Pursuant to N.J.S.A 13:1D-157 and in accordance with New Jersey Department of Environmental Protection Administrative Order 2021-25, Saint Peter’s University Hospital ("Saint Peter’s") will hold a public hearing for the purpose of receiving oral and/or written comments on its Title V Air Permit Renewal, permit number BOP190002 for the hospital, located at 254 Easton Avenue, New Brunswick, New Jersey, Public Interest Number 17913. This session will focus on the existing facility and its Title V permit renewal.

The virtual hearing will be held on April 10, 2023 from 6:00 PM to 8:00 PM EST. The link to participate in the virtual public hearing is available by contacting Melinda Robinson during normal business hours at 732-745-8600, ext. 5868 or by email at mrobinson@saintpetersuh.com.

The requested renewal to the Title V Air Permit would allow Saint Peter’s to continue to operate its hospital facility located in Middlesex County, New Jersey. The Title V Operating Permit was initially issued on February 27, 2001, and has been continuously renewed as required since that time. The Title V Permit regulates the emission units in connection with natural gas boilers and emergency generators for backup power. Insignificant sources are also regulated such as (2) cooling towers and (2) 12,000 gallon fuel oil above ground storage tanks as a fuel source for the generators. Upon final approval, the permit will be renewed for an additional 5 years.

Saint Peter’s will receive and consider written comments for 60 days. The written comment period will start on April 11, 2023 and will end at 5:00 p.m. on June 12, 2023. Comments should be submitted via email to mrobinson@saintpetersuh.com or via the United States Postal Service to: Saint Peter’s University Hospital, 254 Easton Avenue, New Brunswick, NJ 08901, ATTN: Melinda Robinson, Facility Manager.
