

Automotive Service Excellence (ASE) Certification Status Verification Process For New Jersey Emission Repair Technician (ERT) Certification

Providing your ASE certification status is a simple process using your personal myASE account page. By following this process, you will be giving ASE permission to e-mail your ASE certification status letter to the New Jersey Department of Environmental Protection (NJDEP) for the purpose of NJ ERT certification.

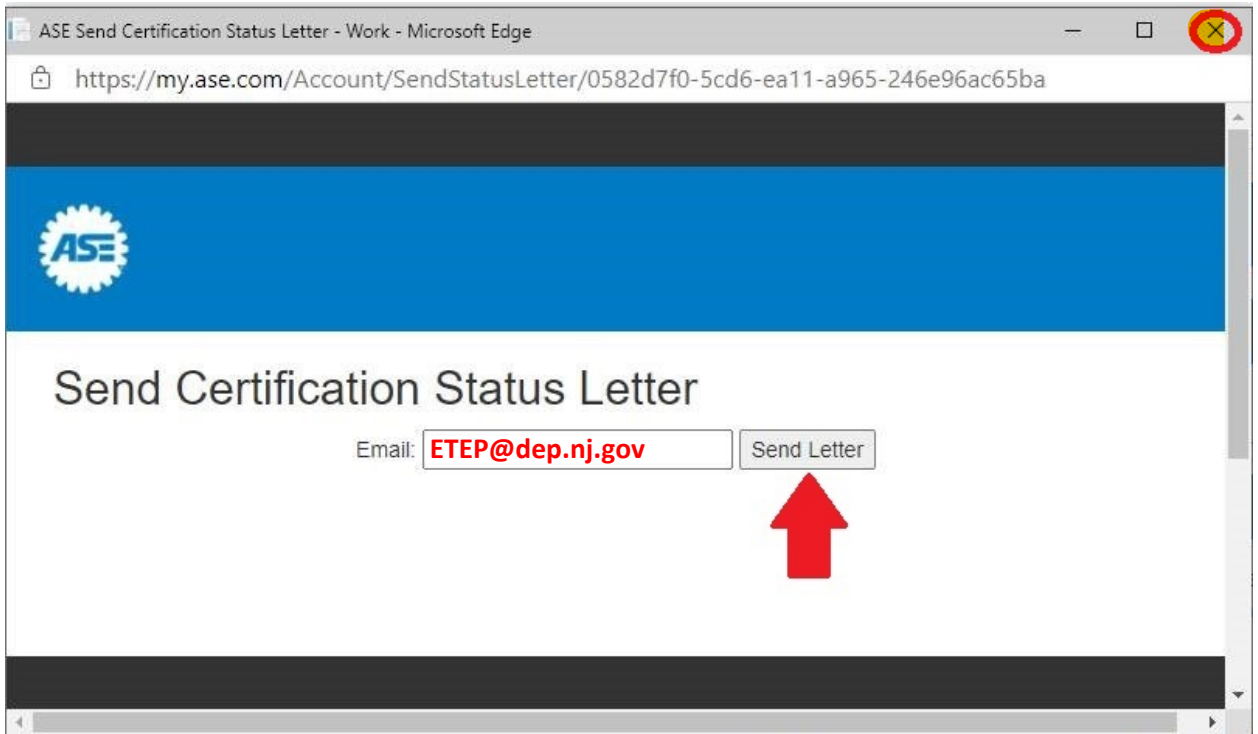

1. Visit www.ase.com and click the myASE Sign In button to log into your myASE account or to create a myASE account if you do not have one.

2. After you have logged into your account, click the Send Status Letter button located at the Certifications section under the Overview tab.

3. In the Send Certification Status Letter Email Box, type: ETEP@dep.nj.gov. Click the Send Letter button. Click the X in the top right corner of the Send Certification Status Letter box to close it.

4. The process is now complete!
5. Please email ETEP@dep.nj.gov or call the NJDEP's Bureau of Mobile Sources at 609-292-7953 if you have any questions.
