Stalking Turkeys is Illegal

Use of a hand-held decoy or a turkey tail-on-a-stick as camouflage to sneak up on a turkey, including practices known as fanning and reaping, is prohibited. In New Jersey, stalking of wild turkeys is illegal, both for personal safety and ethical reasons.

Youth Turkey Hunt Day

**April 22, 2023**

(See page 20 for information)

Turkey Hunting Seminars

The latest turkey hunting techniques are presented at several turkey hunting seminars sponsored by Fish and Wildlife or wildlife conservation organizations. These seminars focus on how to set up, calling techniques and key safety information for turkey hunters. New turkey hunters are especially encouraged to join us at a seminar. Check our website for seminars scheduled during March or April.
Turkey Hunting Seasons 2022–23

* Additional Turkey Hunting Regulations for both Fall and Spring Seasons:
- Artificial decoys may be used; electronically-operated decoys are prohibited.
- Stalking a turkey is not legal.
- The use of a hand-held decoy or tail as camouflage to sneak up on a turkey (fanning/reaping) is prohibited.
- The maximum group size while turkey hunting is five hunters.
- While turkey hunting, a weapon may not be in possession within 300 feet of a baited area.
- You may hunt turkey from a blind or tree stand.
- Turkey hunters may harvest coyotes incidentally prior to harvesting their daily bag limit of turkey. Report coyote harvest by phone (1-855-448-6865) or online at www.NJ.WildlifeLicense.com

Turkey Permits
A valid NJ hunting license and turkey permit is required to hunt turkey. Both are available online at NJFishandWildlife.com/licensesales.htm or at license agents. (Use this license agent locator at NJFishandWildlife.com/dfwlicenseagents.) Turkey permits are specific to the season (fall or spring), hunting area and period Turkey Hunting Area (THA). See the turkey regulation chart above for season and timeframes.

Fall 2022 Turkey Permits
Fall turkey permits are available on a first-come, first-serve basis beginning at 10 a.m. on Monday, September 12, 2022. There is no lottery for fall turkey permits. Permits for specific areas (THAs) are available until the permit quota is reached or the season ends.

Spring 2023 Turkey Permits
Spring turkey permits are initially allocated by two separate lotteries, Lottery 1 and Lottery 2. Hunters who apply for permits in a lottery have a much greater chance of receiving their desired area and period choices than hunters who wait for over-the-counter sales of leftover permits. A non-refundable $2 application fee is charged for each lottery application. The following are the important deadlines and dates for the Spring Turkey Lottery, Award Pickup, and Over the Counter Sales of Leftover and unclaimed licenses.
- Application Period: January 25 – February 22.
- Award notifications: Begin when the lottery is held, on or before February 27.
- Permit pickup: begins February 27. All permits awarded in the lottery must be claimed by 11:59 p.m. on March 22. Unclaimed awarded permits will be redistributed during over-the-counter sales. Application fee(s) will not be refunded for unclaimed permits.
- Over-the-counter sale of leftover permits: 10 a.m. Monday, March 27 until permits sell out or the season ends, whichever occurs first.

Application Process
Apply at a license agent or online. Have your Conservation ID number (CID) available. Hunters may file only one application which allows for up to two permits, one from each part of the spring turkey lottery. Hunters have the option to enter up to three choices for each part, Lottery 1 and Lottery 2. If you will accept a permit only for one particular hunting area and period, then complete only a first-choice selection. Entering a second or third choice is optional and may be left blank.

Carefully consider your area/period requests for each lottery! If you request the same turkey hunting area and period in Lottery 1 and Lottery 2, you might receive two permits for the desired area and period combination. Any choice entered for Lottery 2 should be different than your choice(s) for Lottery 1 to prevent receiving two permits for the exact same area/hunting period. Permits will not be exchanged if you receive the permits requested on your application.
There is no requirement to select a second or third choice; these are optional. When an applicant’s first choice cannot be filled, the computer will check for the second choice listed. If this selection is also sold out, the computer will check for a third choice listed. Lottery 1 and Lottery 2 are completely random and each lottery awards only ONE permit — not three. Your chance of winning a permit in the lottery depends on the number of applicants and the permit quota (number available) which is displayed on our website.

Hunters who win a permit in both lotteries MUST claim BOTH awarded permits.

**Permit Application via the Internet—Before You Start, have ready your:**
- Conservation ID number (CID#) or Social Security Number and date of birth (DOB).
- Hunting area number with season time period.
- Payment as credit card or e-check with checkbook and bank routing number.

Enter information carefully. Each step allows for making corrections. Once a transaction is complete, there will be NO refunds or exchanges.

Permit applicants will have the opportunity to edit their application at any time during the permit application period. Remember, entering a second and third choice is NOT required; those may be left blank if a hunter will only accept a permit for one specific hunting area and period.

Applicants are responsible to make their application choices carefully. When the process is complete, print the confirmation page or note the transaction number for your records.

**Permit Application at License Agent Locations—Know Before You Go**
- Know your Conservation ID number (CID#) or Social Security Number and date of birth (DOB).
- Know your desired time period and hunting area. The store proprietor or clerk is not responsible to know the hunting area for your hunting property. Be sure to review the map and hunting area descriptions at home before you arrive at the license agent. See NJFishandWildlife.com/hunt for interactive hunting area maps.
- To speed your transaction, write down your information (CID, DOB, first, second and third choices) and hand it to the license agent.

**NOTE:** Agents are not able to print a receipt. It’s important to have the clerk orally verify your application choices and to provide your transaction number. Keep this transaction number; it can be helpful should a problem occur with your application.

- Types of payments accepted vary between license agents. Learn this in advance, then have the correct payment ready when you arrive.

**LOTTERY 1**
- Selects applicants from the spring season Lottery 1.
- All youth applicants aged 10 to 15 (16 for those still eligible to hunt using their Youth License) are guaranteed to receive their first-choice permit request in the first lottery for the spring Period Y season. Youth permits are not counted among the permit season quotas. Period Y Permits are also available during the over-the-counter sales period.
- Hunters possessing a Permit to Shoot from a Standing Vehicle are guaranteed one Lottery 1 permit for spring Turkey Season only. Any additional permit purchased is taken from the available permit quota and is not guaranteed.

**LOTTERY 2**
- Assigns unissued Lottery 1 permits (leftover) to applicants who applied for a permit in the Lottery 2.
- Youth permit requests for Lottery 2 are not guaranteed. A youth’s second permit (or more) is valid only for the one designated hunting period A, B, C, D or E.

**LOTTERY RESULTS**
Applicants will be notified of their results. Those who select email notification are reminded to set your junk/spam folder to accept this notification. IMPORTANT: the notification may fail to arrive due to email issues (email filters, data storage capacity) or postcard delivery delays. It is the customer’s responsibility to know the deadlines and check their profile or contact Fish and Wildlife if they are unsure of their award status.

**CLAIMING YOUR LOTTERY PERMIT**
Lottery permit winners may claim their permit(s) at any license agent or online. See the lottery permit claim dates callout box below, right for spring turkey permits. At the time of application, the hunter paid only the non-refundable $2 application fee; the balance of the actual permit fee must still be paid. Internet-claimed permits are subject to an additional convenience fee.

**PURCHASING UNCLAIMED LOTTERY OR NON-LOTTERY PERMITS**
Leftover (unclaimed) lottery permits and nonlottery permits are available at license agents and online. During every transaction there are several opportunities to review your information for accuracy. A complete review at each step will allow you to make corrections, if necessary. Note: Once a purchase transaction is complete there will be NO refunds or exchanges.

**IMPORTANT:** If a hunter is awarded permits from both Lottery 1 and Lottery 2, the hunter must claim (purchase) both permits, even if they are for the same area/hunting period. If both permits are not claimed, the hunter may only choose not to claim any awarded permit.

For information on permits for disabled veterans, see the callout box on page 14. For information on farmer turkey permits, see page 70.

---

**Spring Turkey Permits**
- Award notifications will begin when the lottery is held, and permit pickup begins February 27, 2023.
- Permits must be claimed by 11:59 pm on March 22, 2023. Unclaimed awarded permits will be redistributed in the over-the-counter sale.

**Over-the-counter sale of leftover permits:**
- 10 a.m. MONDAY, March 27, 2023 until permits sell out or the season ends, whichever occurs first.

**IMPORTANT:** Check your permit award status in your customer profile in the Electronic Licensing Systems; do not rely on e-mail or postcard notification. There is only a brief period to claim the awarded permit(s).

You MUST claim your permit BEFORE the claim period has ended! Unclaimed permits become available for over-the-counter sales. NO EXCEPTIONS!

REGULATIONS

Public Turkey Hunting Land in New Jersey

New Jersey has more than 750,000 acres of state land available to the turkey hunter. This list is arranged by turkey hunting area for public land open to turkey hunting.

Turkey Harvest Tag and Report Requirements

Mandatory Harvest Tagging and Reporting—(1-855-448-6865) or online at NJFishandWildlife.com/licensesalessite.htm

1. Hunters must tag their turkey immediately upon harvest and before moving the turkey. Fill out the Wild Turkey Transportation Card (part of your permit) except the Confirmation Number which will be assigned automatically when the turkey is reported. Attach the Wild Turkey Transportation Card to the turkey.

2. Record the turkey’s sex, age and take measurements of the beard and longer spur, if applicable. Measure before starting the harvest report process to have your answers ready. See sexing, aging and measuring wild turkeys at nj.gov/dep/fw/turkey_reporting.htm.

   » Use a ruler, tape measure or a dollar bill (which is 6 inches in length) to determine if the beard is less than, equal to or greater than 6 inches in length. Measure the beard from the skin at its base to the end of the longest filament.

   » Additionally, measure the longest spur to determine if the spur is less than, equal to or greater than 1/2 inch. Measure the spur from the very base where it meets the legs to the very tip.

3. Report your harvest via the Automated Harvest Reporting System (AHRS) (by phone or online as printed on every hunting license and permit.) Upon reporting, you will receive a Confirmation Number. Record the assigned Confirmation Number on your Turkey Harvest Report Card. Retain the Confirmation Number as long as the turkey or its parts are in possession. If you incorrectly report your harvest please call Fish and Wildlife at (908) 735-7288.

   If unable to access the Automated Harvest Reporting System by the designated time, the turkey shall be reported immediately by telephone to the nearest Fish and Wildlife Law Enforcement office listed on page 18. You must continue to call the AHRS until you receive a Confirmation Number for that turkey.

REGARDLESS of how many turkey permits are purchased, a hunter may only harvest ONE turkey per day.
