 2013; Bag limit: unlimited antlerless deer. In addition, hunters who purchase an Antlered Buck Bow Permit may harvest ONE antlered deer. A total of 60 permits are available.

Permit Muzzleloader Season: Dec. 2 and Dec. 16, 17, 21–24, 26–31, 2013 and Jan. 1–11, 2014; Bag limit: unlimited antlerless deer. In addition, hunters who purchase an Antlered Buck Muzzleloader Permit may harvest ONE antlered deer. A total of 60 permits are available.

Six-day Firearm Season: Dec. 9–14, 2013; Bag limit: two antlered deer. However, if a hunter harvests two antlered deer, they forfeit the opportunity to harvest an antlered deer during the Permit Shotgun Season. Only one buck may be taken at a time.

Permit Shotgun Season: Dec. 9–14 and 18–20, 2013; Bag limit: unlimited antlerless deer. In addition, hunters who purchase an Antlered Buck Shotgun Permit may harvest ONE antlered deer. However, for hunters who harvest two antlered deer during the Six-day Firearm Season, the bag limit in the Permit Shotgun Season is restricted to unlimited antlerless deer only. A total of 100 permits are available.

Winter Bow Season: Jan. 1–31, 2014; Bag limit: Unlimited antlerless deer and ONE antlered deer. Please note: Hunting during the Winter Bow Season on Atlantic County Park property (Zone 61) is NOT open to all hunters. ONLY hunters with a valid 2013 Zone 61 Permit Bow Season permit are allowed to hunt the property during Winter Bow Season.

Deer hunting is prohibited here all other times. The Atlantic County Park office is located at 6303 Old Harding Highway, Mays Landing, NJ 08330. All applicants must call (609) 625-8219 prior to the lottery for specific rules, restrictions and hunter orientation dates. Hunter orientation attendance is required for Zone 61. The use of bait is prohibited in Zone 61.
Monmouth County Park System

Portions of specified parks within the Monmouth County Park System are open to deer hunting. A park system permit is required. Call (732) 842-4000 or visit monmouthcountyparks.com for maps and more information.

Morris County Park System

In accordance with the Park Commission’s deer management program, designated areas of select parks are open for deer hunting on select dates during the Fall Bow, Permit Bow, Winter Bow, Permit Shotgun and Muzzleloader seasons. A Park Commission access permit is required. Hunting is prohibited at all other times. All applicable zone regulations apply.

The Morris County Park Commission will supply additional information about hunting regulations and procedures to those hunters that are issued an access permit. Call (973) 326-7622 or visit MorrisParks.net/deer/ for information about permit applications.

Rancocas State Park (Zone 48)

Designated areas of the park are open to deer hunting during the Fall Bow, Permit Bow and Winter Bow seasons. Deer Management Zone 48 regulations apply. The park is closed to deer hunting at all other times. Before hunting in Rancocas State Park, call (609) 965-5220 for more information.

Round Valley Recreation Area (Zone 12)

Designated portions of the area are open to deer hunting during all or portions of the Fall Bow, Permit Bow, Six-day Firearm and Winter Bow seasons. Deer Management Zone 12 regulations apply. The area is closed to deer hunting at all other times. Any area administered by Round Valley, not located within Round Valley Recreation Area, is also available for hunting. Contact the Round Valley office for hunting information at (908) 236-6355.

Six-Mile Run Reservoir site, administered by D & R Canal State Park (Zone 14)

Designated areas of the park are open to deer hunting during the Fall Bow, Permit Bow and Winter Bow seasons. Deer Management Zone 14 regulations apply. The park is closed to deer hunting at all other times. Call the Delaware-Raritan Canal State Park (609) 924-5705 for more information and a detailed map before hunting in Six-Mile Run Reservoir site.

Spruce Run Recreation Area (Zone 7)

Designated portions of the area are open to bow-hunting for deer hunting; except not on Sundays, during the Fall Bow, Permit Bow and Winter Bow Seasons. Deer Management Zone 7 regulations apply. The area is closed to deer hunting at all other times. Hunters must use the boat launch parking lot. Call (908) 658-8572 for more information.

Washington Crossing State Park (Zone 41)

Designated areas of the park are open to deer hunting during the Fall Bow, Permit Bow and Winter Bow seasons. Deer Management Zone 41 regulations apply. The park is closed to deer hunting at all other times. Call (609) 737-0623 for more information.

Special Areas—Federal Installations (other than National Wildlife Refuges)

Earle Naval Weapons Station Depot (Zone 39)

(Zone 40 has been incorporated into Zone 39).

Not open to the general public. The following information is provided for civilian employees or military personnel assigned to the base. Hunters must purchase a Zone 39 permit from license agents or via Fish and Wildlife’s Internet license sales site. Permits are available over-the-counter on a first come, first served basis beginning at 10 a.m. on Monday, Sept. 9, 2013. Permits will be available until the quota is met or the season ends, whichever comes first. See Deer Season Permits, page 16. The hunter is responsible to confirm they have current authorization for access to Earle prior to purchasing a permit. Purchasing a deer permit for Zone 39 does NOT guarantee access to Earle Naval Weapons Station. Only those individuals who have authorization for hunting privileges and corresponding gate access on the installation are allowed to hunt. There are no refunds or exchanges for permits that cannot be used. Please contact Eric Helms at (732) 866-2337 for more information. Deer hunting is allowed on Christmas Day and New Year’s Day in Zones 39.

Permit Bow Season (Zone 39): Oct. 26–Dec. 24 and Dec. 26–31, 2013; Bag limit: unlimited antlerless deer. In addition, hunters who purchase an Antlered Buck Bow Permit may harvest ONE antlered deer. A total of 190 permits are available.

Six-day Firearm Season (Zone 39): Dec. 9–14, 2013; Bag limit: two antlered deer. However, if a hunter harvests two antlered deer, they forfeit the opportunity to harvest an antlered deer during the Permit Shotgun Season. Only one buck may be taken at a time.

Permit Muzzleloader (Zone 39): Dec. 2–7, and 16–31, 2013 and Jan. 1–Feb. 8, 2014; Bag limit: unlimited antlerless deer. In addition, hunters who purchase an Antlered Buck Muzzleloader Permit may harvest ONE antlered deer. Two deer may be taken at one time. A total of 100 permits are available.

Permit Shotgun Season (Zone 39): Dec. 7–9–14, 21, and 28, 2013 and Jan. 4, 11, 18, 25 and Feb. 1 and 8, 2014; Bag limit: unlimited antlerless deer. In addition, hunters who purchase an Antlered Buck Shotgun Permit may harvest ONE antlered deer. However, for hunters who harvest two deer during the Six-day Firearm Season, the bag limit in the Permit Shotgun Season is restricted to unlimited antlerless deer only. Two deer may be taken at one time. A total of 160 permits are available.

Winter Bow Season (Zone 39): Jan. 1–Feb. 15, 2014; Bag limit: unlimited antlerless deer and ONE antlered deer.

Federal Aviation Administration

William J. Hughes Technical Center (Zone 66)

The Technical Center is open to deer hunting through a cooperative agreement between the FAA, the New Jersey Division of Fish and Wildlife, New Jersey State Federation of Sportsmen’s Clubs (NJSSFSC) and the United Bowhunters of New Jersey (UBNJ). Membership in either the NJSSFSC or UBNJ is required to obtain access to the Technical Center for deer hunting. Hunters wishing to hunt Zone 66 must have approval from the administrative authority of FAA Technical Center (Zone 66) before purchasing a Zone 66 Permit. Call (609) 485-6938 for more information.

Not open to the general public. Hunters must purchase their Zone 66 permits from license agents or via Fish and Wildlife’s Internet license sales site. Permits are available over-the-counter on a first-come, first-served basis beginning at 10 a.m. on Monday, Sept. 9, 2013, permits will be available for sale until the season ends or the permit quota is reached, whichever comes first. The hunter is responsible to confirm they have current authorization for access to FAA Technical Center prior to purchasing a permit. Purchasing a deer permit for Zone 66 does NOT guarantee access to the Federal Aviation Administration Technical Center. Only those individuals who have authorization for hunting privileges and corresponding gate access on the installation are allowed to hunt. There are no refunds or exchanges for permits that cannot be used.

The use of bait is prohibited in Zone 66.

Six-day Firearm Season: Dec. 9–14, 2013; Bag limit: two antlered deer. However, if a hunter harvests two antlered deer, they forfeit the opportunity to harvest an antlered deer during the Permit Shotgun Season. Only one buck may be taken at a time.

Permit Muzzleloader Season: Nov. 30–Dec. 7, 13, 14, 2013 and Jan. 4, 11, 2014; Bag limit: unlimited antlerless deer. In addition, hunters who purchase an Antlered Buck Muzzleloader Permit may harvest ONE antlered deer. Two deer may be taken at one time. A total of 15 permits are available.

Permit Shotgun Season: Nov. 30–Dec. 7, 13, 14, 2013 and Jan. 4, 11, 2014; Bag limit: unlimited antlerless deer. In addition, hunters who purchase an Antlered Buck Shotgun Permit may harvest ONE antlered deer. However, for hunters who harvest two antlered deer during the Six-day Firearm Season, the Bag limit in the Permit Shotgun Season is restricted to unlimited antlerless deer only. Two deer may be taken at one time. A total of 65 permits are available.

Winter Bow Season: Jan. 1–31, 2014; Bag limit: unlimited antlerless deer and ONE antlered deer.

Dix-McGuire section of Joint Base McGuire-Dix-Lakehurst, U.S. Air Force, that formerly consisted of Fort Dix Military Reservation (Zone 37)

Hunters must purchase a Zone 37 permit. Permits for Zone 37 will be available for sale on a first come, first served basis beginning 10 a.m. Monday, Sept. 9, 2013. Permits will be available for sale until the season ends or the permit quota is reached, whichever comes first. Permits may be purchased at license agents or via Fish and Wildlife's Internet license sales site. The hunter is responsible to confirm they have current authorization for access to Dix-McGuire prior to purchasing a permit. Purchasing a deer permit for Zone 37 does NOT guarantee access. Only those individuals who have authorization for hunting privileges and corresponding gate access on the installation are allowed to hunt. There are no refunds or exchanges for permits that cannot be used.

Hunters must comply with all Dix-McGuire regulations. Persons hunting on this post must sign in and out at Range 14 each day when hunting. Military training will take precedence over hunting. Call Range 14 at (609) 562-4676 on Wednesday/Friday 2 p.m. – 8 p.m. or Saturday/Sunday 9 a.m. – 4 p.m. for more information and fee schedules. Any antlered deer taken in Zone 37 must have at least one antler with three or more antler points. Deer hunting is not permitted on Christmas Day or New Year’s Day in Zone 37.

Fall Bow Season: Sept. 28–Oct. 25, 2013; Bag limit: unlimited antlerless deer and ONE antlered deer.

Permit Bow Season: Oct. 26–Dec. 24 and Dec. 26–31, 2013; Bag limit: unlimited antlerless deer. In addition, hunters who purchase an Antlered Buck Permit may harvest ONE antlered deer. A total of 100 permits are available.

Six-day Firearm Season: Dec. 9–14, 2013; Bag limit: two antlered deer. However, if a hunter harvests two antlered deer, they forfeit the opportunity to harvest an antlered deer during the Permit Shotgun Season. Only one buck may be taken at a time.

Permit Muzzleloader Season: Nov. 30 and Dec. 2–7, 16–24 and 26–31, 2013 and Jan. 1–4 and 11, 2014; Bag limit: unlimited antlerless deer. In addition, hunters who purchase an Antlered Buck Muzzleloader Permit may harvest ONE antlered deer. A total of 100 permits are available.

Permit Shotgun Season: Dec. 9–14, 18–20, 2013 and Jan. 4–11, 2014; Bag limit: unlimited antlerless deer. In addition, hunters who purchase an Antlered Buck Shotgun Permit may harvest ONE antlered deer. However, for hunters who harvest two antlered deer during the Six-day Firearm Season, the bag limit in the Permit Shotgun Season is restricted to unlimited antlerless deer only. A total of 100 permits are available.

Winter Bow Season: Jan. 1–31, 2014; Bag limit: two deer—one only may be antlered.

Picketnry Arsenal (Zone 54)

Not open to the general public. The following information is provided for active duty or retired military personnel and Picketnry Arsenal federal civilian employees or retirees only. Contact Hans Karlsen at (973) 724-4484 for more information. Deer hunting is permitted on Christmas Day and New Year’s Day in Zone 54, except on Sunday. There is no Sunday bow hunting allowed in Deer Management Zone 54.

Hunters must purchase a Zone 54 permit from license agents or via Fish and Wildlife’s Internet license sales site. Permits are available on a first come first, serve basis, beginning at 10 a.m. Monday, Sept. 9, 2013. Permits will be for sale until the season ends or the permit quota is reached. See Deer Season Permits, page 16. The hunter is responsible to confirm they have current authorization for access to Picketnry Arsenal prior to purchasing a permit. Purchasing a Zone 54 permit does NOT guarantee access to Picketnry Arsenal. Only those individuals who have authorization for hunting privileges and corresponding gate access on the installation are allowed to hunt. There are no refunds or exchanges for permits that cannot be used.

Fall Bow Season: Sept. 28–Oct. 25, 2013; Bag limit: unlimited antlerless deer and one antlered deer.

Permit Bow Season: Oct. 26–Dec. 31, 2013; Bag limit: unlimited antlerless deer. In addition, hunters who purchase an Antlered Buck Bow Permit may harvest ONE antlered deer. A total of 100 permits are available.

Six-day Firearm Season: Dec. 9–14, 2013; Bag limit: two antlered deer. However, if a hunter harvests two antlered deer, they forfeit the opportunity to harvest an antlered deer during the Permit Shotgun Season. Only one buck may be taken at a time.
hunter harvests two antlered deer, they forfeit the opportunity to harvest an antlered deer during the Permit Shotgun Season. Only one buck may be taken at a time.

Permit Muzzleloader Season: Dec. 2, 3, 16–31, 2013 and Jan. 1–11, 2014; Bag limit: unlimited antlerless deer. In addition, hunters who purchase an Antlered Buck Muzzleloader Permit may harvest ONE antlered deer. Two deer may be taken at one time. A total of 50 permits are available.

Permit Shotgun Season: Dec. 9–14, and 28, 2013 and Jan. 4 and 6–11, 2014; Bag limit: unlimited antlerless deer. In addition, hunters who purchase an Antlered Buck Shotgun Permit may harvest ONE antlered deer. However, for hunters who harvest two antlered deer during the Six-day Firearm Season, the bag limit in the Permit Shotgun Season is restricted to unlimited antlerless deer only. Two deer may be taken at one time. A total of 50 permits are available.

Winter Bow Season: Jan. 1–31, 2014; Bag limit: unlimited antlerless deer and ONE antlered deer.

Special Areas—U.S. Fish and Wildlife Service, National Wildlife Refuge System
Special regulations for U.S. Fish and Wildlife Service (USFWS) lands are in effect throughout all authorized deer hunting seasons, in addition to state game laws and regulations. NOTE: No Sunday bowhunting on national wildlife refuges.

The following federal regulations apply to all national wildlife refuges (NWRs) in New Jersey:
1. Hunting over bait or distributing bait is prohibited on all refuges.
2. The use of a spotlight or other artificial light—including automotive headlights—for the purpose of spotting, locating or taking any wildlife is prohibited on all refuges, regardless of whether one is in possession of a weapon.
3. All firearm hunters (muzzleloader and shotgun) must wear an outer garment consisting of at least 400 square inches of solid fluorescent orange while deer hunting on any refuge (double the state law requirement).
4. Entry is prohibited on all refuge lands posted Area Closed and on refuge roadways posted with Inholders Only signs.
5. The use of nails, wire, screws or bolts to attach a stand to a tree, or hunting from a tree into which a metal object has been driven to support a hunter, is prohibited on all refuges.

Most refuges can accommodate individuals who have obtained a permit for handicapped hunters from New Jersey Division of Fish and Wildlife, including permits to hunt from vehicles. Interested persons should contact the appropriate refuge in advance of the deer hunting seasons.

Cape May NWR
Cape May NWR is open for all six deer seasons. Season dates and bag limits for Deer Management Zone 34 will apply. Contact the refuge office for more information at (609) 465-0994.

Edwin B. Forsythe NWR (Zones 56, 57, 58 and 70)
To hunt Edwin B. Forsythe NWR, hunters must possess the proper permits. Permits for zones 56, 57, 58 and 70 will be available for sale on a first come, first served basis beginning 10 a.m. Monday, Sept. 9, 2013. Permits will be available for sale until 11:59 p.m. on Monday, Sept. 30. There are NO exceptions. Permits will be available for sale at all License Agents online.

Only designated sections of the Edwin B. Forsythe NWR are open for deer hunting. All other areas are closed. Purchasing a Zone 22, 42 or 51 permit does not allow hunters to hunt on Forsythe NWR. The entire refuge is closed for deer hunting during the Six-day Firearm Season.

Refuge parking permits and hunt maps will be mailed to hunters after the refuge receives notification of permit holders from New Jersey Division of Fish and Wildlife. Our pro shop is filled with only the best! We have a full line of rifles, handguns and shotguns!

We stock most models and brands. If you cannot find the gun of your dreams, we will be glad to order it! Our heated and air-conditioned, indoor 10-port shooting facility is a great place to spend some time with family and friends. Our attentive staff is always willing to help make your shooting experience an enjoyable one.
Deer Hunting Season

Edwin B. Forsythe NWR (Zone 58) is open for deer hunting to properly licensed hunters as follows:
- Permit Bow Season (Zone 58): Oct. 26 to Dec. 24, 26–31, 2013; Bag limit: unlimited antlerless deer. In addition, hunters who purchase an Antlered Buck Bow Permit may harvest ONE antlered deer. A total of 35 permits are available for Zone 58.
- Permit Muzzleloader Season (Zone 58): Oct. 26 to Dec. 24, 26–31, 2013 and Jan. 1–10, 2014; Bag limit: unlimited antlerless deer. In addition, hunters who purchase an Antlered Buck Muzzleloader Permit may harvest ONE antlered deer. Two deer may be taken at a time. A total of 35 permits are available for Zone 58.

Great Swamp NWR (Zone 38) is open for deer hunting to properly licensed hunters as follows:
- Permit Muzzleloader and Permit Shotgun Season (concurrent): Nov. 2 and Nov. 6–9, 2013. On Nov. 2 (Saturday), hunting is only for youths who possess a valid 2013 New Jersey Youth hunting license and a Zone 38 permit. Youths must be accompanied by a licensed non-hunting adult that is at least 21 years of age.
- Bag limit: one deer—either antlerless or antlered. Hunters must be in possession of the appropriate Antlered Buck Permit before attempting to take an antlered deer. A total of 200 muzzleloader and 200 shotgun permits are available. The eastern side of the refuge (approximately 4,000 acres) will be open to muzzleloader hunting only and the western side of the refuge (approximately 3,700 acres) will be open to muzzleloader and shotgun hunting.

Supawna Meadows NWR (Zone 63)
Supawna Meadows NWR is open for Fall Bow, Youth Bow Day, Permit Bow and Winter Bow seasons ONLY! The use of firearms is prohibited on Supawna Meadows NWR. No refuge permit fee is required to hunt Supawna Meadows NWR. For more information, call (609) 463-0994.
Any antlered deer taken on Supawna Meadows NWR must have at least one antler with three or more antler points.

Supawna Meadows NWR is open for deer hunting to properly licensed hunters as follows:
- Youth Day (Bow): Sept. 21, 2013; Bag limit: one deer of either sex.
- Permit Bow Season: Oct. 26–Dec. 24, 26–31, 2013; Bag limit: unlimited antlerless deer. In addition, hunters who purchase an Antlered Buck Bow Permit may harvest ONE antlered deer. NOTE: Hunters MUST have a Zone 63 permit available for sale beginning 10 a.m. Monday, Sept. 9, 2013. Permits will be available for sale until 11:59 p.m. on Monday, Sept. 30. There are NO exceptions. Permits will be available for sale at all license agents and online over the Internet.

The refuge is open only for Permit Muzzleloader and Permit Shotgun season hunting and closed to deer hunting at all other times. Hunters may apply only for either a Permit Muzzleloader or a Permit Shotgun permit, not both. In addition to the state permit, the U.S. Fish and Wildlife Service will charge a $26 fee ($13 for holders of a Senior, Golden Age, or Golden Access Passport and youths with a valid 2013 New Jersey Youth hunting license) to issue a federal hunting permit. The refuge will supply additional information on hunting procedures and regulations to those hunters who obtain their Zone 38 permit from NJ Fish and Wildlife via the lottery. For more information, contact the refuge wildlife biologist at (973) 425-1222 ext. 158.
Permit Bow Season permit to hunt the Supawna Meadows NWR during the Permit Bow Season.

- **Winter Bow Season:** Jan. 1–31, 2014; **Bag limit:** unlimited antlerless deer and ONE antlered deer.
- **Supawna Meadows NWR** is closed to deer hunting at all other times.

**Wallkill River NWR (Zone 2)**

Designated areas of the refuge are open during all six deer seasons. Season dates and bag limits for Zone 2 apply. An annual hunting map, additional regulations and a signed access permit from the refuge must be obtained prior to scouting or hunting. The access permit is $20 (free for youth) and must be signed and carried at all times when hunting on refuge property. Visit our website at wallkillriver.fws.gov/hunting.htm, call (973) 702-7266 or write Wallkill River National Wildlife Refuge, 1547 County Rt. 565, Sussex, NJ 07461 for more information.

**Newark Watershed (Zones 3 and 6)**

The Newark Watershed, located in Morris, Passaic and Sussex counties, is open to deer hunting from September to December. A watershed access permit is required. Call (973) 622-4521 or (973) 697-2850 for access permit applications, maps and site-specific regulations. Season dates and bag limits for Zone 3 and Zone 6 apply.

**Franklin Parker Preserve and Four Mile Spring Preserve (Zone 68)**

Hunters must purchase Zone 68 permits from license agents or via Fish and Wildlife’s Internet license sales site. Permits are available over-the-counter on a first-come, first-served basis beginning at 10 a.m. on Monday, Sept. 9, 2013. See Deer Season Permits, page 16. The hunter is responsible to confirm they have current authorization for access prior to purchasing a permit. The purchase of a deer permit for Zone 68 does NOT guarantee access to Zone 68. There are no refunds or exchanges for permits that cannot be used.

Franklin Parker Preserve and Four Mile Spring Preserve are managed by the New Jersey Conservation Foundation. Designated areas of these preserves are open to deer hunting. Contact the Foundation directly at (908) 234-1225 for more information.

Season dates and bag limits for Regulation Set 3 apply.

**Lizard Tail Swamp (Zone 34)**

This 400-acre property, jointly owned by New Jersey Division of Fish and Wildlife and The Nature Conservancy (TNC), is located in Middle Township, Cape May County. A TNC access permit is required. Call (609) 861-0600 for permit applications, maps and site-specific regulations. Season dates and bag limits for Zone 34 apply.

**Hunters Helping the Hungry Needs Help with Meat-processing Costs**

Hunters Helping the Hungry, an organization that has enabled hunters to provide over one million servings of tasty and nutritious venison to feed New Jersey families since 1997, needs some help from the public to cover the costs of professional meat processing.

The program, which donated more than 27,075 pounds of venison (from 703 hunter-provided deer) to food banks and charitable organizations last year alone, operates with limited funding. Butchers who participate in the Hunters Helping the Hungry program receive $65 to process the donated deer. Currently, hunters who donate deer to the hungry must contribute either $10 (for field-dressed deer weighing 50 lbs. or more) or $25 (for deer under 50 lbs.) toward that processing fee. If the program’s funding runs out, hunters who donate deer will have to cover the entire cost for meat-processing.

Hunters should check on funding availability before harvesting a deer intended for donation by visiting the website below.

Anyone interested in making a charitable contribution to offset the program’s meat-processing costs can visit our website at HuntersHelpingTheHungry.org to donate securely through PayPal or send a check payable to: Hunters Helping the Hungry, P.O. Box 587, Lebanon, NJ 08833.

**Participating Butchers Include:**

- **Newton High School**
  Newton (973) 383-7573 x243
  (Call first for instructions.)

- **Game Butchers**
  John Person
  Lebanon (908) 735-4646

- **57 West Deer Processing**
  Phillipsburg (908) 319-0984

- **Bishop’s Market**
  Whitehouse Station (908) 534-2006

- **V. Roche and Sons**
  Whitehouse Station (908) 534-2006

- **The Buck Stop**, Stanley Mihalecz
  989 Alvine Rd., Pittsgrove, Salem Co. (856) 794-1281

- **The Hunter’s Butcher**
  967 Route 524 (Adelphia near Howell)
  (732) 414-1446

Butchers will not accept donated deer during the Six-Day Firearm Buck Season, from Dec. 9–14, so they can accommodate their regular customers.

For upcoming fundraising events such as sporting clay shoots, a striper fishing trip and a 3-D archery shoot, visit our website at HuntersHelpingTheHungry.org.

**How Far Can Your Firearm Shoot?**

12 gauge maximum distances for shot sizes:

<table>
<thead>
<tr>
<th>Shot Size</th>
<th>Maximum Distance</th>
</tr>
</thead>
<tbody>
<tr>
<td>No. 6</td>
<td>708 feet or 236 yards</td>
</tr>
<tr>
<td>No. 0</td>
<td>1,845 feet or 615 yards</td>
</tr>
<tr>
<td>No. 00</td>
<td>1,895 feet or 632 yards</td>
</tr>
<tr>
<td>Slug</td>
<td>3,780 feet or 1,260 yards</td>
</tr>
</tbody>
</table>

* Distances above are with barrel held at an elevated angle for maximum trajectory. Always consider the angle of your barrel when shooting.
* Never shoot at or over the crest of a hill.
* All distances are approximate and can vary depending on the shotgun’s gauge/choke and ammunition used.

NEW JERSEY DEER HUNTERS harvested 49,942 deer during the 2012–2013 season between September 2012 and February 16, 2013. The harvest for this year’s deer season is 0.3 percent lower than the 50,109 deer taken in 2011. The antlerless portion of the 2012 harvest was 32,190 deer, 9.1 percent higher than 2011. The antlered portion of the 2012 harvest was 17,752 deer, down 4.4 percent from 2011.

</table>
When Fish and Wildlife deer biologists talk with hunters or give a presentation on deer management, the topic invariably comes around to, “How can we have more antlered deer available for harvest?” Hunters’ suggestions usually include adding antler point restrictions (APR) or reducing the number of bucks a hunter may harvest across all deer seasons.

Antler point restrictions, currently in effect in 12 regular deer management zones throughout the state, restricts the antlered harvest to a buck with at least three points on one side. While this is successful at saving yearling males from harvest, a corresponding number of older age class bucks do NOT show up in the harvest in subsequent years. Other forms of mortality or movement out of the APR zone decreases the harvest of these yearlings at a later time. Also, APR is not suitable on less-productive habitat as a large percentage of bucks may not have sufficient antler growth to meet the three-point minimum in years of bad mast production.

While it is legal for a hunter to take six antlered deer in a deer hunting year, very few hunters actually do. Data analysis shows that less than three percent of successful buck hunters take more than three bucks a year. This amounts to less than 500 animals per year. Put into context, 500 bucks distributed across New Jersey’s deer habitat (not total land area) results in only 0.09 bucks harvested per square mile.

The simplest way to have more bucks available for harvest is to be selective in your choice of antlerless deer. Since 2004 — the year Fish and Wildlife began recording the button buck harvest on deer data forms — the average percentage of button bucks in the male harvest was 25 percent. This average represents over 6,300 button bucks each year that will not mature to become an antlered buck available for harvest in future years.

Both physical appearance and behavior play a part in identifying deer on the hoof. Keeping binoculars at the ready will help. Of course, fawns are easily told apart from adults when they are seen together. Fawns seen alone without reference to a larger adult can be difficult to identify. While this dilemma can be avoided by waiting for other deer to arrive, observing deer behavior may also provide gender clues. Female fawns usually will travel with an adult doe; male fawns are more likely to venture out independently. Most often, the first deer to approach a bait pile is a button buck. Late in the season a single deer is most often a male.
Physical characteristics are revealing.

1. **Fawns are square.** When a deer stands broadside, imagine drawing a line up the forelegs, across its back and down the hind legs. This image forms a square in fawns but would create a rectangle in an adult deer due to the relatively longer back of the mature animal.

2. **Fawns have a “puppy” profile.** Observe the shape of a deer’s head. A fawn’s snout is much shorter than an adult’s, with the characteristic young mammal profile curving from forehead to snout.

3. **Males have a flat head.** Note the shape of a deer’s forehead. A male fawn’s buttons are not always evident, even up close. But the shape of the head is distinctive: when observed both head-on or in profile, the crown of a doe fawn’s head is rounded, while a male fawn’s will be flatter. An adult male who has dropped his antlers has this noticeably flattened forehead. When viewed from the side, scars may be visible where his antlers had been.

4. **Females have a slender neck.** Observe the length-to-width ratio of the neck on female fawns and adult does, then compare them to male fawns and adult bucks. The neck of a doe is more slim and appears long relative to its thickness. Males have a shorter and stockier neck. With some practice, this difference is easily noticed.

**New Jersey hunters** have liberal seasons designed to keep our productive deer herd at manageable levels. In some deer management zones, hunters are required to take an antlerless deer before taking an antlered buck. In other zones, an antler point restriction harvest strategy is in place to allow bucks to grow older and larger. Harvesting the female deer is essential to control the deer population and is important for quality deer management.

Although it is legal to harvest a burton buck or a buck with shed antlers, harvesting a female deer is the primary objective to reach management goals. Inadvertently harvesting an antlerless buck will reduce your chances of harvesting an outstanding buck in the future. By knowing the key features to assess when evaluating antlerless deer in the field, hunters can be more selective, ensuring they harvest the gender they want.
Bear Hunting

**REGULATIONS**

**Regulations in red are new this year. Purple text indicates an important note.**

**FOLLOWING COMMENCEMENT OF** the black bear season, the Fish and Wildlife Director, after consultation with the Fish and Game Council Chairman, may close the season. The Commissioner or the Director will announce such closure, which will become effective 24 hours from the daily legal closing time of the day on which the decision is made, based upon data obtained and reviewed by Fish and Wildlife. The notification number for season closure is the permit hotline number, (609) 292-9192. Season closure notification will also be announced by news release, radio and Fish and Wildlife's website NJFishandWildlife.com.

**Black Bear Hunting Season: Dec. 9–14, 2013**

**Hunting Hours:** Legal hunting hours for black bear shall be 1/2 hour before sunrise to 1/2 hour after sunset.

**Bag Limit:** Only one bear of either sex and any age may be taken per properly licensed hunter or farmer hunter regardless of the number of black bear permits held. It is unlawful to take or attempt to take or continue to hunt for more than the number of black bear permitted.

**Special permit requirement:** All black bear hunters must have a current and valid firearm hunting license and a special Black Bear Hunting Permit issued by Fish and Wildlife. See Black Bear Management Zone Descriptions, page 61; see also Black Bear Hunting Permits, page 12. Hunters are limited to purchasing two black bear hunting permits, one each for two different zones. The bag limit remains at one black bear per hunter.

**Youth Bear Hunters:** Youth hunters with a valid hunting license must also possess a black bear hunting permit. Youth hunters aged 10 through 13 on or before Dec. 9, 2013 must be under the direct supervision of a properly licensed adult (21 years of age or older) while bear hunting. The adult must also possess a black bear hunting permit. Direct supervision means the youth hunter and the supervising adult are together at the same location. The youth hunter may not hunt independently of the adult.

**Firearms and Ammunition Legal For Bear Hunting**

**Shotgun:** Not smaller than 20 gauge nor larger than 10 gauge with rifled slugs. Lead, lead alloy or copper rifled slug or sabot slug. Buckshot is prohibited.

**Muzzleloader Rifle:** Must be single-barrel, single shot rifles not less than .44 caliber. Flintlock, percussion and in-line ignitions are allowed. Double barrel muzzleloaders prohibited. Persons hunting with a muzzleloader rifle must also possess a current and valid rifle hunting permit.

**Baiting:** No person shall attempt to take or kill a black bear or have in their possession or control any firearm, or other weapon of any kind, while elevated in a standing tree or in a structure of any kind within 300 feet of a baited area. On national wildlife refuges and at the Delaware Water Gap National Recreation Area, the distribution of bait and/or hunting over bait is prohibited. Hunters should also check with the landowner or administrative agency before placing bait on any hunting area.

**Additional Black Bear Hunting Regulations**

- Black bear hunters must wear a hat of solid fluorescent hunter orange or an outer garment containing at least 200 square inches of fluorescent orange material visible from all sides at all times while bear hunting.
- It shall be illegal to use dogs to pursue or run black bear.
- Allowable hunting methods: stand hunting, still-hunting or drive hunting.
- Hunters using or possessing any shotgun slug in the field during the bear season must have a shotgun with adjustable open iron or peep sights or a scope affixed to the shotgun.
- Telescopic sights of any magnification (scope power) are permitted for bear hunting on all firearms, including muzzleloader rifles.
- Shotgun shells containing single spherical projectiles referred to as pumpkin balls are prohibited.
- While bear hunting with a shotgun, it is illegal to have in possession any ammunition not authorized for bear hunting.
- Only one muzzleloader rifle may be in possession while bear hunting.
- All firearms must be cased and unloaded while being transported in vehicles.
- It is illegal to take or attempt to take a black bear with a bow and arrow or with a crossbow.
- It is illegal to take or attempt to take a bear in a den structure.

**Black Bear Hunting on State Lands**

- Baiting is prohibited within 450 feet of campsites and picnic areas in all state parks and forests to coincide with the bear management policy for these areas. Learn these locations BEFORE you hunt.
- Hunting is prohibited in the Cedar Swamp Natural Area at High Point State Park due to sensitive wetland habitat that could be impacted by going off trail in this area.
- ATV use is prohibited in state parks, forests and wildlife management areas. However, hunters might be permitted to use ATVs to retrieve a bear but only with approval from, and on a pathway approved by, the park superintendent or designee (for state parks and forests) or from Fish and Wildlife’s regional Law Enforcement office (for assistance on wildlife management areas).

**After Harvesting a Bear—Mandatory Bear Check Requirement**

Properly licensed hunters who harvest a black bear shall immediately complete and affix to the bear hide the “Black Bear Transportation Tag” from their Black Bear Hunting Permit. Information included on the black bear transportation tag shall include: the hunter’s name, address, Conservation ID number; date and time of kill; nearest road, county and municipality of kill; and the sex of the black bear. When field dressing a black bear, leave the sex organs intact and attached to the body.

*It is critical to remove the hide and cool the bear immediately after checking the bear. Cooling a bear with ice from inside the body cavity is inadequate to prevent the meat from spoiling. If the hide remains on overnight, the meat may be unsuitable for consumption.*

Successful hunters must take the black bear to a designated check station by 7 p.m. on the day of the kill. Hunters shall surrender the black bear transportation tag and will be issued a legal possession seal.

Any legally killed black bear recovered too late to be brought to a designated black bear check station by 7 p.m. on the date of the kill must be reported immediately by telephone to the Northern Region Office of the Bureau of Law Enforcement (908) 735-8240. On the telephone message recording device, hunters must leave their name, address and a telephone number where they can be reached.

The harvested black bear must be brought to a designated black bear check station on the next weekday to be registered and to receive a legal possession seal. After check stations have closed on Saturday, hunters reporting a bear harvest via the Law Enforcement recorder will be contacted by a Fish and Wildlife biologist on Sunday to legally check the bear and to collect biological data.

**Mandatory Black Bear Check Stations**

**Hours:** 12 noon to 7 p.m.

**Warren County**
- Pequannock Wildlife Management Area
  605 Pequest Road, Oxford

**Morris County**
- Black River Wildlife Management Area* 275 North Road, Chester
- Green Pond Golf Course 765 Green Pond Rd, Rt. 513, Rockaway

**Sussex County**
- Flatbrook Roy WMA 615 (Walpack Rd.), Sandyston
- Whittingham WMA 148 Fredon-Springdale Rd., Newton
  * Operating Opening Day and Saturday only

**Black Bear Game Care**

As when cooking any raw meat, care must be taken to prevent exposure to disease when consuming wild game. Black bear are known to carry Trichinella, a parasite commonly associated with pork. States nationwide report incidents of bears infected with Trichinella and New Jersey is no different. A Trichinella infection (Trichinellosis) is a risk only if the meat is cooked improperly. To ensure bear meat is safe to eat, be sure it’s cooked to an internal temperature of 170 degrees for at least 15 seconds.

**Trichinella** and New Jersey is no different. A Trichinella infection (Trichinellosis) is a risk only if the meat is cooked improperly. To ensure bear meat is safe to eat, be sure it’s cooked to an internal temperature of 170 degrees for at least 15 seconds.

**Toxoplasmosis** most commonly associated
with cats, is another parasitic disease that may be transmitted to humans if meat is not handled properly. To eliminate any health risks associated with Toxoplasmosis make sure no one who may be pregnant handle raw bear meat and always cook the meat thoroughly as you would for *Trichinella*. If you follow these simple guidelines you can enjoy your bear meat without any concern for exposure to *Trichinella* or Toxoplasmosis.

**BLACK BEAR MANAGEMENT ZONE MAP**

**NOTE:** Bear management zones are different than deer management zones.

No bears were harvested in the portions of Bergen, Hunterdon and Somerset counties open to bear hunting in 2012.

**Black Bear Management Zone Descriptions**

**Note:** Black bear management zones are different than deer management zones. Choose carefully when purchasing a black bear permit.

**Bear Management Zone No. 1:** That portion of Warren and Sussex counties lying within a continuous line beginning at the intersection of Rt. 80 and Rt. 15 in Dover; then north along Rt. 15 to its intersection with Rt. 517 in Sparta; then north along Rt. 517 to its intersection with Rt. 23 in Franklin; then north along Rt. 23 to its intersection with Rt. 517 in Hamburg Borough; then north along Rt. 94 to its intersection with Rt. 517 in Franklin; then south along Rt. 517 to its intersection with Rt. 15 in Sparta; then south along Rt. 15 to its intersection with Interstate 80 in Dover; then west along Interstate 80 to its intersection with Rt. 94; then south along Rt. 94 to its intersection with the Portland Bridge and the Delaware River located in Columbia, the point of beginning.

**Bear Management Zone No. 2:** That portion of Sussex, Warren and Morris counties lying within a continuous line beginning at Portland Bridge in Columbia; then northward along Rt. 94 to its intersection with Rt. 521 in Blairstown; then north along Rt. 521 to its intersection with Rt. 94 in Blairstown; then south-west along Rt. 94 to the Portland Bridge, the point of beginning in Columbia. The islands of Labar, Tocks, Poconos, Defew, Namanock, Minisink and Mashipacong lying in the Delaware River are also included within this hunting area.

**Bear Management Zone No. 3:** That portion of Sussex, Warren, Morris and Bergen counties lying within a continuous line beginning at the intersection of Rt. 80 and Rt. 15 in Dover; then north along Rt. 15 to its intersection with Rt. 517 in Sparta; then north along Rt. 517 to its intersection with Rt. 23 in Franklin; then north along Rt. 23 to its intersection with Rt. 517 in Hamburg Borough; then north along Rt. 94 to its intersection with Rt. 517; then north along Rt. 517 to the New York State line; then southeast along the New York State line to Rt. 517; then south along Rt. 517 to its intersection with Rt. 94; then south on Rt. 94 to its intersection with Rt. 23 in Hamburg Borough; then south along Rt. 23 to its intersection with Rt. 517 in Franklin; then south along Rt. 517 to its intersection with Rt. 15 in Sparta; then south along Rt. 15 to its intersection with Interstate 80 in Dover; then west along Interstate 80 to its intersection with Rt. 94; then south along Rt. 94 to its intersection with the Portland Bridge and the Delaware River located in Columbia, the point of beginning.

**Bear Management Zone No. 4:** That portion of Sussex, Warren, Morris, Somerset and Hunterdon counties lying within a continuous line beginning at the intersection of Rt. 78 and the Delaware River; then north along the east bank of the Delaware River to the Portland Bridge at Columbia; then northeast along Rt. 94 to its intersection with Rt. 80; then east along Rt. 80 to its intersection with Rt. 287; then southeast along Rt. 287 to its intersection with Rt. 78; then west along Rt. 78 to the Delaware River the point of beginning.
A CURRENT AND valid hunting license (Bow and Arrow, Firearm or All-Around Sportsman) is required to pursue any small game species. See page 25 for General Hunting Regulations. The use of dogs, unless specifically stated otherwise, is permitted to pursue any small game species, except wild turkey. Hunting for those species shown on page 65 is prohibited during the statewide Six-day Firearm (deer) Season and on the Wednesday of the Permit Shotgun (deer) Season that immediately follows the Six-day Firearm Season. For exceptions, see Coyote and Fox and Semi-wild and Commercial Preserve Hunting sections below. Sunday hunting is prohibited; see Raccoon and Opossum, page 64 plus Semi-wild and Commercial Shooting Preserves for exceptions.

Season Dates and Bag Limits: The Small Game Hunting Seasons table on page 65 lists dates, hunting hours and daily bag limits for all small game species open for hunting.

General Small Game Hunting Methods: Properly licensed hunters may hunt small game with shotguns or bow and arrow and limited hunting with small caliber rifles; see below. See also General Hunting Regulations, page 25.

Shotgun: Unless specifically stated otherwise, shotguns for small game hunting may be single or double barrel, rifled or smoothbore and not larger than 10-gauge or smaller than .410 caliber and capable of holding no more than three shells.

Shot: Unless specifically stated otherwise, shot size for small game hunting may be no larger than #4 fine shot.

Bow and Arrow: All bows must meet the requirements specified in General Hunting Regulations, page 25. For taking game birds in flight, arrows equipped with an edged head are prohibited. Fluid arrows are required for taking game birds in flight.

Air gun: Air guns are now legal for taking cottontail rabbit, hare and gray squirrel using ammunition not smaller than .177 caliber or larger than .22 caliber. Air gun BBs are not legal for hunting. See also Air Guns under Firearms and Missiles, page 26.

Muzzleloading Rifles: For limited small game rifle hunting, see below for Coyote and Fox—Special Permit Season, Raccoon and Opossum, Squirrel—Muzzleloading Rifle Season and Woodchuck for restrictions.

Wildlife Damage: Property owners or their agents, and occupants of dwellings that are suffering damage from coyote, fox, opossum, raccoon, skunk, squirrel, weasel or woodchuck may control them by lawful means at any time subject to local ordinances.

Stealing Traps or Trapped Animals: It is illegal to take, carry away or unlawfully remove or steal a trap belonging to another person that is set along, by or in public or private property, ditch, stream, pond or water in this state and which has been set for the purpose of catching any of the furbearing animals species for which a legal season is established. It is also illegal to remove, alive or dead, any animal from the trap of another person.

Coyote and Fox, General and Special Permit Seasons

See chart below for both general and special permit season regulations for coyote and fox. Note: All successful coyote hunters must report any coyote harvested to a Fish and Wildlife Regional Law Enforcement Office within 24 hours. Callers must identify themselves by name, CID# and daytime phone number.

In addition to the general coyote and fox seasons described in the chart below, properly licensed turkey hunters may legally harvest coyotes if encountered incidental to legal turkey hunting. Turkey hunters shall not actively pursue coyotes or have coyote calls or decoys in possession. Also, properly licensed persons hunting deer during the Six-day Firearm, Permit Muzzleloader or Permit Shotgun deer seasons may kill coyote or fox if the coyote or fox is encountered before the hunter has taken the season bag limit of deer. However, after the hunter has taken a daily bag limit of deer, they must cease hunting immediately. Incidental hunting of coyote or fox while deer hunting may resume the following day (provided the season remains open and the season bag limit of deer has not been reached.) Only applicable projectiles approved for deer hunting may apply. (continued on page 64)

be used to take coyote and fox incidental to deer hunting during the deer seasons described above. See Firearms, Bow and Ammunition chart, page 31.

Further, in addition to the general Coyote and Fox seasons plus the incidental harvest of coyote or fox while deer hunting, a Special Permit Coyote and Fox Season runs concurrent with the regular small game coyote and fox season. A Fish and Wildlife-issued permit is required to hunt coyote or fox under the provisions of this special permit. A permit to hunt coyote or fox is required 1.) to hunt at night and/or 2.) to use shot sizes larger than #4 fine and up to size #4 Buck, and/or 3.) to use a rifle for coyote or fox other than incidental to deer hunting. Sunday hunting is permitted only between the hours of midnight (Saturday) and one hour before sunrise (Sunday). Coyote/Fox permits: $2, available at any license agent or via Fish and Wildlife’s Internet license sales site (www.NJ.WildlifeLicense.com) beginning December 3.

Northern Bobwhite (Quail)
Northern bobwhite quail are native to the southern half of New Jersey. In recent years, quail populations have declined throughout their range including New Jersey. In an effort to reverse this decline in New Jersey, the statewide quail hunting season is closed except at Peaslee WMA and Greenwood Forest WMA where Fish and Wildlife will provide hunters and falconers the opportunity to hunt for quail. See Small Game Hunting Seasons chart, page 65 for season dates and bag limits. Exception: This statewide closure does not apply to certain semi-wild and commercial shooting preserves that were permitted to stock quail during the 2009–10 season.

See Small Game Hunting Seasons chart, page 65 for season dates and bag limits. See exceptions below for semi-wild and commercial preserve hunting.

Northern Bobwhite (Quail)
Northern bobwhite quail are native to the southern half of New Jersey. In recent years, quail populations have declined throughout their range including New Jersey. In an effort to reverse this decline in New Jersey, the statewide quail hunting season is closed except at Peaslee WMA and Greenwood Forest WMA where Fish and Wildlife will provide hunters and falconers the opportunity to hunt for quail. See Small Game Hunting Seasons chart, page 65 for season dates and bag limits. Exception: This statewide closure does not apply to certain semi-wild and commercial shooting preserves that were permitted to stock quail during the 2009–10 season.

Pheasant
See Small Game Hunting Seasons chart, page 65 for season dates and bag limits. See exceptions below for semi-wild and commercial preserve hunting.

Pheasant and Quail Stocking
Fish and Wildlife anticipates pheasant and quail releases to be as follows:
Assunpink, Berkshire Valley, Black River, Clinton, Colliers Mills, Dix, Flatbrook, Glassboro, Millville (Bevan), Nantuxent, Pequest, Port Republic, Tuckahoe (MacNamara), Walpack and Whittingham WMAs will be stocked with pheasant for the following dates:
- Nov. 9, 12, 14, 16, 19, 21, 23, 26, 28 and 30
- Dec. 7, 21, 24, 28 and 31

Delaware Water Gap National Recreation Area and the Heislerville, Howardsville, Mad Horse, Manahawkin, Manasquan, Medford, Stafford Forge and Winslow WMAs will be stocked with pheasant for the following dates:
- Nov. 9, 16, 23, 28 and 30
- Dec. 7, 21, 24, 28 and 31

Greenwood Forest and Peaslee WMAs will be stocked with quail for the following dates:
- Nov. 9, 12, 14, 16, 19, 21, 23, 26, 28 and 30
- Dec. 7, 21, 24, 28 and 31

Fish and Wildlife reminds sportsmen and sportswomen that the stocking schedule is tentative until approved by the Fish and Game Council in early October. The schedule is subject to pheasant production and may change due to emergency weather conditions. For changes to the stocking schedule due to inclement weather or other necessary adjustments, visit our website at NJFishandWildlife.com/smgamewildlifeinfo.htm.

Rabbit and Hare
The rabbit and hare hunting season will begin the last Saturday in September. The early opening date allows for hunting opportunity when rabbit populations are at their peak. Air guns are now legal for taking cottontail rabbit and hare using ammunition not smaller than .177 caliber or larger than .22 caliber. See also Air Guns under Firearms and Missiles, page 26 and General Small Game Hunting Methods, page 62.

See Small Game Hunting Seasons chart, page 65 for season dates and bag limits.

Raccoon and Opossum
See Small Game Hunting Seasons chart, page 65 for season dates and bag limits.

Hours: Hunting may not begin until one hour after sunset on the opening day of the season. On all other days open during the season, the hours of hunting are one hour after sunset to one hour before sunrise. Sunday hunting is permitted only between the hours of midnight (Saturday) and one hour before sunrise (Sunday).

Hunting methods: Portable lights are permitted. Fluorescent orange is encouraged but not required on outer clothing while hunting raccoon and opossum. A current and valid rifle permit is required when possessing a .22 caliber rifle while hunting raccoon and opossum. Only .22 caliber shorts are permitted.

Dog Training: Dogs may be trained during the month of September and from March 2 to May 1, inclusive. The training hours are one hour after sunset to one hour before sunrise.

Squirrel, Regular Season
Air guns are now legal for taking squirrel using ammunition not smaller than .177 caliber or larger than .22 caliber. See also Air Guns under Firearms and Missiles, page 26 and General Small Game Hunting Methods, page 62. See Small Game Hunting Seasons chart, page 65.

Squirrel, Muzzleloading Rifle Season
Persons holding a current and valid firearm license and rifle permit may hunt for squirrels from sunrise to 1/2 hour after sunset with a muzzleloading rifle (.36 caliber or smaller loaded with a single projectile) during the periods Sept. 28 to Nov. 8, 2013 and Jan. 4 to Feb. 17, 2014. Hunting for squirrel in the manner described above (continued from page 66)

### Woodchuck

All persons in possession of a rifle (including a muzzleloading rifle) while hunting woodchuck must have a current and valid rifle permit in addition to the current hunting license. Rifle hunting (of any kind) for woodchuck is prohibited on state wildlife management areas, state parks, state forests or state recreation areas. Farmers and their agents may use shot not larger than #4 buckshot to control woodchuck causing damage. Hours of hunting are sunrise to ½ hour after sunset. See chart at right for woodchuck hunting details.

August 2013
Fall 2013 Turkey Hunting Regulations

The 2013 fall turkey season will consist of one seven-day hunting segment, N, (excluding Sunday) from Saturday, Oct. 26 through Saturday, Nov. 2, 2013. Fall hunting hours are one-half hour before sunrise until one-half hour after sunset. Turkey Hunting Areas 1–5, 8, 9, 11, 20–22 are open for fall hunting. Turkey Hunting Areas 6, 7, 10, 12 and 14–16 are closed to fall hunting.

- **Bag Limit**: One wild turkey of either sex per day during the fall season regardless of the number of permits the hunter holds.
- Dogs and artificial decoys may be used while turkey hunting in the fall season, except the use of electronically-operated decoys is prohibited. All hunters are required to possess a calling device while turkey hunting.
- The maximum group size while turkey hunting is five hunters. Hunters may not attempt to chase or drive turkeys for the purpose of putting them in range of other hunters. However, hunters may rush a flock of turkeys to cause the flock to scatter.
- No shot larger than #4 fine shot or smaller than #7½ fine shot may be used for turkey hunting.
- Hunters may not use shotguns larger than 10-gauge or smaller than 20-gauge for turkey hunting.
- Fluorescent hunter orange is not required to hunt turkey.
- Properly licensed hunters may use archery tackle to hunt turkeys.
- While turkey hunting, a weapon may not be in possession within 300 feet of any baited area. Immediately upon killing a turkey, hunters must complete the transportation tag on their fall hunting permit and affix it to the bird. The turkey must be taken to an official wild turkey check station by 7 p.m. on the day it is killed by the hunter who killed the bird.

Spring 2014 Gobbler Hunting Regulations

Spring gobbler hunting regulations are published in the 2014 Wild Turkey Hunting Season permit supplement available in January. See *Turkey Hunting Permits, General*, page 12.

Turkey Hunting Seminars

The latest turkey hunting techniques are presented at several turkey hunting seminars sponsored by Fish and Wildlife or wildlife conservation organizations. These seminars focus on how to set up, calling techniques and key safety information for turkey hunters. New turkey hunters are especially encouraged to join us at a seminar. Check your newspaper and the January 2014 Wild Turkey Hunting Season permit supplement for the seminars scheduled during March or April.

Spring Turkey Season Changes

Spring turkey hunters should note that legal hunting hours for the last two weeks of the spring turkey season (including all of period D and the last Saturday of period E) are changed to 1/2 hour before sunrise to sunset. For periods A, B, C and the first three Saturdays of period E, hunting hours will still end at noon. This expansion of hunting hours will increase opportunity for working and youth hunters.

Also new this year, coyotes may now be harvested incidentally while turkey hunting. See page 62.

#### Warning to Violators

Be advised: two violations of wildlife management area regulations will result in loss of all sporting licenses and privileges for a period of five years.
This juvenile female eastern wild turkey admired by New Jersey Division of Fish and Wildlife biologist Tony McBride was captured by our agency’s Wild Turkey Research Project on March 8, 2013 at an agricultural complaint site in Logan Township, Gloucester County. The hen is a ‘smoky-gray phase’ turkey, an uncommon wild turkey color variation resulting from the genetic expression of a recessive trait similar to albinism or melanism. This hen turkey had a 6/8-inch beard and weighed 9 pounds—typical for a juvenile hen turkey during its first winter. Never before has Fish and Wildlife captured a turkey with this aberration. The hen is leg-banded then released on a WMA in Hunterdon County. Every few years our agency receives a report of a smoky-gray turkey in the wild.

The 22nd Annual Governor’s Surf Fishing Tournament will be held Sunday, Oct. 6, 2013. Once again anglers from New Jersey and neighboring states will descend upon the beaches of Island Beach State Park in hopes of catching the longest fish of the day. The tournament aims to encourage youngsters and adults to learn more about surf fishing while taking advantage of a great family activity. Funds raised by the tournament go toward marine resource conservation and education.

Despite a rainy forecast, 550 anglers enjoyed a rain-free morning of fishing where more than 130 fish were caught in the bluefish, kingfish and blackfish categories. New Jersey Lieutenant Governor Kim Guadagno and Department of Environmental Protection Commissioner Bob Martin were on site to greet tournament participants and take part in the awards ceremony. A total of 19 prizes were awarded in categories for children, teen and adults. However, the grand prize winner went to Bill Sheppard of Seaside Park, NJ with a 20 3⁄8" bluefish. Mr. Sheppard received two rod-and-reel combinations, a $100 gift card to Orvis (courtesy of World Fishing Network), a plaque, and will have his name engraved on the Governor’s Cup, which is permanently on display at Island Beach State Park.

Since its inception in 1991, the tournament has generated more than $130,000 for various marine education and restoration efforts, construction of access ramps for disabled saltwater anglers, surf fishing instruction programs and equipment, specialized wheel chairs that provide beach access to the disabled and elderly, plus the purchase of the first mobile automatic heart defibrillator for use at Island Beach State Park.

For more information about the Governor’s Surf Fishing Tournament or to receive a registration form, visit NJFishandWildlife.com/gsft.htm or call (609) 748-4347.

By Karen Leskie, Senior Biologist
A trapping license is required and a Trapper Education course must be passed. See pages 1 and 8 for license information.

- All traps set or used must bear a legible tag of durable material with the name and address of the person setting, using and maintaining the traps. Trap tags with Fish and Wildlife-issued trap identification number or the trapper's Conservation Identification Number (CID#) may be used in lieu of name and address to mark each trap.
- No traps or trap stakes are to be set prior to times indicated in this section.
- All traps must be checked and tended at least once every 24 hours, preferably in the morning.
- No trap shall be permitted to remain set on any property at the close of the trapping season.
- No person shall steal or attempt to take traps of another, or remove a trapped animal without permission of the trap owner.
- Any person (including a farmer) who traps a coyote must notify a Fish and Wildlife Law Enforcement office within 24 hours. Callers must identify themselves by name, CID# and daytime phone number.
- Licensed trappers and in possession of a valid rifle permit may carry a .22 caliber rifle and use only .22 caliber short rimfire cartridges to kill legally trapped animals other than muskrat. Firearms may not be loaded with more than three rounds.

**Beaver and River Otter**

Beaver may be taken only by properly licensed trappers in possession of a special beaver trapping permit valid for an entire management zone, or a special site-specific beaver permit valid as designated on the permit. River otter may only be taken by properly licensed trappers in possession of a special river otter trapping permit valid for an entire management zone. Application can be made at license agents or via Fish and Wildlife's Internet license sales site www.NJWildlifeLicense.com. Applicants must have a current and valid trapping license to apply.

Zone maps, boundary descriptions and permit quotas are available on our website or call (609) 292-1473. Applicants must have a current and valid trapping license to apply. The application period is October 1–31. Applicants may apply for only one beaver trapping permit and/or one otter trapping permit. If the number of applications exceeds the permit quota, a random lottery drawing will be held to determine permit holders. Successful beaver permit applicants will be given first opportunity for otter permits in their respective zone.

The Director may issue Beaver Damage Control Permits to owners or lessees of any land to control beaver damage. Damage Control Permits issued during the open beaver trapping season may be awarded to applicants that did not receive a zone wide permit during the open lottery and who reside near the damage site. All beaver harvested on Damage Control Permits issued during the open season must be registered at an official beaver/otter check station. Beaver taken on Damage Control Permits issued outside of the open beaver trapping season may not be possessed or sold by the damage permit holder.

**Other beaver/otter rules and regulations:**

- Holders of a river otter trapping permit may use a maximum of three traps daily.
- Trappers may only possess one Special River Otter Trapping Permit per season.
- All beaver and otter trap tags must be clearly visible above the water or ice.
- Holders of both a Special Beaver Permit and a Beaver Damage Control Permit may use five additional traps daily on the property listed in the Damage Control Permit.
- A Fish and Wildlife-issued Beaver Transportation Tag or Otter Transportation Tag must be affixed to the beaver or otter carcass immediately upon taking possession of the animal.
- All otters harvested incidentally by beaver trappers (i.e., trappers possessing a beaver permit but not an otter permit) must be fully surrendered to the Division of Fish and Wildlife. The entire carcass, including the pelt, must be surrendered.
- All successful trappers (or their agents) must present their beaver and/or otter pelts at a designated check station for examination where pelt tags will be affixed. All otter carcasses must be surrendered when pelts are registered, as required by the Game Code. Failure to submit your carcass will result in the issuance of a citation by the Bureau of Law Enforcement.
- Trappers are requested to properly flesh and stretch all pelts for examination. Additional information on check stations will be provided to all permit holders.
- Fish and Wildlife will staff check-in stations at the Assunpink, Clinton, Flatbrook, Tuckahoe and Winslow WMAs and the Newfoundland Fire Company on Saturday, Feb. 22, 2014. Successful trappers who cannot attend the scheduled dates should contact either Joseph Garris at (908) 735-7040 or Andrew Burnett at (609) 748-2058 prior to Feb. 22 to make alternate arrangements.
- Permit holders will be notified via email, telephone or U.S. mail in the event the beaver and otter trapping season is extended for any reason, and notified of any change in the pelt registration date.

**Live-capture cable restraints set for mink, muskrat and nutria are subject to the following requirements:**

- All such traps must be covered or concealed from view except when placed at least 30 feet from any trap set.

**Live-capture cable restraints set for coyote, fox, opossum, raccoon, skunk and weasel shall be subject to the following requirements:**

- All such traps must be constructed of aircraft cable or crucible wire measuring 1/32, 3/64 or 1/16 inches in diameter, equipped with a swivel and set within 50 feet of the mean high water line;
- All such traps must be equipped with a stop to prevent the average loop diameter from exceeding 4 inches; and,
- All such traps must be set so that the distance between the ground/walking surface to the top of the loop does not exceed 7 inches.

**Live-capture cable restraints set for coyote, fox, opossum, raccoon, skunk and weasel shall be subject to the following requirements:**

- All such traps must be constructed of aircraft cable or crucible wire measuring 5/64 to 3/16 inches in diameter and be equipped with a swivel;
- All such traps must be equipped with a deer stop located no less than 6 inches from the beginning of the cable and a loop stop to prevent the average loop diameter from exceeding 12 inches; and,
- All such traps must be set so that the distance between the ground/walking surface to the top of the loop does not exceed 24 inches.

The above requirements for cable diameters, loop stops and loop sizes do not apply to body gripping restraining snares that are completely submerged underwater at all times (e.g., when set for beaver or river otter).

**Traps, Body-gripping or Killer-type:**

No body-gripping or killer-type trap shall be used.
Trapping

REGULATIONS

in non-tidal waters unless completely submerged underwater when the water is at the normal level. In tidal water, such traps must be completely covered at normal high tide.

It is illegal to use, set or maintain a body-gripping or killer-type trap having a jaw spread greater than 6 inches without a permit for beaver or river otter. A body-gripping or killer-type trap with a jaw spread of no more than 10 inches may be used for beaver or river otter. Jaw spread shall be measured between the inner edges of the jaws across the trigger of a set trap.

Beaver and otter trap tags must be placed above the water line and exposed to view.

Traps, Leg-hold

It is illegal to possess or use steel-jawed leghold traps anywhere in New Jersey.

Coyote, Red and Gray Fox, Raccoon, Skunk, Opossum and Weasel Trapping

- **Season Dates:** Nov. 15–Mar. 15 except Jan. 1–Mar. 15 on select WMAs*. 
- **Bag Limits:** No daily or seasonal bag limit for any of these species.
- **No open fisher season.** Call (877) 927-6337 to report any fisher capture.

Beaver and Raccoon Trapping Zones

- **Season Dates:** Dec. 26–Feb. 9 except Jan. 1–Feb. 9 on select WMAs*
- **Number of Traps Allowed:** Beaver—5 per zone per day Otter—3 per day
- **Bag Limits:** Beaver—8 per special permit Otter—1 per season
- **Traps may not be set prior to 6 a.m. on the respective opening day.
- **All otter carcasses must be surrendered to the Division of Fish and Wildlife.**

Mink, Muskrat and Nutria Trapping Zones

- **North Zone:** Those portions of Bergen, Essex, Hudson, Hunterdon, Mercer, Middlesex, Morris, Passaic, Somerset, Sussex, Union and Warren counties lying north beginning at the intersection of US Rt. 1 and the Delaware River at Trenton; then north along Rt. 1 to its intersection with I-287; then south along I-287 to its intersection with Rt. 440; then east along Rt. 440 to the NJ-NY state line.
- **South Zone:** Those portions of Atlantic, Burlington, Camden, Cape May, Cumberland, Gloucester, Mercer, Middlesex, Monmouth, Ocean and Salem counties lying south of the aforementioned line.

* The following wildlife management areas (WMAs) are closed to trapping until Jan. 1: Assunpink, Berkshire Valley, Bevans (Millville), Black River, Clinton, Colliers Mills, Flatbrook-Roy, Glassboro, Greenwood (incl. Howardsville), Heislerville, MacNamara (Tuckahoe), Mad Horse, Manahawkin, Manasquan River, Medford, Nantuxent, Peaslee, Pequest, Port Republic, Stafford Forge, Walpack, Winslow and Whittingham. Trapping is prohibited at all times on the Delaware Water Gap Nat’l Recreation Area.

THE COMPLETE MIGRATORY bird regulations will be published in the New Jersey 2013–14 Migratory Bird Regulations available in September at license agents, Fish and Wildlife offices and on the Fish and Wildlife website at NJFishandWildlife.com. Migratory bird season dates published in the Migratory Bird Regulations booklet supersede those printed in this Digest if there are discrepancies.

* See special regulations only for September Canada goose hunting, on right.  
** The starting time to hunt any migratory game bird, including waterfowl, on the opening day of the pheasant season (Nov. 9, 2013) shall be 8 a.m. on wildlife management areas stocked with pheasant and quail. See page 64 for stocked WMAs list.

Attention Waterfowl Hunters

Special Regulations Permitted During September Canada Goose Season

At the recommendation of the Atlantic Flyway Council, the US Fish and Wildlife Service approved the use of special regulations to help curb the growth of resident population Canada geese. These special regulations are optional.

1. Electronic calls are permitted.
2. Shotguns capable of holding no more than seven shells (including magazine and chamber) are permitted.
3. Hunting hours: ½ hour before sunrise to ½ hour after sunset.

Remember: these special regulations apply only to the September Canada goose season. Hunters who choose to use an unplugged gun during the September Canada goose season must remember to reinstall the magazine plug before pursuing other game species.

During all other waterfowl seasons, including duck, brant, regular and winter Canada goose, and snow goose, standard regulations apply. Standard regulations include: electronic calls prohibited, shotguns may not be capable of holding more than three shot shells and hunting hours end at sunset.

Hunters: Report Banded Birds

Hunters who recover banded migratory birds are asked to report the band number to the U.S. Department of the Interior’s Bird Banding Laboratory (BBL), Washington, D.C. Banding data plays a critical role in migratory bird harvest management. There are three ways to report bands:

1. Online: reportband.gov
2. Call Toll Free: (800) 327-BAND
3. Write: to the address inscribed on the band.

Online reporting provides instant access to the original banding information including the species, sex, location, date and age of the bird at banding. Band reporters will be able to print a certificate of appreciation on their home computer or have a certificate mailed to them which will include information about the bird which had been banded.

When contacting the BBL, be prepared to provide: band number, date the bird was recovered, exact location of the bird’s recovery as well as nearest town, and method of recovery, e.g., shot or found dead. Hunters may keep the bands.

**Waterfowl Stamps:** Both the New Jersey Waterfowl Stamp Certification and Federal Migratory Bird Hunting Stamp are required for waterfowl hunters 16 years and older and must be signed in ink. New Jersey Stamp Certifications (the state stamp itself no longer exists) are available from license agents and from the Licenses and Permits button on Fish and Wildlife’s website. Federal stamps are available from some U.S. post offices and online at [http://www.fws.gov/duckstamps](http://www.fws.gov/duckstamps).

**New Jersey Waterfowlers Clinic**

Every year, experienced waterfowlers throughout New Jersey join together dedicating their time and energy to present the New Jersey Waterfowlers Clinic—an all day, free seminar covering “everything you ever wanted to know” about the traditions of waterfowl hunting in New Jersey. This year is no exception! Thirty years ago, the clinic began as an opportunity to introduce young people to the world of waterfowl hunting. However, with the growing interest among men and women, as well as children, the event has been transformed into an opportunity for anyone 10 and up to spend a fun and interesting day learning about waterfowling!

Our full-day clinic covers waterfowling from A to Z, and includes bird identification, decoys, calling, guns and ammo, boats, safety, laws and ethics, do’s and don’ts, clothing and camo, and even a demonstration by working retrievers! The value of the day is priceless. It’s a unique chance to ask any question you’ve ever had about the sport—to be answered by the most experienced waterfowlers in New Jersey. Our instructors have a combined 300 years of experience!

Free breakfast and lunch to all attending!

- **Date:** Sunday, Oct. 6, 2013
- **Location:** Tip Seaman Park, Tuckerton, NJ
- **Time:** 8 a.m.–3:30 p.m.

Please register in advance by calling Marty Kristiansen at (732) 977-5648 so we can plan accordingly.

We hope you’ll join us this year and share our enthusiasm for all that is waterfowling!

---

**Information For Migratory Bird Hunters**

**HIP Certification**

Hunters, including youths, must purchase a Harvest Information Program (HIP) certification before hunting ducks, geese, brant, woodcock, rails, snipe, coot or moorhens (gallinules) in New Jersey and must always hunt with proof in possession in the license holder. HIP certifications are valid from Sept. 1 to April 15 each year.

The U.S. Fish and Wildlife Service will use this confidential information only to conduct migratory bird harvest surveys. Only a small, random group will be surveyed. Hunters may purchase an HIP certification via three sales outlets:

1. **License Agents**
   - HIP certification may be purchased at any license agent for a $2 fee. Hunters will have their HIP certification printed on their license or as a separate document.

2. **Internet Sales Site**
   - Hunters may purchase an HIP certification for a $2 fee on Fish and Wildlife’s Internet sales site (www.NJ.WildlifeLicense.com) then self-print the HIP certifications.

3. **Telephone Sales Site**
   - Hunters may purchase their HIP certifications using Fish and Wildlife’s telephone sales process (888) 277-2015. Hunters will receive a transaction number; record this number for immediate proof of completing an HIP certification. The actual HIP certification will be mailed to the hunter. Note: purchases made via telephone will incur an additional shipping and handling fee of $5.13.

---

**HAVE YOU SEEN THIS CAT?**

New Jersey Division of Fish and Wildlife wants your help by reporting bobcat sightings so we can better understand the size, distribution and genetic structure of our bobcat population.

Contact Fish and Wildlife if you have observed a bobcat.

- **Live sightings**—Complete a brief sighting report form: [www.NJFishandWildlife.com/ensp/pdf/rptform.pdf](http://www.NJFishandWildlife.com/ensp/pdf/rptform.pdf). Also, send us your trailcam photos! Data from south Jersey is of particular interest.

- **Dead on the road**—call us at (908) 638-4127. We will record the location and retrieve the carcass for genetic sampling.

- **Accidentally trapped**—call our Trapper Response Team at (908) 763-5994 so that we can first obtain genetic samples then release the cat safely.

---

August 2013 For more information contact New Jersey Division of Fish and Wildlife at (609)292-2965
Wildlife Management Area

**Regulations in red are new this year.**

**Purple text indicates an important note**

---

**THE FOLLOWING ARE PROHIBITED:** alcoholic beverages, camping, cutting or damaging vegetation, removing timber or firewood, dumping, fires, swimming and picnicking.

Regulations for use of wildlife management areas (WMAs) are established by the Division of Fish and Wildlife with penalties of not less than $50 nor more than $1,500. A second violation of any WMA regulation will result in a five-year loss of all sporting licenses and privileges.

Information on these regulations and permit applications may be obtained by writing to New Jersey Division of Fish and Wildlife, MC 501-03, P.O. Box 420, Trenton, NJ 08625-0420, or NJFishandWildlife.com/wmaregs.htm.

Fish and Wildlife may revoke any permit (or other authorization) for violation or due cause.

---

**WMA Update**

Cox Hall Creek WMA is closed to hunting with the following exceptions: The eastern-most wooded portion of the WMA bounded by Bayshore Rd. to the east and the red trail to the west is open for hunting during winter bow season ONLY. All tidal marsh and the upland portion of the tract lying east of Cox Hall Creek are open for hunting during all seasons. A map illustrating these restrictions can be found at http://www.nj.gov/dep/fgw/pdf/wmamaps/cox_hall_creek.pdf.

**Boat Ramp Maintenance Permit**

Any vehicle used to transport or launch a vessel or water conveyance on the following WMAs must have affixed to the lower corner of the driver’s side rear window a boat ramp maintenance permit, or a photocopy of a valid hunting, fishing or trapping license. Be sure your Conservation ID number is clearly displayed; all other personal information may be blacked out for reasons of privacy. The boat ramp maintenance permit fee is $15, available from a license agent or at Fish and Wildlife’s Internet sales site, NJFishandWildlife.com/wmaregs.htm.

Persons 70 years and older are not required to obtain a boat ramp maintenance permit and need no license, but must affix to their window proof of age, such as a former license displaying your date of birth.

1. Round Valley Angler Access
2. Assunpink
3. Dennis Creek

**Dog Training, Exercising and Hunting**

A person may exercise or train dogs only in designated dog training areas from May 1 to Aug. 31, inclusive and only on the following select WMAs:

1. Assunpink
2. Black River
3. Clinton
4. Colliers Mills
5. Glassboro

All dogs must be properly licensed. Dogs may be exercised or trained on any WMA from Sept. 1 to April 30. No exercising or training of dogs on any WMA on Nov. 8, 2013, the Friday before the opening day of the regular small game season for pheasants.

Additional regulations involve the release of game birds for training, the use of firearms allowed. See page 75 for a list of ranges and requirements.

**Field Trials**

A permit to conduct a field trial on a wildlife management area may be obtained by contacting Fish and Wildlife at (609) 259-2132.

**Higbee Beach**

Higbee Beach WMA is closed to hunting from Sept. 1 to Dec. 15, 2013.

**Horseshoe Riding**

Horseshoe riding is allowed on designated WMAs only by permit from the Division of Fish and Wildlife. Apply online at www.NJWildlifeLicense.com. Horseshoe riding permits should be displayed on outer clothing while riding. For more information on horseshoe riding permits, call (609) 259-2132.

**Hunting Regulations**

The restriction prohibiting firearm hunting on wildlife management areas on the day prior to the opening of the regular small game season for pheasants and quail is rescinded. Pheasants are stocked after dark, precluding interaction between Fish and Wildlife personnel and hunters or the chance of prematurely harvesting a pheasant before the season opens.

The quail season is closed statewide with the exception of the Peaslee and Greenwood WMAs. See Pheasants, page 64.

It is legal to use a .22 caliber rifle and .22 caliber rimfire short cartridges for hunting raccoon and opossum and for dispatching trapped animals other than muskrat on WMAs.

For coyote and fox hunting: the use of .17 and .22 caliber rimfire or .17 through .25 caliber centerfire rifle ammo is allowed on WMAs. See Coyote/Fox ammo chart on page 62 for additional restrictions.

The use of air guns to hunt rabbit and squirrel is allowed on WMAs. See Air Guns page 26, and Squirrel, Regular Season on page 64.

Rifles, including muzzleloading rifles, may not be used to hunt woodchucks on WMAs.

**Motor Vehicles and Other Forms of Conveyance**

No person shall operate an unregistered vehicle on any state WMA. All motor vehicles are restricted to established public roads and parking areas. All motor boats must be properly registered and have all the required safety equipment. (See Outboard Motors, below.)

The use of dog sleds and dog carts, off-road vehicles, ATVs, trailbikes, or snowmobiles is prohibited on all WMAs unless authorized by Fish and Wildlife.

**Outboard Motors**

Only electric motors are allowed on freshwater lakes and ponds owned by NJ Division of Fish and Wildlife areas with the exception of Union Lake where an outboard motor, not exceeding 9.9 hp, may be used. On Prospertown Lake, only manually operated boats and canoes are allowed.

All tilled boats must also be registered. Any boat mechanically propelled, regardless of length, must be registered. All boats greater than 12 feet, regardless of propulsion means, must be titled and registered.

**Restricted Hours**

Wildlife management areas are closed from 9 p.m. until 5 a.m. unless engaged in lawful hunting, fishing or trapping activities. Special permission may be granted for Fish and Wildlife-approved activities.

**Target Practice**

Only archery, shotgun, muzzleloading shotgun, muzzleloading rifle, .177 and .22 caliber rimfire rifle shooting is allowed in designated hunter training ranges according to regulations posted at the training area.

The following types of ranges are available on designated WMAs statewide:

- **Shotgun Range:** for use with clay birds and the patterning of fine shot;
- **Archery Range:** approved backstops at select ranges, no broadheads allowed;
- **Muzzleloading Rifle and Shotgun Slug Range:** for sighting in with shotgun slugs or buckshot, .177 or .22 caliber rimfire rifles and muzzleloaders; no other firearms allowed. See page 75 for a list of ranges and requirements.

**Waterfowl Blinds**

No permanent waterfowl blinds, including pit blinds, shall be constructed, hunted from or used in any manner on any of the following WMAs:

1. Assunpink
2. Black River
3. Clinton
4. Colliers Mills
5. Glassboro
6. Manahawkin
7. Stafford Forge
8. Millville
9. Whittingham
10. Salem River

Any blind used in these designated areas must be portable and shall be completely removed at the end of the day. Blinds remaining in WMAs will be subject to confiscation and properly disposed of by Fish and Wildlife.
Wildlife Management Area (WMA) Ranges

The following information pertains to New Jersey Division of Fish and Wildlife facilities. Information on privately operated facilities is available at “Where To Shoot,” a site maintained by the National Shooting Sports Foundation at www.wheretoshoot.org

- All WMA regulations apply.
-Ranges are open 8 a.m. to sunset.
-At least one member of the shooting party must have a current, valid New Jersey hunting license in possession.
- Shotgun range: fire shot only. No buckshot or rifled slugs.
- Archery range: target or practice tips only (NO broadheads.)
- Muzzleloading rifle range: muzzleloading firearms, shotguns with rifled slugs or buckshot and modern rimfire (both .177 and .22 caliber) rifles only.
- No handguns or centerfire rifles permitted.

NORTHERN REGION

Hunterdon County
Clinton WMA
Route 173W, Clinton
- Shotgun, Archery, Muzzleloader (100 yards)
- All target frames must measure a minimum 30 inches from its base to the bottom of the paper target held in the frame. Frames must be placed only on top of a target mound located at the 25, 50 and 100 yard lines. This minimum target height requirement will eliminate the risk of ricochet and ensure that all projectiles are collected in the berm behind the 100 yard target.
- Spinner type targets for .177 caliber and .22 caliber firearms MUST be placed directly at the base of the 25 yard berm so that all bullets are directed into the berm. These targets are not to be used at other yardage or target mound placements.

Morris County
Black River WMA
Route 513 (Dover-Chester Rd.), Chester
- Archery, open year-round.
- Shotgun: Closed weekends from the third Saturday in May through the Sunday of Labor Day weekend, as well as on Christmas and Easter. Operating hours are 9 a.m. to 7:30 p.m. during this summer period, and 9 a.m. to 5 p.m. for the rest of the year. Hunter education classes will continue at the range and are not affected by these new hours.

Sussex County
Flatbrook WMA
Route 615, Layton
- Shotgun, Archery, Muzzleloader (75 yards)

Warren County
Pequest WMA
Pequest Rd., Oxford
- Archery

CENTRAL REGION

Monmouth County
Assunpink WMA
Imlaystown-Hightstown Rd., Upper Freehold Twp.
- Archery
- Shotgun range is restricted to the use of non-toxic shot; no lead shot is allowed.

Turkey Swamp Park
Georga Rd., Freehold Twp.
- Archery
- Special regulations apply; call 732-842-4000.

Ocean County
Colliers Mills WMA
Off Colliers Mills and Hawkins Rds., Jackson Twp.
- Archery, Muzzleloader (100 yards)
- Shotgun range is closed.

Stafford Forge WMA
Off Route 539, south of Warren Grove, Little Egg Harbor Twp.
- Shotgun, Archery, Muzzleloader (100 yards)

SOUTHERN REGION

Atlantic County
Makepeace Lake WMA
Elmwood-Weymouth Rd., Weymouth
- Shotgun, Archery, Muzzleloader (50 yards)

Gloucester County
Winslow WMA
Piney Hollow Rd., Monroe Twp.
- Archery
- Shotgun and muzzleloader ranges are closed.

Cape May County
Tuckahoe WMA
Off Tuckahoe Rd. (Rt. 631), Tuckahoe
- Archery
- Shotgun range is closed.

Cumberland County
Millville WMA
Ackley Rd. (Rt. 718), Millville
- Shotgun, Archery, Muzzleloader (100 yards)

Garden State Deer Classic
January 9–12, 2014

At the Garden State Outdoor Sportsmen’s Show • Raritan Center, Edison, New Jersey
See New Jersey’s most outstanding white-tailed deer for 2012–13
Awards ceremony on Sunday at 2:30 p.m.
Applications must be received by Nov. 1, 2013 to enter a deer harvested during last year’s 2012–13 hunting seasons. No exceptions!
To arrange for an official measurer to score your New Jersey white-tail, contact Cindy Kuenstner at (609) 633-7598.
Deer will not be measured at the Deer Classic.
See entry details on page 77.
Brought to you by:
NJ Division of Fish and Wildlife
NJ Federation of Sportsmen’s Clubs
United Bowhunters of New Jersey
New Jersey Outdoor Alliance Conservation Foundation
Garden State Outdoor Sportsmen’s Show

During the off-season, set your trail camera strategically to capture wildlife activity other than deer.
This bobcat takes advantage of an old log across the Pequest River, a crossing also used by coyotes and numerous other species for decades.

Landowner-Hunter/Trapper Agreement Card

I agree to conduct myself safely, responsibly and lawfully, respecting the landowner, property, and others using it. I accept the responsibilities which are part of the activities which I pursue. I agree to comply with the instructions of the landowner while on this property.

I understand that the laws of New Jersey absolve the landowner from liability for non-paying recreationists engaged in hunting, fishing, trapping, boating, hiking, and certain other activities, except in the case of willful or malicious failure to guard or warn of hazards.

NEW JERSEY’S OUTSTANDING Deer Program, initiated in 1964, includes categories for typical and non-typical antlered deer taken with bow, crossbow, shotgun and muzzleloading rifle, in addition to the weight categories listed below. A velvet category is added for early bow season deer.

In the Antlered Division, New Jersey’s Outstanding Deer Program uses the most common system in North America used for rating antlers as developed by the Boone and Crockett Club. This scoring system gives credit to antler length, spread, number of points, massiveness and symmetry. This measurement system also is used by the Pope & Young Club’s Bowhunting Big Game Records Program. Deer must have been taken under the Boone and Crockett-defined rules of fair chase. Deer taken from enclosed hunting lands are not eligible. Note: It is best to have the rack measured before it is mounted. Don’t wait!

In the Weight Division, the program recognizes exceptional body size as determined by the field dressed weight, including heart and liver removed. Two categories, one for bucks reaching or exceeding 200 pounds (proof of weight must be confirmed on a certified scale* for buck entries—no truck taken from enclosed hunting lands are not eligible.

Any properly licensed hunter, regardless of residency, is eligible to enter the Outstanding Deer Program. Deer must be taken in accordance with New Jersey wildlife laws and regulations. Applications are due Nov. 1—NO EXCEPTIONS. Additional rules are included on the official application form which consists of the original score sheet, hunter information form plus a clear photo of the hunter with the deer. These forms with instructions are available on Fish and Wildlife’s website NJFishandWildlife.com/outdeer.htm or send a self-addressed, stamped envelope to: NJ Division of Fish and Wildlife, Outstanding Deer Program, MC 501-03, P.O. Box 420, Trenton, NJ 08625-0420. State the type of form (Antlered Division, typical or non-typical; Weight Division, 200 Pound Buck or 135 Pound Doe). There is no entry fee.

All qualified entries will be added to New Jersey’s All Time List. For questions, call Cindy Kuenstner at (609) 633-7598. Qualifying entries for deer taken during the previous hunting seasons are displayed and recognized at the annual Garden State Deer Classic. Join Fish and Wildlife in celebrating New Jersey’s outstanding white-tailed deer at the Deer Classic in January at the Garden State Outdoor Sportsmen’s Show. See the ad on page 76 for details.

The table above lists the top-scoring deer and the hunters who participated in the 2013 Garden State Deer Classic. The Classic showcased the outstanding deer taken during the 2011–12 deer hunting seasons, not the past 2012–13 hunting seasons. Those deer will be honored at the January 2014 Deer Classic. * For deer harvested during the 2011–12 hunting seasons.

* See entry form. A certified scale might be available at the following businesses:
  — Warehouse with shipping department
  — Concrete, sand and gravel company
  — Junk yard or scrap metal recycler
  — Marina with party and charter boat fishing

Visit our website for a partial list of certified scales or contact your county weights and measures office. Be sure to locate a scale before the hunting season begins! ** A truck scale is not acceptable as the increments are too large.
**What Is CWD?**
- Belongs to a family of neurological diseases called *transmissible spongiform encephalopathies* which include scrapie in sheep, mad cow disease in cattle and Creutzfeldt–Jakob disease in humans. *There is no evidence that CWD is transmissible to humans; however the CDC advises against consuming any animal that appears ill.*
- All members of the *Cervid* family (white-tailed deer, black-tailed deer, mule deer, elk, moose) are known to be susceptible.
- Caused by a misfolded protein called a prion which could be found in all deer bodily fluids.
- There is no cure. CWD is always fatal and there is no live test for deer.

**Where Is CWD Found?**
- First discovered in captive mule deer in Colorado, in 1967.
- Now in captive or wild deer in 24 states and Canadian provinces.

**How New Jersey Is Responding**
- Tested for CWD in symptomatic captive cervids and wild deer, and hunter-harvested wild deer since 1997. To date over 5,100 wild deer have been tested with no CWD-positive results.
- Banned the importation of cervids, recently expanded to include reindeer.
- Issued an advisory for New Jersey hunters bringing home venison from CWD-endemic states making it illegal to import into New Jersey a harvested deer carcass or deer parts from any state with CWD in wild deer unless strictly following that state’s CWD protocol.
- Improved captive cervid regulations, including a proposed Herd Certification Program.
- Created the CWD Response Plan with protocols for detection of CWD to be activated when CWD is within 20 miles of the New Jersey border and within the state wild deer and captive cervids.

New Jersey Hunting & Trapping Digest | 79
Waterfowl hunting in New Jersey is a diverse recreational activity. Garden State waterfowlers can pursue 28 species of ducks and five species of geese in a variety of habitats from small beaver ponds to the Atlantic Ocean. The New Jersey Division of Fish and Wildlife sets duck seasons within federal guidelines. The current, 60-day duck season structure in Atlantic Flyway states including New Jersey must occur between the last Saturday in September and the last Sunday in January with no more than two season splits within each zone.

Selecting hunting season dates for migratory game birds is a balance between science and social factors. The challenge for state wildlife agencies is to develop migratory game bird season dates that conform to federal frameworks yet account for migration patterns, average weather conditions, hunting traditions and the preferences of their hunters. Because of the diversity of habitats waterfowlers hunt, time spent pursuing additional quarry (e.g.: deer, striped bass), competition with work schedules and other conflicts, it is not surprising that many hunters have different opinions on waterfowl season date selections.

Nearly half (48 percent) of duck hunters only hunted in one zone while 8 percent of respondents hunted ducks in all three zones (Figure 1). The most common zone crossover occurred between the South and Coastal Zones.

Hunters were also asked in which zone they hunted ducks most frequently; we used this response as a cross-reference when analyzing season framework preferences within each zone.

Hunters ranked how important eight particular elements were to them in the annual consideration of waterfowl seasons. Hunters ranked the desire to maximize the number of Saturdays within the season, as well as to have opening days and closing days occur on Saturdays as high importance. Conversely, there was little support to have opening days occur on weekdays. Hunters indicated that it was very important that duck seasons be open to include Thanksgiving as well as the Christmas to New Year holiday period. Waterfowl hunters did not rank potential conflicts with other hunting seasons (e.g. deer) as being important. Hunters indicated that overlapping duck seasons with Canada goose seasons as somewhat important, even if it meant fewer goose hunting days in January.

For each of the three waterfowl zones (North, South, Coastal), hunters were presented with three choices for a duck season structure and asked to identify which season structure they preferred. The choices within each zone were the season structures that have been most frequently suggested by various waterfowl hunting organizations over the past several years. In all zones, one choice was to maintain the recent season structure which was described for each zone. For each zone, we analyzed results separately for all respondents as well as for hunters who indicated that they hunted in that particular zone most frequently.
In this article, we present hunter preference results from individuals who indicated that they hunted most in that particular zone. For example, results from the Coastal Zone are from individuals who hunted ducks most frequently in that zone. It is appropriate to examine respondents from individuals who hunt most often in a particular zone for three reasons:

1. Survey results indicate that nearly half of duck hunters only hunt in one zone.
2. These hunters have the most experience with duck abundance and traditions in that particular zone.
3. These hunters have the most at stake concerning season preferences in that particular zone.

In the Coastal Zone, the majority of hunters (by a 5:4 margin) preferred the option to hunt later into January over options to have traditional or more hunting days during the first season split in November (Figure 2). Similarly, the option to hunt later into January by taking days from the first split was preferred by the most (44 percent) South Zone hunters (Figure 3). The two other options received less support as a first preference in the South Zone.

North Zone duck season preferences were the least clear. Thirty-eight percent of respondents who duck hunted primarily in the North Zone preferred an option to hunt later in the season by cutting the first split in October. However, about half of hunters were nearly equally split between retaining two Saturdays in the first split and an option to make the first split even longer. As such, North Zone duck hunters seemed to prefer to retain at least two Saturdays in the first split when compared to moving hunting days from October into January by about a 5:4 ratio (Figure 4). The ambiguity in North Zone season preferences is likely partially attributable to the recent, frequent changes to the North Zone season structure. The North Zone season structure was changed in three of the last four years.

Although Fish and Wildlife and the Fish and Game Council receive input from hunters on duck season dates throughout the year, it cannot be certain that these comments are representative of the majority of duck hunters. Statistically designed surveys are important for obtaining unbiased data regarding the preferences of user groups. The survey results weighed heavily in 2013–14 duck season date selections and will be considered in future years. Although some hunters may not be satisfied with 2013 season dates, it is reasonable to keep the season date structure similar for several years before considering season structure changes. Repeating a hunter opinion survey at periodic intervals (e.g. every three to five years) is also prudent.

Full reports on the 2012–13 Duck Hunter Survey and an additional report, Patterns of Duck Hunting Activity and Success in New Jersey 1999–2011, can be found on the Waterfowl and Migratory Birds in New Jersey page of Fish and Wildlife website.
WhahahaAAAAAAAAA!
Whhaaaaaa!!

The dying rabbit call echoed eerily off the nearby hills as I intently scanned the thick brush around me, straining to hear or see the telltale signs of a hungry coyote closing in on me. There is nothing quite like playing the role of the prey to the hunter for quickening one’s pulse and sharpening one’s senses. I continued calling for over 30 minutes with no tangible sign that anything besides the farm-dogs along the ridge heard my calls.

And then, something happened. What it was, I’ll never know. I heard nothing. I saw nothing. And, yet I sensed that something was there. Slowly, but not slowly enough, I turned to my right and suddenly, not 20 yards behind me, the snow exploded! All I saw was the tail of a huge coyote disappear into the nearby swale. My Remington 1187 came up and tracked the movement, but it was far too late. I didn’t even get the safety off. I had been hunted and I had been had. Chalk another one up for the elusive Eastern Coyote.
The Eastern Coyote has increased their populations in recent years in all of the eastern states. They provide challenging hunting opportunities as anyone who has hunted them will attest. Sneaky, cunning and suspicious, these predators are extremely difficult to bring in to shotgun range. Their noses are second to none as are their eyes and ears. One of the best ways to fool these wily woods dogs is to increase the range from hunter to animal. New Jersey’s regulatory change to allow select rifles for use on coyotes will allow the Garden State hunter enhanced opportunities to harvest these predators by increasing the hunter’s effective range.

Certain types of rifles are now legal to use for coyotes during daylight hours from one-half hour before sunrise to one-half hour after sunset during the Special Coyote/Fox Season. These include all .22 caliber rimfire rifles loaded with a maximum bullet weight of 50 grains and all center-fire rifles not to exceed .25 caliber and with a maximum bullet weight of 80 grains. All rim-fire and center-fire rifle ammunition must be loaded with either soft point or hollow point bullets. Fully jacketed bullets are prohibited.

New ammo regulations affecting special permit coyote and fox hunters expand the choices for daytime hunting (see chart on page 62) to include shotguns with shot not smaller than BB or larger than #4 Buck. Pellets must be lead or a tungsten-nickel-iron hybrid.

For the ultimate coyote hunting experience, muzzleloading rifles of .44 caliber or larger are also permitted.

As with any firearm, hunters must remember to insure the correct identification of their target before shooting and that the background beyond their target is safe. It is also important that hunters using scoped rifles remain tuned-in to their peripheral vision, always duly aware of nearby people or structures which might require passing on the shot.

Hunters participating in the Special Coyote/Fox Season who wish to use an enumerated rifle must possess:
- A valid 2014 Coyote/Fox Permit.
- A valid 2014 Hunting or All Around Sportsman’s License.
- A valid Rifle Permit.
- A predator calling device.

Note: The use of bait is prohibited. For details on the new ammunition legal for harvesting coyote, see Coyote/Fox Season, page 62. Additionally, rifles — while not needing to be plugged — must be loaded with no more than three cartridges. All harvested coyotes must be reported to any of the regional Fish and Wildlife law enforcement offices within 24 hours of the kill. Hunters should leave their name, CID# and daytime phone number.
With new regulations this year expanding coyote and fox hunting opportunities (see page 62), hunters should spend some time at the range to learn what rounds will shoot well from their firearm and what will be effective for taking coyote or fox.

Now legal during the daytime hunting hours of the Special Permit Coyote and Fox Season, modern rifle ammo allowed falls between .17 caliber rimfire up to a maximum of .22 caliber rimfire loaded with soft-point or hollow-point bullets with a maximum weight of 50 grains. Centerfire rifles shall be a maximum .25 caliber loaded with soft-point or hollow-point bullets with a maximum weight of 80 grains.

The goal is to use a safe round that will shoot fast, flat and accurately plus will disintegrate on contact with anything leaving all of its energy within the quarry. Hunters will want to research online about rifle rounds for coyote and fox or talk with knowledgeable sporting goods store staff and experienced fellow hunters. Match the round with your target species to ensure you are using an effective harvest tool.

It’s critical to practice shooting outdoors under field conditions that will simulate hunting. Small, light loads must contend with interference from wind not present at an indoor range.

Also new this year, shotgunners hunting daytime hours during this Special Permit Coyote and Fox Season may now hunt only with shot sizes not smaller than BB nor larger than #4 Buck. Pellets must be lead or a tungsten-nickel-iron hybrid. As in past years, shells for night hunting of coyote or fox during this season must contain pellets not smaller than #4 fine shot or not larger than size T. Pattern your shells at the range and select the load that performs best from your firearm.
FANTASTIC TROUT FISHING opportunities await anglers at dozens of fall and winter trout-stocked streams and lakes in New Jersey. These waters will be stocked with brook, brown and rainbow trout averaging 14 to 16 inches, and weighing 3 to 5 pounds.

Fish and Wildlife stocks approximately 20,000 large trout during the two-week fall stocking period, and about 1,000 of these are exceptionally large rainbow trout broodstock measuring 18–20 inches. About 5,000 trout are stocked for winter trout fishing just days before the Thanksgiving holiday.

Anglers are reminded that all streams and lakes are open to fishing on the day of stocking in the fall and winter.

All stocking dates are announced on the:
• Trout Hotline (609) 633-6765
• Fish and Wildlife’s website at: NJFishandWildlife.com/trtinfo.htm.

Directions to public access locations for trout-stocked waters are also available on our website.

Fall Trout-Stocked Rivers and Lakes
Fall stocking will occur in the weeks beginning Oct. 7 and Oct. 14, 2013. When available, the stocking schedule and locations will be posted on Fish and Wildlife’s website and the Trout Stocking Hotline.

Winter Trout-Stocked Lakes
Stocking dates are Nov. 25–27, 2013. When available, the stocking schedule and locations will be posted on Fish and Wildlife’s website and the Trout Stocking Hotline.

Continue the Tradition
Become an instructor with Fish and Wildlife’s Hunter Education Program.

Our Hunter Education Unit is looking for New Jersey’s best sportmen and sportswomen to become instructors at locations where students take the test and field course after first having completed the home study portion. A minimum of six weekend days each year are required.

Call (856) 629-0552

### Targeteers

NORTH JERSEY’S PREMIER ARCHERY PRO-SHOP

Custom Equipment
Indoor Range • Sales & Service
Adult Leagues • Kids Leagues
Lessons • Parties • Licenses

Targeteers is a family owned and operated business which was established in 1957. We take great pride in our work and in our store. We work to keep a clean and neat showroom with 100% of bows and an expansive selection of accessories. Targeteers Sporting Goods has grown into one of the most respectable Archery Pro Shops in the North East Region. We are dedicated to provide all of our customers with courteous service.

(201) 843-7788 • www.TargeteersArchery.com • 101 Route 46 West, Saddle Brook, NJ
NEW JERSEY HAS more than 750,000 acres of public land available to the deer hunter. This list is arranged by deer management zone for public land open to deer hunting. Generally, only areas with 100 acres or more of upland habitat are listed. Special Areas allow deer hunting only during certain seasons, require an access fee or have other special regulations. For the Digest section Special Areas Hunting Season Information page 50 or contact the appropriate authority for details. See page 89 for hunting opportunities on national wildlife refuges in New Jersey.

Remember: Hunters must have permission to hunt agricultural land even if the land is not posted. Hunters should obtain permission before hunting any private property. Hunters are advised not to purchase a deer permit for a zone in which they have no place to hunt.

Updates since last year are noted below in red.

SAFETY ZONE Awareness: Protecting Your Hunting Privilege

NEW JERSEY HUNTERS enjoy many types of hunting, numerous days afield and generous bag limits. But development and other human encroachment on the forests and fields of the Garden State has changed both wildlife habitat and land suitable for hunting, such that SAFETY ZONE awareness is even more critical for hunters.

What is a SAFETY ZONE?

- The firearm SAFETY ZONE is the area within 450 feet of a building or school playground, even if not occupied. For bowhunters, the SAFETY ZONE around buildings is 150 feet but remains 450 feet from a school playground. See Safety Zone, page 27.
- The SAFETY ZONE is the place where you, the hunter, cannot carry a loaded firearm or nocked arrow unless you have written permission in hand.
- The SAFETY ZONE was established by legislation in 1946 as an area to place some physical distance, a buffer, between hunters and homeowners.
- The SAFETY ZONE could be land where there is suitable wildlife habitat for adaptable species, like the white-tailed deer, cottontail rabbit and Canada goose.
- The SAFETY ZONE is not a magic shield and cannot stop a misdirected projectile from entering the area around a home.

What can you do to heighten your SAFETY ZONE awareness?

1. Post SAFETY ZONE signs.
2. Talk with landowners.
3. Scout hunting property annually to be aware of new construction or other changes.
4. Hunt SMART and remind your hunting partners to Hunt SMART.
5. Know the law. Know the land. Remember, failure to hunt safely and responsibly is inexcusable. Always be a responsible hunter. Always be aware of your surroundings, the target and what may lie beyond the target. The principles of good conduct learned at your hunter education course are called into practice every time you hunt.

Take special care hunting on “high visibility” property, habitat where our adaptable wildlife species—especially white-tailed deer—are flourishing. Here, hunter conduct will be watched closely; the image we portray can have a great impact on the tolerance for our sport. Hunting these Special Areas carries added responsibility for you, as a hunter, to exercise restraint and make superior judgment decisions.

Hunting Opportunities On New Jersey’s National Wildlife Refuges

2013–14 Hunting Seasons

Hunting on national wildlife refuges is not permitted unless specifically opened as listed below. No Sunday hunting on national wildlife refuges.

Information can be obtained at the refuge, at dispensers, at the headquarters, on the refuge website, or through the mail.

Cape May NWR
24 Kimbles Beach Rd., Cape May Court House, NJ 08210 (609) 463-0994; fws.gov/northeast/capemay
- Deer—Special Areas Hunting Season Information; see page 50.
- Migratory game birds except crow—on refuge lands north of Rt. 550 or west of Rt. 47.
- Turkey, rabbit and squirrel hunting in select areas only.

Supawna Meadows NWR
C/o Cape May NWR, 24 Kimbles Beach Rd., Cape May Court House, NJ 08210, (609) 463-0994; fws.gov/northeast/nj/spm.htm
- Deer—Bowhunting only. Special Areas Hunting Season Information; see page 50.
- Waterfowl

Great Swamp NWR
241 Pleasant Plains Rd., Basking Ridge, NJ 07920-9615 (973) 425-1222 ext. 158; fws.gov/northeast/greatswamp
- Deer—Special Areas Hunting Season Information; see page 50.

Wallkill River NWR
1547 County Rt. 565, Sussex, NJ 07461-4013; (973) 702-7266; wallkillriver.fws.gov
- Deer—Special Areas Hunting Season Information; see page 50.
- Migratory Birds except crow
- Spring and Fall Turkey (Zone 5)
- September Canada Goose

Note: the refuge is closed to bear hunting in 2013.

In addition to required state licenses and permits, hunters must obtain a refuge permit for $26 ($13 for holders of a Senior Golden Age or Golden Access Passport and youths with a valid 2013 New Jersey youth hunting license).

**Game Creek**
Just imagine...
Your own private hunting ground, managed exclusively for wildlife. Teeming with the likes of Ringneck Pheasant, Bobwhite Quail, and Chukar Partridge. A spacious clubhouse with a crackling fire and plenty of hot coffee. An eager birddog (if you don’t own one) and a friendly staff awaiting your arrival. Come to where hunters’ dreams come true.
